Rogers,2020-08-25 A collection of Civil War and Reconstruction era journalism by one of the most popular and acclaimed
authors of the antebellum South Nineteenth century writer William Gilmore Simms was once considered the South s premier
literary figure with achievements including more than twenty major novels several volumes of poetry and biographies of
important figures in American history Less well known are his newspaper writings which include fascinating and trenchant
work from the era of the Civil War and Reconstruction Writing War and Reunion offers a selection of the best of Simms s
articles and editorials from that period offering a window into his thoughts on the conflict and its deeply fraught resolution In
the decades following the Civil War Simms s reputation suffered a steady decline Because of his associations with the
