Go Away I Need You Are You Dating A Borderline Narcissist:

Stop Caretaking the Borderline or Narcissist Margalis Fjelstad, 2013-02-07 People with Borderline or Narcissistic Personality Disorders have a serious mental illness that primarily affects their intimate personal and family relationships. Often they appear to be normally functioning at work and in public interactions and Narcissists may even be highly effective in the short term in some work or social situations. However in intimate relationships they can be emotional aggressive demeaning illogical paranoid accusing and controlling in the extreme. Their ability to function normally or pleasantly can suddenly change in an instant like flipping a switch. These negative behaviors don't happen once in a while they happen almost continuously in their intimate relationships and most often and especially with their Caretaker family member. Here Margalis Fjelstad describes how people get into a Caretaker role with a Borderline or Narcissist and how they can get out. Caretakers give up their sense of self to become who and what the Borderline or Narcissist needs them to be. This compromises the Caretaker's self esteem distorts their thinking processes and locks them into a Victim Persecutor Rescuer pattern with the Borderline or Narcissist. The book looks at the underlying rules and expectations in these relationships and shows Caretakers how to move themselves out of these rigid interactions and into a healthier more productive and positive lifestyle with or without the Borderline Narcissistic partner or family member. It describes how to get out of destructive interactions with the Borderline or Narcissist and how to take new more effective actions to focus on personal wants needs and life goals while allowing the Borderline or Narcissist to take care of themselves. It presents a realistic yet compassionate attitude toward the self destructive nature of these relationships and gives real life examples of how individuals have let go of their Caretaker behaviors with creative and effective solutions.
