British Imperialism in India

British imperialism in India refers to the period from the 18th to the 20th century when the British Empire exerted political, economic, and cultural control over the Indian subcontinent. It was marked by the establishment of British colonial rule and the exploitation of India's resources for the benefit of Britain.

The British East India Company, a private trading company, played a significant role in the expansion of British influence in India. Initially involved in trade, the company gradually extended its control over regions, establishing British control over key Indian territories.
