The British Experience of Warfare c 1790 1918 Government and Reform, 1815-1918 Robert D. Pearce, Roger Stearn, 1994 Providing an account of the development of democracy in Britain this book starts from the unreformed political system before 1832 to the Parliamentary Reform Acts passed between 1832 and 1918 with the extension of the franchise the secret ballot and the elimination of corrupt practices Other central themes are also examined the development of local government and its influence on national politics and the changing role of the monarchy and its reasons for survival *The British National Bibliography* Arthur James Wells, 2001 *Historical Abstracts* Eric H.
