Synoptic Composition Adam J. Christian, 2023-09-01 The fascination with literary dependency in the most popular approaches to the synoptic problem has been built upon a faulty presupposition that oral tradition is incapable of producing the word for word verbal agreement found in the synoptic accounts Recent research in the area of oral tradition has shown that this is not the case but we still rely on increasingly complicated literary models to explain the relationships between the Synoptic Gospels This book engages in comparative analysis of Old Greek quotations found in more than one of the Synoptic Gospels along with the material that surrounds these quotations The resulting conclusions indicate that oral sources may better explain the similarities and differences found in the Synoptic Gospels and that we ought to reexamine our foundational presuppositions in order to craft a better model for understanding the origins of the Synoptic Gospels The hope is that the reader will join the author in seeking to better understand these books that include the climax of the greatest story of all time the true story of people marred by sin and their creator who seeks after them as he redeems all things to himself **A**

Philothologic Prayer a Hermeneutics of Healing is a call for renewal and reinvention Following a brief examination of the historical Jesus Yeshua using his actual Aramaic Hebrew name the book moves into a phenomenological study of the image idea and the place of both in our felt experiences Looking closer at what we think were the actual words of this wandering sage the picture we arrive at is one that will surprise possibly unsettle Moved out of our traditional comfort zones we find the need to question what we have been told were Yeshua s teachings compelling us to further rethink messages on the afterlife human finitude so called atonement theologies and above all the kingdom of God Whatever this vision was and might yet be it seems central to Yeshua s efforts and so we finally weigh these kingdom facets against a broader ideascap offering suggestions for how a Yeshuan kingdom project situated within the panoply of a widely comprehended Judaic way of being might yield fresh life to we who find worth in the utterances and what they point towards to we who wonder about a more human e world
