In this era of distorted ideas about our inherent roles identities and purposes as men and women it has never been as important that we seek reconciliation in marriage and families so there can be a more rational approach to the real problems the whole world suffers We must disseminate God s truth and extinguish the lies and myths that Satan has embedded into the hearts and minds of many people Building on these ideas in *Male and Female Made in God s Image* author Frances O Dair offers her perspective on dating marriage and family which she believes reflects the experiences of most married couples before the sexual revolution of the 1960s She encourages men and women to reflect on the wise or self serving natures of their past dating and mating choices If we can stop the reckless self gratifying use of human sexuality with our children our loving direction and understanding of God s truth can set them free from the temptations that have been passed down to recent generations We must be ready to admit that sexual freedom is a myth and isn t intended for the well being of men women children and the unborn This faith inspired treatise explores the true source of happiness meaning and fulfilment that God has planned for everyone within the sacrament of marriage and the family circle **The People of God's Presence** Terry L. Cross,2019-10-15 In an age when the church is sometimes viewed as irrelevant and inauthentic leading Pentecostal theologian Terry Cross calls the people of God to a radical change of structure and mission based on theological principles Cross whose work is respected by scholars from across the ecumenical landscape offers an introduction to ecclesiology that demonstrates how Pentecostals can contribute to and learn from the church catholic A forthcoming volume by the author *Serving the People of God s Presence* will focus on the role of leadership in the church [The Oxford Handbook of Levinas](#) Michael L. Morgan,2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day His central themes the primacy of the ethical and the core of ethics as our responsibility to and for others speak to readers from a host of disciplines and perspectives However his writings and thought are challenging and difficult The Oxford Handbook of Levinas contains essays that aim to clarify and engage Levinas and his writings in a number of ways Some focus on central themes of his work others on the ways in which he read and was influenced by figures from Plato Hobbes Descartes and Kant to Blanchot Husserl Heidegger and Derrida And there are essays on how his thinking has been appropriated in moral and political thought psychology film criticism and more and on the relation between his thinking and religious themes and

traditions Finally several essays deal primarily with how readers have criticized him and found him wanting The volume exposes and explores both the depth of Levinas s philosophical work and the range of applications to which it has been put with special attention to clarifying why his interests in the human condition the crisis of civilization the centrality and character of ethics and morality and the very meaning of human experience should be of interest to the widest range of readers

God in the Age of Science? Herman Philipse,2012-02-23 God in the Age of Science is a critical examination of strategies for the philosophical defence of religious belief The main options may be presented as the end nodes of a decision tree for religious believers The faithful can interpret a creedal statement e g God exists either as a truth claim or otherwise If it is a truth claim they can either be warranted to endorse it without evidence or not Finally if evidence is needed should its evidential support be assessed by the same logical criteria that we use in evaluating evidence in science or not Each of these options has been defended by prominent analytic philosophers of religion In part I Herman Philipse assesses these options and argues that the most promising for believers who want to be justified in accepting their creed in our scientific age is the Bayesian cumulative case strategy developed by Richard Swinburne Parts II and III are devoted to an in depth analysis of this case for theism Using a strategy of subsidiary arguments Philipse concludes 1 that theism cannot be stated meaningfully 2 that if theism were meaningful it would have no predictive power concerning existing evidence so that Bayesian arguments cannot get started and 3 that if the Bayesian cumulative case strategy did work one should conclude that atheism is more probable than theism Philipse provides a careful rigorous and original critique of theism in the world today

Does God Exist Hans Kung,2013-01-02 Does God exist The question implies another Who is God This book is meant to give an answer to both questions and to give reasons for this answer Does God exist Yes or no Many are at a loss between belief and unbelief they are undecided skeptical They are doubtful about their belief but they are also doubtful about their doubting There are still others who are proud of their doubting Yet there remains a longing for certainty Certainty Whether Christians or Jews believers in God or atheists the discussion today runs right across old denominations and new ideologies but the longing for certainty is unquenched Does God exist We are putting all our cards on the table here The answer will be Yes God exists As human beings in the twentieth century we certainly can reasonably believe in God even more so in the Christian God and perhaps even more easily today than a few decades or centuries ago For after so many crises it is surprising how much has been clarified and how many difficulties in regard to belief in God have melted into the Light that no darkness has overcome

God's Grand Finale and the End of the Age Gary D. Longbrake,2019-01-03 Through the ages many kings and prophets have desired to see the things we see and they did not see them we are the chosen generation Many prophecies of scripture are being fulfilled before our eyes and there are many more that are about to come The rebirth of the state of Israel and the return of the Jews to the Holy Land is prophesied more than any other event in scripture it is a sign of the times Theodor Herzl is considered to be the father of the modern state of Israel In his book The Jewish State published 1896 it is

