# Good Care Painful Choices Medical Ethics For Ordinary People

**John F. Morris**

## **Good Care Painful Choices Medical Ethics For Ordinary People:**

*Good Care, Painful Choices* Richard J. Devine, 1996 The media abound with stories of medical ethics dilemmas test tube babies surrogate mothers problem pregnancies genetic engineering organ transplants AIDS living wills deathbed decisions and physician assisted suicide This book is truly a reader friendly text an introduction to these key medical moral issues written for ordinary people asking real life questions Students of all ages adult discussion groups pastoral ministers health care professionals and the general public will find Richard Devine to be a master teacher an accessible guide and mentor through the maze of today's medical ethics questions Medical legal socio cultural theological and ethical information is presented to assist adult learners in making good moral decisions Decidedly Christian with special emphasis on the Roman Catholic tradition this book is designed for Catholics for all Christians and for anyone interested in a careful overview of contemporary medical ethics

**Good Care, Painful Choice** Richard J. Devine, CM, 2004-09-01 *Good Care Painful Choices* surveys the ethical decisions that must be made by ordinary people who deal with medicine today ranging from beginning life issues such as test tube babies and surrogate motherhood to end of life issues such as advance directives patient refusal of treatment and physician assisted suicide This third edition gives special attention to partial birth abortion and to recent discoveries in genetics involving stem cells cloning and eugenics The strength of the book comes from its foundation in basic moral principles that stress personhood moral decision making and conscience Decidedly Christian the book gives special emphasis to the Roman Catholic tradition It will be welcomed by Catholics by Christians of all denominations and by anyone interested in a careful overview of contemporary medical ethics

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

*Good Care, Painful Choices (Third Edition)* Richard J. Devine, 2004 Reviews the issues involved in most of the principal medical ethical dilemmas that face our society from a multidisciplinary point of view Updated to reflect the many changes that have occurred in medical ethical issues

**Medicine, Health Care, & Ethics** John F. Morris, 2007-04 From its earliest beginnings the Catholic Church has cared for the sick and dying of the world as an extension of the healing ministry of Jesus As a natural consequence Catholics have regularly addressed moral issues relating to health care long before the term bioethics was coined Beginning with a deeply nuanced holistic understanding of the human person as their foundation Catholic scholars have developed a person centered ethic with which to approach ethical dilemmas that is understandable and defensible in the light of natural human reason yet which is compatible with the teachings and doctrine of the Church emphasizing the harmony of faith and reason within the Catholic moral tradition

*Medicine Health Care and Ethics* adds to this rich tradition with a collection of contemporary essays that represent the very best efforts of current Catholic scholarship in the field of health care and medical ethics The book begins with an introductory section that explains the basic foundations of the personalist approach to ethics and its development within Catholic thought The remaining parts of the book address timely topics such as artificial reproduction contraception abortion

euthanasia genetic engineering stem cell research cloning and health care reform Each author brings a fresh perspective and a wealth of knowledge on these issues that will benefit Catholics as well as non Catholics With general overviews for each section and topic specific bibliographies to guide further study this volume is designed to provide a greater understanding and deeper appreciation of the Catholic perspective on health care and medicine for both newcomers and seasoned students of bioethics alike In today s culture of pluralism and diversity the Catholic tradition has much wisdom to contribute to society s consideration of contemporary problems in medicine and health care This collection of essays is offered in the spirit of open and honest dialogue for all who are seeking to understand that tradition ABOUT THE EDITOR John F Morris associate professor of philosophy at Rockhurst University has published numerous articles on the subject of medical ethics In addition to Morris contributors to the volume are Benedict M Ashley O P Gregory R Beabout John Berkman Clarke E Cochran Catherine Green John F Kavanaugh S J William E May Kevin O Rourke O P Michael D Place Jeanne Schindler and Brendan Sweetman PRAISE FOR THE BOOK Morris intends his book to be used as a supplementary text for courses in bioethics and by members of hospital ethics committees A number of the volume s features recommend it for these audiences Each of the 5 parts of the book has an introduction that is informative lucid and relatively comprehensive These introductions offer an overview of the issue or issues addressed by the essays and briefly describe each presentation Unlike so many collections of multiauthored essays this volume s offerings are consistent in quality and are accessible to the readers for whom they are intended Finally each part of the book concludes with a short but helpful bibliography for further reading or research These qualities of the book recommend it not only for the audiences for which it is intended but also for all educated laypersons clergy and health care professionals who are interested in learning more about a Catholic approach to a variety of controversial issues in bioethics In all likelihood readers will also come away with some valuable insights and wisdom contained in the Catholic tradition and will acquire a better appreciation of the contribution of Catholic voices to debates in bioethics The excellent section introductions and the high quality of each of the essays make this volume a must for anyone wishing to better understand a traditional Catholic approach to bioethics Ronald P Hame

