Keys To The Council Unlocking The Teaching Of Vatican II:

Keys to the Council Richard R. Gaillardetz, Catherine E. Clifford, 2012-02-01 As the church marks the fiftieth anniversary of the opening of the Second Vatican Council too few Catholics have an adequate grasp of what the council contributed to the life of the church The problem is understandable The Second Vatican Council produced by far more document pages than any other council Consequently any attempt to master its core teachings can be daunting There is a danger of missing the forest for the trees With this in mind Keys to the Council identifies twenty key conciliar passages central texts that help us appreciate the Vision of the council fathers Each chapter places the given passage in its larger historical context explores its fundamental meaning and significance and finally considers its larger significance for the life of the church today Chapters include exploration of Sacrosanctum Concilium's demand for full conscious and active participation in the liturgy Lumen Gentium's eucharistic ecclesiology Gaudium et Spes's vision of marriage as an intimate partnership of life and love Nostra Aetate's approach to non Christian religions and more **An Unfinished Council** Richard R. Gaillardetz, 2015 The Second Vatican Council has become an indispensable reference point for understanding Roman Catholicism today Yet in spite of its impact Vatican II was in many ways an unfinished council The council bishops were able to establish key pillars in the construction of a new vision for the church of our time but for various reasons they were not able to draw those pillars together into a coherent unified structure This volume describes both the council's building project itself and the challenges facing the church today if we are to complete the project begun fifty years ago **Keys to the Council** Richard R. Gaillardetz, Catherine Clifford, 2012-02-01 As the church marks the fiftieth anniversary of the opening of the Second Vatican Council too few Catholics have an adequate grasp of what the council contributed to the life of the church The problem is understandable The Second Vatican Council produced by far more document pages than any other council Consequently any attempt to master its core teachings can be daunting There is a danger of missing the forest for the trees With this in mind Keys to the Council identifies twenty key conciliar passages central texts that help us appreciate the Vision of the council fathers Each chapter places the given passage in its larger historical context explores its fundamental meaning and significance and finally considers its larger significance for the life of the church today Chapters include exploration of Sacrosanctum Concilium's demand for full conscious and active participation in the liturgy Lumen Gentium's eucharistic ecclesiology Gaudium et Spes's vision of marriage as an intimate partnership of life and love Nostra Aetate's approach to non Christian religions and more **The Oxford Handbook of Vatican II** Catherine E. Clifford, Massimo Faggioli, 2023 This Handbook presents 44 chapters covering the complex history of the Second Vatican Council of the Catholic Church 1962-1965 including contributions from a wide range of geographical and theological perspectives **An Introduction to Vatican II as an Ongoing Theological Event** Matthew Levering, 2017 Contemporary scholars often refer to the event of Vatican II but what kind of an event was it In this first book of the new CUA Press series Sacra Doctrina Matthew Levering

leads his readers to see the Council as a theological event a period of confirming and continuing God's self revelation in Christ into a new historical era for the Church This is an introduction to Vatican II with a detailed summary of each of its four central documents the dogmatic constitutions followed by explanations of how to interpret them In contrast to other introductions which pay little attention to the theological soil in which the documents of Vatican II germinated Levering offers a reading of each conciliar Constitution in light of a key theological author from the era Ren Latourelle SJ for Dei Verbum persons and propositions Louis Bouyer CO for Sacrosanctum Concilium active participation Yves Congar OP for Lumen Gentium true and false reform and Henri de Lubac SJ for Gaudium et Spes nature and grace This theological event is ongoing Levering demonstrates by tracing in each chapter the theological debates that have stretched from the close of the council till the present and the difficulties the Church continues to encounter in encouraging an ever deeper participation in Jesus Christ on the part of all believers In this light the book's final chapter compares the historicist Massimo Faggioli and Christological Robert Imbelli interpretations of Vatican II arguing that historicism can undermine the Council's fundamental desire for a reform and renewal rooted in Christ The conclusion addresses the concerns about secularization and loss of faith raised after the Council by Henri de Lubac Joseph Ratzinger and Yves Congar arguing that contemporary Vatican II scholarship needs to take these concerns more seriously

Observing Vatican II Andrew Chandler, Charlotte Hansen, 2013 A collection of the confidential correspondence between Bernard Pawley and the Archbishop of Canterbury during the Second Vatican Council

Ethics at the Edges of Law Cathleen Kaveny, 2018 In Ethics at the Edges of Law Cathleen Kaveny argues that religious moralists should treat the law as a valuable conversation partner rather than a mere instrument for enforcing judgments about morality and public policy Using cases and concepts from tort law contract law and criminal law Kaveny shows how they can be used to illuminate the work of some of the most important contemporary Christian ethicists

Tkacik, 2018-06-28 The Second Vatican Council committed the Catholic Church to the service of the world when it defined the church to be missionary by nature and a sacrament pointing to and making Christ present to all Such a vision of the church informed the restoration of the permanent diaconate within the ministerial life of the church a vocation and participation in Holy Orders endowed precisely with the charism of service Deacons are called and ordained to serve in the areas of sacrament word and charity This work considers the place and role of deacons in the life of the contemporary church through the lens of the ecclesiological reforms of the Second Vatican Council Via their preaching teaching and sacramental ministry deacons are uniquely gifted and positioned to empower the lay faithful and advance the church's engagement with the world commitment to ecumenism and interreligious dialogue promotion of peace and championing of human dignity The Catholic Ethicist in the Local Church (CTEWC Series) Autiero, Antonio, Magesa, Laurenti, 2018-04-24 **There Were Also Many Women There** Katherine E. Receptive Ecumenism as Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul

Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty-eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today

True Reform Massimo Faggioli, 2012-09-01 For Massimo Faggioli the debate about the meaning of Vatican II too often misses the profound significance of that council's first and perhaps most consequential document Sacrosanctum Concilium The result is a misunderstanding of both the council as a whole and the liturgical reform that followed from it In True Reform Faggioli takes Sacrosanctum Concilium as a hermeneutical key to the council He offers a thorough reflection on the relationship between the liturgical constitution and the whole achievement of Vatican II and argues that the interconnections between the two must emerge if we want to understand the impact of the council on global Catholicism

The Quiet Revolution of Pope Francis Gerry O'Hanlon, 2021-04-01 In this ground breaking book O Hanlon offers an Irish theology for a Church in crisis carefully crafted in the light of his experience of having travelled the length and breadth of Ireland over the last ten years This is not an armchair theology but one that has been chiselled out of the experience of listening to and learning from others in high and low places engaging with diverse groups attending to the teaching of the Second Vatican Council and heeding the prophetic voice of the Bishop of Rome From the Foreword by Dermot A Lane draws on decades of reflection by himself and by others upon the immense challenges facing the Catholic Church in the post Second Vatican Council period in Ireland and beyond We have lacked neither the vision nor the goodwill to move forward but the institutional and organisational reforms needed to make the Second Vatican Council an embedded reality have eluded us until now Pope Francis the gentle revolutionary has called for a new synodal way of being church Synod means the path which we walk together and it looks like the missing piece of the jigsaw O Hanlon s wise critical but hopeful diagnosis offers the glimpse of a longed for sea change for the Church Michael Kirwan SJ Loyola School of Theology at Trinity College Dublin
