Clinical Forensic Psychology Carlo Garofalo, Jelle J. Sijtsema, 2022-01-01 This book represents a comprehensive collection of theoretical and empirical work at the nexus of clinical and forensic psychology written by world renowned experts in the field It is among the first books in the field to focus entirely on clinical psychological science applied to the understanding and treatment of offending Part I addresses the main theoretical and clinical models used to explain and predict antisocial behavior spanning biological cognitive experimental individual differences and interpersonal perspectives Part II focuses on forms of psychopathology associated with an increased tendency to offend with the emphasis on describing the clinical constructs most relevant for forensic psychology Each chapter describes the clinical characteristics of one form of psychopathology their assessment their links with antisocial behavior and treatment considerations Part III focuses on different types of offense or offender groups as starting points This perspective has relevance since many criminal justice and forensic mental health systems allocate offenders to interventions based on their index offense or history of offenses Finally

Part IV addresses the application of clinical psychology in the service of assessment and treatment in forensic settings. It includes the state of the art on diagnostic and risk assessment as well as both widely used and recently developed interventions. This book is an excellent resource for students at both Bachelor's and Master's level while also representing a comprehensive handbook for experienced researchers and practitioners.

The Concept and Measurement of Violence Against Women and Men Sylvia Walby, Jude Towers, Susan Balderston, Consuelo Corradi, Brian Francis, Markku Heiskanen, Karin Helweg-Larsen, Lut Mergaert, Phillipa Olive, Emma Palmer, Heidi Stöckl, Sofia Strid, 2017-02-14. Available Open Access under CC BY-NC licence. The extent of violence against women is currently hidden. How should violence be measured? How should research and new ways of thinking about violence improve its measurement? Could improved measurement change policy? The book is a guide to how the measurement of violence can be best achieved. It shows how to make femicide, rape, domestic violence and FGM visible in official statistics. It offers practical guidance on definitions, indicators and coordination mechanisms. It reflects on theoretical debates on what is gender, what is violence and the concept of coercive control and introduces the concept of gender-saturated context. Analysing the socially constructed nature of statistics and the links between knowledge and power, it sets new standards and guidelines to influence the measurement of violence in the coming decades.

The Roots of Danger Elliott Currie, 2015-12-15. The most striking feature of violent crime around the world is its variability. Some societies are relatively safe and peaceful; in others, violent crime is a pervasive and devastating fact of life. In *The Roots of Danger: Violent Crime in Global Perspective*, Elliott Currie explores why some societies around the world are more violent than others. Beginning by defining violent crimes and discussing how they are measured, he then presents a variety of theories on the phenomenon of violent crime, first examining those theories that don't work and then looking at those that do. Currie concludes with a look toward the future of violence in the light of social, economic and political changes that are transforming global society. Throughout the text, he draws examples from around the world, demonstrating similarities in the roots of violence across countries and across cultures.

Series Keynotes in Criminology and Criminal Justice edited by Henry N. Pontell provides essential knowledge on important contemporary matters of crime, law and justice to a broad audience of readers. Volumes are written by leading scholars in that area. Nordic Homicide in Deep Time Janne Kivivuori, Mona Rautelin, Jeppe Büchert, Netterstrøm, Dag Lindström, Guðbjörg S. Bergsdóttir, Jónas O. Jónasson, Martti Lehti, Sven Granath, Mikkel M. Okholm, Petri Karonen, 2022-02-16. *Nordic Homicide in Deep Time* draws a unique and detailed picture of developments in human interpersonal violence and presents new findings on rates, patterns and long-term changes in lethal violence in the Nordics. Conducted by an interdisciplinary team of criminologists and historians, the book analyses homicide and lethal violence in northern Europe in two eras: the 17th century and early 21st century. Similar and continuous societal structures