**Healthcare Politics and Policy in America: 2014** Kant Patel, Mark E Rushefsky, 2014-12-18 This book provides a comprehensive examination of the ways that health policy has been shaped by the political socioeconomic and ideological environment of the United States The roles played by public and private institutional and individual actors in designing the healthcare system are identified at all levels The book addresses the key problems of healthcare cost access and quality through analyses of Medicare Medicaid the Veterans Health Administration and other programs and the ethical and cost implications of advances in healthcare technology This fully updated fourth edition gives expanded attention to the fiscal and financial impact of high healthcare costs and the struggle for healthcare reform culminating in the passage of the Affordable Care Act with preliminary discussion of implementation issues associated with the Affordable Care Act as well as attempts to defund and repeal it Each

chapter concludes with discussion questions and a comprehensive reference list. Helpful appendices provide a guide to websites and a chronology. PowerPoint slides and other instructional materials are available to instructors who adopt the book.

*Health Care Politics and Policy in America* Kant Patel, 1995 Fully updated for this new edition *Health Care Politics and Policy in America* combines background and context for the evolution of U S health care policy with analysis of recent trends and current issues. The book introduces public policy students to the complex array of health care issues and health care professionals to the study of public policy. It provides comprehensive coverage of policy issues related to health care at the federal, state, and provider/patient levels from Medicare and Medicaid funding and managed care to medical liability law and ongoing debates over the beginning of life and end of life decisions. *Health Care Politics and Policy in America* successfully integrates political, ethical, economic, legal, technological, and medical factors in an issue-focused survey of U S health care policy. It includes a chronology of health care policy-related events and legislation from 1798 through 2005 and an appendix comparing medical malpractice tort laws state by state.

**Ethics in Health Care** Silvia Angelina Pera, Susara Van Tonder, 2005 Dealing primarily with nursing in South Africa and the particular challenges that the country's nurses encounter, this book looks at the ethical questions confronting nurses as well as the moral philosophy behind those considerations. Ubuntu, the African notion that everyone in a community is responsible for the welfare of its members, plays a large part in the moral deliberations of the book, as do problems particular to South Africa. This second edition is updated with new case studies on the AIDS pandemic as well as new ethical questions stemming from the legalization of abortion in South Africa and the rise in the power of health worker unions.

*Counseling Pregnancy, Politics, and Biomedicine* Patricia Elyse Terrell, 2013-04-15 Examine the impact and importance reproduction and genetics have on religious values. *Counseling Pregnancy, Politics, and Biomedicine: Empowering Discernment* explains the mystery of the God-human relationship so ministers, priests, and pastors can follow the ethics and mechanics of counseling human reproductive health and be informed on issues of religion, medical experimentation, and politics. The unique book is a teaching text and a desktop reference for clergypersons and pastoral care ministers, providing them with information on the sensitive and intimate topic of reproductive health from a Christian worldview so they can advise and empower congregation members to make thoughtful decisions about health care. *Counseling Pregnancy, Politics, and Biomedicine* examines four disciplines through a Christian point of view: 1. religion based on humanity created in the image of God; 2. different varieties of ethics; 3. systems of law and politics; and 4. philosophies on experimental medicines. Each topic is grounded with its religious background, providing a practical, easy-to-follow path for Christian thinkers. The book also addresses the concerns a religious person might have about health and ministry: what genetic therapy can accomplish, the alternatives to genetic therapy, and how theology, ethics, law, and medicine apply to the issues expectant mothers face. *Counseling Pregnancy, Politics, and Biomedicine* examines the major points in recognized ethical theories, how Christian principles became part of secular law over time, the legal dilemmas

involved in protecting the health of pregnant women how and why palliative care is a viable alternative to modern therapies the politics and morality of terminating a pregnancy how to protect women from becoming research instruments the moral status of the embryo and much more Counseling Pregnancy Politics and Biomedicine explains God's desire for good health by identifying ways in which Jesus is the example of what it means for every person to be created in the image of God The book is a vital resource for clergypersons and pastoral care ministers      **Conscience in Conflict** Kenneth R.

