After Twilight Dee Davis,2024-01-02 It was the perfect place to disappear When Kacy Macgrath s life crumbled two years ago she changed her name and escaped to her grandmother s cottage in Ireland Here she lives anonymously with no reminders of the past except the terrifying images that continue to haunt her dreams Images of the stormy night her husband Alex walked out on her and fell into the raging waters near their Long Island home After his death Kacy uncovered secrets about Alex she was better off not knowing so she ran away Now someone is watching her Braedon Roche has traveled across an ocean looking for justice to expose Kacy Macgrath as a master forger who along with her late husband had nearly destroyed his career as an art dealer What Braedon doesn t expect is his undeniable attraction to the fragile widow hiding behind a web of deceptions But Braedon isn t the only man following Kacy A savage killer stalks from the shadows chipping away at her sanity and trapping her in an unspeakable nightmare Regulations for the Government of the Navy of the United States, 1893 United States. Plea Bargaining Milton Heumann,2020-05-30 That relatively few criminal cases in this country are resolved by full Perry Mason style trials is fairly common knowledge Most cases are settled by a guilty plea after some form of negotiation over the charge or sentence But why The standard explanation is case pressure the enormous volume of criminal cases to be processed with limited staff time and resources But a large body of new empirical research now demands that we re examine plea negotiation Milton Heumann s book Plea Bargaining strongly and explicitly attacks the case pressure argument and suggests an alternative explanation for plea bargaining based on the adaptation of attorneys and judges to the local criminal court The book is a significant and welcome addition to the literature Heumann s investigation of case pressure and plea negotiation

demonstrates solid research and careful analysis Michigan Law Review **Duped** Saul Kassin,2022-06-15 Why do people confess to crimes they did not commit And surely those cases must be rare In fact it happens all the time in police stations workplaces public schools and the military Psychologist Saul Kassin the world s leading expert on false confessions explains how interrogators trick innocent people into confessing and then how the criminal justice system deludes us into believing these confessions Duped reveals how innocent men women and children intensely stressed and befuddled by lawful weapons of psychological interrogation are induced into confession no matter how horrific the crime By featuring riveting case studies highly original research work by the Innocence Project and quotes from real life exonerees Kassin tells the story of how false

confessions happen and how they corrupt forensics witnesses and other evidence force guilty pleas and follow defendants for their entire lives even after they are exonerated by DNA Starting in the 1980 s Dr Kassir pioneered the scientific study of interrogations and confessions Since then he has been on the forefront of research and advocacy for those wrongfully convicted by police induced false confessions Examining famous cases like the Central Park jogger case and Amanda Knox case as well as stories of ordinary innocent people trapped into confession Dr Kassir exposes just how widespread this problem is Concluding with actionable solutions and proposals for legislative reform Duped shows why the stigma of confession persists and how we can reform the criminal justice system to make it stop
