Great Leaps Finding Home In A Changing China:

Great Leaps Colin Thomas Flahive, 2020-02-07 In *Great Leaps* Colin Flahive explores China's rural urban migration against the backdrop of his own transition from Colorado to southwest China. There he opened a café that became much more than an outpost of Western cuisine in a far flung corner of the world. Salvador's Coffee House became home to more than 50 young women from mountain villages. Most knew nothing about coffee but they moved to the city to work at Salvador's and earn their independence. Last Days of the Mighty Mekong Brian Eyler, 2019-02-15 Celebrated for its natural beauty and its abundance of wildlife the Mekong river runs thousands of miles through China Myanmar Laos Thailand Cambodia and Vietnam. Its basin is home to more than 70 million people and has for centuries been one of the world's richest agricultural areas and a biodynamic wonder. Today however it is undergoing profound changes. Development policies led by a rising China in particular aim to interconnect the region and urbanize the inhabitants. And a series of dams will harness the river's energy while also stymieing its natural cycles and cutting off food supplies for swathes of the population. In *Last Days of the Mighty Mekong* Brian Eyler travels from the river's headwaters in China to its delta in southern Vietnam to explore its modern evolution. Along the way he meets the region's diverse peoples from villagers to community leaders politicians to policy makers. Through conversations with them he reveals the urgent struggle to save the Mekong and its unique ecosystem.

Organizational Behavior Mitchell J. Neubert, Bruno Dyck, 2021-04-13 *Organizational Behavior For a Better Tomorrow* 2nd Edition is a unique blended approach to the subject combining traditional core competencies with contemporary research and innovative practices. The textbook's distinctive dual presentation integrates conventional and sustainable organizational behavior (OB) to help students understand how creativity collaboration and ethical decision making can positively impact people organizations and entire communities. This fully updated second edition provides a balanced real world approach that strengthens critical thinking skills enables students to explore the rationale for sustainable OB practices and illustrates and how values and ethics influence business decisions in the real world. Rather than focusing only on the short term bottom line approach of traditional OB the text discusses a comprehensive range of topics from current trends in popular media and scholarly literature to addressing the current and long term needs and goals of organizational stakeholders.
