*Memoirs of a Golfer* Thomas Cooney, 2025-06-13 This is a book about a young teen who was not allowed to play team sports such as baseball and basketball for medical reasons So he started playing golf with his parents and then at a local 9 hole muni course with green fees of 25 cents if he teed off before 10 00 am In his early twenties he joined Chippewa Country Club a nice 18 hole course There he had an experience that led him to believe he always wanted golf to be a part of his life The Chippewa Experience never left him Not a long hitter so after he retired he began a program working with wedges that would compare favorably with the training of professionals He made many close friends along the way Unfortunately many passed away One in particular was particularly painful Discouraged and somewhat alone when playing he never forgot the Chippewa Experience as golf continued to be central to his thinking Over the years the family trips to such places as Hilton Head Destin and Siesta Key provided wonderful family times and new courses to play He and his lifelong friend John continued to enjoy golf together and pulled off some miracle wins in tournaments along the way But at some point Father Time caught up with him but did not diminish his love of the game even if limited to the driving range and putting green He loved it all

Tscherne, 2013-07-11 A SOLDIER S GUIDE TO LEARNING THE TRICKS OF THE TRADE The original no bullshit soldier s handbooks loaded with tips tricks and ideas on how to live thrive and stay comfortable in a military outdoor environment through field expedient know how From how to take a dump in the woods improvise modify or improve military and civilian outdoor gear combat survival techniques reducing field boredom leadership tips jokes and much more NEWLY REVISED and UPDATED 2012 EDITION This is the first of two collections that compile all the original 9 volumes into a new Complete and Newly Revised Edition NOT your typical boring military field manual these volumes contain info that will keep you one step ahead of your average soldier Rangers lead the way This newly revised edition of the first five of nine volumes adds updated equipment info new suppliers now with web links and much more As a former US Army Ranger Drill Instructor and Advisor Trainer to the Bosnia Herzegovina Army 1996 97 under the US State Department Train Equip Program I have always enjoyed sharing with soldiers my personal

experiences tips tricks and ideas in how to survive thrive in the outdoors And although I ve been retired from the United States Army since January 1993 I am still doing what I like best teaching training soldiers But not in a class room but through a series of books called THE RANGER DIGESTS Now before I decided to self publish these books I use to forward all my tips tricks and ideas to the Department of the Army But the only thing I ever received back were letters saying sorry not feasible for military outdoor field conditions Well since the Army wasn t interested in my ideas I then decided to write a book about my tips tricks and try to market them to the troops myself After all when it comes to common sense and field craft ingenuity the troops know more about this stuff than some chair borne colonel or general sitting behind his nice cozy desk at the Pentagon

This book provides the first comprehensive study of Jewish travel and mobility in Hellenistic and Roman times based on a critical analysis of Jewish Graeco Roman and early Christian literary epigraphic and archaeological sources and a social historical evaluation of the material Catherine Hezser shows that certain segments of ancient Jewish society were quite mobile Mobility seems to have increased in the later Roman period when an extensive road system facilitated travel within the province of Syria Palestine and the neighbouring Middle Eastern regions Second Temple Judaism was centralized with Jerusalem as its central space and seat of priestly authority In post 70 rabbinic Judaism on the other hand connections between rabbis could be established through mutual visits and second and third degree contacts only Mobility formed the basis of the establishment of a decentralized rabbinic network in Palestine and Babylonia in late antiquity Numerous narrative and halakhic traditions indicate the importance of mobility for communication and the exchange of knowledge amongst rabbis It is argued that the rabbis who were most mobile sat at the nodal points of the rabbinic network and elicited the largest amount of influence They would have combined business travel with scholarly exchange Scholars journeys between Palestine and Babylonia are viewed within the wider context of Rome and Persia s economic and cultural exchange in which Jews just like Christians may have played the role of intermediaries
