Going Pro With Reason 6 5:

Brenton's LXX Charles Lee Brenton, This edition contains the entire LXX Septuagint Old Testament in English translation including the Apocryphal books The earliest version translation of the Old Testament Scriptures which is extant or of which we possess any certain knowledge is the translation executed at Alexandria in the third century before the Christian era this version has been so habitually known by the name of the SEPTUAGINT that the attempt of some learned men in modern times to introduce the designation of the Alexandrian version as more correct has been far from successful The fact may however be regarded as certain that prior to the year 285 B C the Septuagint version had been commenced and that in the reign of Ptolemy Philadelphus either the books in general or at least an important part of them had been completed