cultural patterns and legal cultures allow for long term and comparative homicide research in the Nordic context Reflecting human universals and stable motives such as revenge jealousy honour and material conflicts homicide as a form of human behaviour enables long duration comparison By describing the rates and patterns of homicide during these two eras the authors unveil continuity and change in human violence Where and when did homicide typically take place Who were the victims and the offenders what were the circumstances of their conflicts Was intimate partner homicide more prevalent in the early modern period than in present times How long a time elapsed from violence to death Were homicides often committed in the context of other crime The book offers answers to these questions among others comparing regions and eras We gain a unique and empirically grounded view on how state consolidation and changing routines of everyday life transformed the patterns of criminal homicide in Nordic society The path to pacification was anything but easy punctuated by shorter crises of social turmoil and high violence The book is also a methodological experiment that seeks to assess the feasibility of long duration standardized homicide analysis and to better understand the logic of homicide variation across space and over time In developing a new approach for extending homicide research into the deep past the authors have created the Historical Homicide Monitor The new instrument combines wide explanatory scope measurement standardization and articulated theory expression By retroactively expanding research data to the pre statistical era the method enables long duration comparison of different periods and areas Based on in depth source critique the approach captures patterns of criminal behaviour beyond the control activity of the courts The authors foresee the application of their approach in even remoter periods Nordic Homicide in Deep Time helps the reader to understand modern homicide by revealing the historical continuities and changes in lethal violence The book is written for professionals university students and anyone interested in the history of human behaviour

Covid-19, Society and Crime in Europe Dina Siegel,Aleksandras Dobryninas,Stefano Becucci,2022-10-29 This volume analyzes the development of the reactions to Covid 19 by governments the public and the crime patterns in 16 European countries All countries are members of the European Union and share common European norms and values but the Covid 19 pandemic can serve as an example of how these norms and values are interpreted differently with regard to people s trust in public institutions governmental control strategies dealing with fear anxiety and other emotional responses to the new virus crime patterns and law enforcement priorities to prevent and combat them The volume provides empirical data based on available statistics media analysis and qualitative data from interviews and observations and examines the similarities and differences in crime patterns and the consequences for local communities and law enforcement priorities

Femicide across Europe Shalva Weil,Consuelo Corradi,Marceline Naudi,2018-10-24 Available Open Access under CC BY NC licence Femicide the killing of women and girls because of their gender was until recently included in the category homicide obscuring the special features of this social and gendered phenomenon However the majority of murders of women are perpetrated by men whom they know from family ties and are the result of intimate

partner violence or so called honour killings This book is the first one on femicide in Europe and presents the findings of a four year project discussing various aspects of femicide Written by leading international scholars with an interdisciplinary perspective it looks at the prevention programmes and comparative quantitative and qualitative data collection as well as the impact of culture It proposes the establishment of a European Observatory on Femicide as a new direction for the future showing the benefits of cross national collaboration united to prevent the murder of women and girls **Male-Male**

Murder Russell P. Dobash, Rebecca Emerson Dobash, 2020-06-09 In Male Male Murder Dobash and Dobash experienced researchers award winning authors and long time collaborators use evidence from their Murder Study to examine 424 men who murdered another man Using both quantitative and qualitative data drawn from a wider study of 866 homicide casefiles and 200 in depth interviews with murderers in prison they focus on Five Types of male male murder confrontational fighters murder for money financial gain murder between men in the family sexual murder between men murder of older men Each type is examined in depth and detail in a separate chapter that begins with a brief overview of relevant research and is followed by a comprehensive examination of the murder event including subtypes that illustrate the diversity within each type of murder Following the examination of the five types of male male murder the focus turns to the lifecourse of the perpetrators including childhood adulthood and their time in prison Lastly the reflect on the body of findings from the Murder Study and stress the importance of gender in understanding these lethal events The Dobashes bring their research skills and insights to the complex task of covering the entire scope of homicide cases in which men murder men This is an essential text for students professionals policy makers and researchers studying violence gender and homicide **50 Facts**
