Noone, 2025-08-24 How do a sorcerer and a hero celebrate their first anniversary That s the question Lorre s currently asking He can calm volcanoes and talk to oceans but he s never been in love before and he wants to get this right Because Gareth his prince deserves a perfect celebration Gareth knows his magician doesn t always remember dates and times After all Lorre is three hundred years old and sometimes a river Gareth doesn t mind because he doesn t need a celebration their life together caring for the kingdoms and the land and each other is enough But when Lorre starts conjuring up increasingly elaborate anniversary presents Gareth will come up with a gift of his own and a surprise for his magician **The Buddhist Caves at Ellora** Geri Hockfield Malandra, 1983 **Kiss of the Yogini** David Gordon White, 2024-05-31 For those who wonder what relation actual Tantric practices bear to the Tantric sex currently being marketed so successfully in the West David Gordon White has a simple answer there is none Sweeping away centuries of misunderstandings and misrepresentations White returns to original texts images and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day Kiss of the Yogini focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra sexualized ritual practices especially as expressed in the medieval Kaula rites Such practices centered on the exchange of powerful transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis It was only by drinking the sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods By focusing on sexual rituals White resituates South Asian Tantra in its precolonial form at the center of religious social and political life arguing that Tantra was the mainstream and that in many ways it continues to influence contemporary Hinduism even if reformist misunderstandings relegate it to a marginal position Kiss of the Yogini contains White s own translations from over a dozen Tantras that have never before been translated into any European language It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history society culture and religion **Agenda, Or Almanac and Directory for 1845** Bombay (India : State), 1845 **The Athenaeum** , 1831 **Framing Intellectual and Lived Spaces in Early South Asia** Lucas den Boer, Elizabeth A. Cecil, 2020-09-21 The contributions to this book address a series of confrontations debates between intellectual communities the interplay of texts and images and the intersection of monumental architecture and

physical terrain and explore the ways in which the legacy of these encounters and the human responses to them conditioned cultural production in early South Asia c 4th 7th centuries CE Rather than an agonistic term the book uses confrontation as a heuristic to examine historical moments within this pivotal period in which individuals and communities were confronted with new ideas and material expressions The first half of the volume addresses the intersections of textual material and visual forms of cultural production by focusing on three primary modes of confrontation the relation of inscribed texts to material media the visual articulation of literary images and finally the literary interpretation and reception of built landscapes The second part of the volume focuses on confrontations both within and between intellectual communities The articles address the dynamics between peripheral and dominant movements in the history of Indian philosophy