said that as a child he saw King Messiah in a dream who said to him Go declare to the Jews that I shall come soon and perform great wonders and great deeds for My people and for the whole world Theodor s prophetic dream comes to life in the Biblical prophecies presented in this book There is seen in the prophets a great and awesome SHOW of God s mighty power that shall take place in the last days It is a show of God s power that is greater than anything He has done before it is God s Grand Finale End Time events and the return of Christ will soon follow **Morning and Evening Meditations from the Word of God** Michael J. Akers,2014-03-18 There are many devotional books available containing brief daily inspirations that benefit all who read them This book is different in two respects The first is obvious it contains two readings per day 732 in all The second more important difference is that the author wanted to do more than offer inspiration this would make this book no different than so many others The messages in the book are study sketches in that the content is not only inspirational but also educational challenging and encouraging Most of these writings were based on author Michael J Akers s teaching of adult Bible studies for more than thirty years and learning what really brought adults to want to deepen their knowledge and application of the Word of God *Let Us Be God* Swami Ashokananda,2019 The author Swami Ashokananda a disciple of Swami Vivekananda is renowned for his thought provoking lectures and articles on Vedanta philosophy and its practical application in daily life as taught by his master The Swami s tenure as the Editor of the Prabuddha Bharata an English monthly of the Ramakrishna Order from 1927 1930 was a memorable one Later on as the Minister in charge of the Vedanta Society of Northern California San Francisco from 1932 until his passing away in 1969 the Swami was one of the guiding forces for the Vedanta Movement in the West This book published by Advaita Ashrama a publication house of Ramakrishna Math Belur Math borrows its title from an inspired utterance of Swami Vivekananda which forms the subject of the Swami s deliberations presented herein as the first lecture By his forceful lectures based on deep reasoning the Swami turns our attention to the Divine within The lectures and articles included here were earlier published in the Prabuddha Bharata and the Vedanta Kesari another English monthly of the Ramakrishna Order They are intended for all sincere spiritual aspirants irrespective of caste creed or gender who strive to transform their daily lives through the invigorating tonic of Advaita Vedanta **The Oneness and Simplicity of God** Barry D. Smith,2013-11-13 That YHWH is numerically one is foundational to the theology of the Hebrew Bible Christian theologians historically have affirmed that there is a more fundamental type of oneness attributable to God God is one not merely in the sense of being the only God but also in the sense of being simple or non composite having no parts of any kind In this way God is said to be an absolute unity After a consideration of all the evidence Barry D Smith reaches the conclusion that there is no basis for ascribing simplicity to God The simplicity doctrine is not found in Scripture and the traditional arguments used to establish it are unconvincing In addition the recent defenses of the simplicity doctrine prompted by Alvin Plantinga s work Does God Have a Nature are unsuccessful It should not be thought however that the rejection of divine simplicity means that by default God must be

conceived as composite not even as a perfect composite with maximally great God making properties Rather there is a third option God should not be conceived as either simple or composite The question of in which mode God has attributes or exemplifies properties should be set aside Library of St. Francis de Sales ... saint François de Sales,1884* **Behind the Masks of God** Robert Laynton,2013 The big questions Is there a God Is there meaning and purpose to life What happens after our physical death Why are religions that claim to access Truth often in violent conflict with each other If there is a God why is there so much suffering and evil Drawing on over forty years of personal transcendent experiences together with studies in spirituality psychology and theology the author considers the foundations of spiritual experience belief and practice In the process religious and spiritual beliefs are categorized basic conceptions about spirituality and knowledge are considered spiritual paths are described the role of morality and gender in spirituality is touched upon and the nature of existence and experience is contemplated Does Inner Spirituality offer real answers to the big questions or are such adepts mistaken This second edition outlines a Spiritual Matrix The main text has been grammatically revised throughout and an index has been added for easy reference The Book of Revolutions Edward Feld,2022-09 2023 Top Five Reference Book from the Academy of Parish Clergy The Torah is truly the Book of Revolutions born from a military coup the Northern Israelite revolution the aftermath of an assassination and regency a Judean revolution and a quiet but radical revolution effected by outsiders whose ideas proved persuasive Babylonian exile Emerging from each of these were three key legal codes the Covenant Code Exodus the Deuteronomic Code Deuteronomy and the Holiness Code Leviticus which in turn shaped the Bible biblical Judaism and Judaism today In dramatic historical accounts grounded in recent Bible scholarship Edward Feld unveils the epic saga of ancient Israel as the visionary legacy of inspired authors in different times and places Prophetic teaching and differing social realities shaped new understandings concretized in these law codes Revolutionary biblical ideas often encountered great difficulties in their time before they triumphed Eventually master editors wove the threads together intentionally preserving competing narratives and law codes Ultimately the Torah is an emblem of pluralistic belief born of revolutionary moments that preserved spiritual realities that continue to speak powerfully to us today And Man Created God George Carl Mynchenberg,1999-12-19 And MAN CREATED GOD presents the Agnostic view point using science history and logic while denying all religious belief and faith in revelations from a Creator or God Reviews And MAN CREATED GOD is vigorous and clearly written Readers should have no doubt about the position you take the positions you challenge and why you find religious beliefs doubtful It articulates very well what you call the agnostic position Charles F Kielkopf Professor of Philosophy Ohio State University *Christ in our Place: The Humanity of God in Christ for the Reconciliation of the World* Trevor Hart,Dan Thimell,1989-01-01 This long standing series provides the guild of religion scholars a venue for publishing aimed primarily at colleagues It includes scholarly monographs revised dissertations Festschriften conference papers and translations of ancient and medieval documents Works cover the sub disciplines of