Overberg,2018-11-16 What ought we to do In this third edition of Conscience and Conflict How to Make Moral Choices Jesuit theologian Kenneth Overberg discusses the sex abuse scandal in the Catholic church homosexuality stem cell research globalization terrorism and preemptive war euthanasia artificial conception and contraception managed care and other tough issues that confront us as individuals and as global communities      *Dying and Death* Asa Kasher,2007 Death is a topic

people are reluctant to ponder Neither is dying a process that is usually being openly discussed However on a variety of occasions dying and death are on a person's mind under some sensitive circumstances he or she are eager to discuss with a close person a friend a professional The present volume the second in the Series on Dying and Death is meant to enrich personal experience of dying or death by providing its reader with knowledge and understanding of some aspects of dying or death Section 1 describes practices of mourning in different times and places USA during the Civil War Ashley Byock the Island of Viz between Croatia and Italy Kathleen Young present day Israel Asa Kasher medieval Serbia Mira Crouch and post Holocaust USA Paula David Section 2 consists of reflections on mourning It includes philosophical discussions of Friendship Gary Peters Grace Dana Freibach Heifetz and the Other Havi Carel all in the context of mourning as well as Mourning itself as a skill Marguerite Peggy Flynn Section 3 brings papers on culture and suicide in early modern Holland Laura Cruz in historical Japan Lawrence Fouraker as well as in the Jazz age Kathleen Jones Section 4 discusses different predicaments of medics facing death and dying terminal diagnosis Angela Armstrong Coster palliative patients Anna Taube and the hospice setting Elizabeth Gill      Gentle Shepherding Joseph Earl Bush,2012-11 Named One of the Top Ten Books for Parish Clergy

for the year 2006 by the Academy of Parish Clergy Gentle Shepherding offers a rare balance in an introduction to pastoral ethics one that identifies deeply with the pastoral vocation and brings it into conversation with a developed body of ethical theory The goal of the book is to equip seminarians and pastors with conceptual resources for clarifying moral responsibility in the practice of ministry This responsibility includes three levels the minister as a moral agent in offering care the minister as a moral enabler in encouraging virtue in others and the minister as a moral leader in facilitating congregational life and witness in society Helping ministers and seminarians to think anew about their responsibilities and the moral quandaries in pastoral practice Gentle Shepherding integrates theory with practice providing case material for further reflection and discussion and at least one case study or exercise associated with each chapter      **Healthcare Politics and Policy in**

**America** Kant Patel,Mark E Rushefsky,2019-08-13 Health policy in the United States has been shaped by the political

socioeconomic and ideological environment with important roles played by public and private actors as well as institutional and individual entities in designing the contemporary American healthcare system Now in a fully updated fifth edition this book gives expanded attention to pressing issues for our policymakers including the aging American population physician shortages gene therapy specialty drugs and the opioid crisis A new chapter has been added on the Trump administration's failed attempts at repealing and replacing the Affordable Care Act and subsequent attempts at undermining it via executive orders Authors Kant Patel and Mark Rushefsky address the key problems of healthcare cost access and quality through analyses of Medicare Medicaid the Veterans Health Administration and other programs and the ethical and cost implications of advances in healthcare technology Each chapter concludes with discussion questions and a comprehensive reference list This textbook will be required reading for courses on health and healthcare policy as well as all those interested in the ways in which American healthcare has evolved over time

**Catholic Ethicists on HIV/AIDS Prevention** James F. Keenan,Jon Fuller,Lisa Sowle Cahill,Kevin T. Kelly,2000-05-01 An eye opening demonstration of how Catholic moral theology works in the concrete Keenan shows that the Catholic tradition of moral theology is robust timely supple humane and most of all wise enough to make vital contributions to ongoing global discussions about the current state of the Body of Christ National Catholic Reporter

*Medical Anthropology and the World System* Hans A. Baer,Merrill Singer,Ida Susser,2013-05-23 Now in its third edition this textbook serves to frame understandings of health health related behavior and health care in light of social and health inequality as well as structural violence It also examines how the exercise of power in the health arena and in society overall impacts human health and well being *Medical Anthropology and the World System Critical Perspectives Third Edition* includes updated and expanded information on medical anthropology resulting in an even more comprehensive resource for undergraduate students graduate students and researchers worldwide As in the previous versions of this text the authors provide insights from the perspective of critical medical anthropology a well established theoretical viewpoint from which faculty researchers and students study medical anthropology It addresses the nature and scope of medical anthropology the biosocial and political ecological origins of disease health inequities and social suffering and the nature of medical systems in indigenous and pre capitalist state societies and modern societies The third edition also includes new material on the relationship between climate change and health Finally this textbook explores health praxis and the struggle for a healthy world

**Medical Ethics** Laura K. Egendorf,2005 Authors evaluate the fairness of the health care system the ethical questions surrounding organ transplants the ethics of reproductive technology and the morality of genetic technologies

**Medical Ethics** James D. Torr,2000 As medical technology advances doctors are faced with increasingly complex decisions about life and death The authors in this anthology debate what principles should guide physicians conduct in the following tentative chapters What Ethics Should Guide Organ Donations Are Reproductive Technologies Ethical Is Human Cloning Ethical Does Physician Assisted Suicide Violate Medical Ethics
