## God Guns And Rocknroll:

**God, Guns, and Rock 'n' Roll** Ted Nugent, 2000 The rock and roll wildman shares his prescription for solving America's social ills: gun ownership and the Warrior code training that teaches responsibility and a host of other virtues *God, Guns*

& *Rock 'N' Roll* Ted Nugent, 2001-08-14 Rock and Roll legend Ted Nugent contends that a lot of what is wrong with this country could be remedied by a simple but controversial concept: gun ownership **Emily Gets Her Gun** Emily

Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora, the anti-gun lobby has launched a campaign of lies, distortion, misrepresentation, and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts. Their goal is to take away our Second Amendment rights and then disarm law-abiding Americans. Emily Miller tells her personal story of how being a single female victim of a home invasion drove her to try to obtain a legally registered gun in Washington, D.C. The narrative, sometimes shocking, other times hilarious in its absurdity, gives the reader a real-life understanding of how gun control laws only make it more difficult for honest law-abiding people to get guns while violent crime continues to rise. Using facts and newly uncovered research, Miller exposes the schemes politicians on Capitol Hill, in the White House, and around the country are using to deny people their Second Amendment rights. She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms. The gun rights debate isn't just about firearms; it's about protecting a fundamental right that is enshrined in the U.S. Constitution. It's about politicians who lie, manipulate, and outright break existing laws to get what they want. It's about President Obama wanting a bigger federal government to control you. Not just your guns, you. The fight for gun rights is the fight for freedom. Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go *Ted, White, and Blue* Ted

Nugent, 2010-04-27 It's About Time America has been craving leadership, and at last a gun-slinging mega-rock star, deer-slayer, and patriot has stepped forward to provide it. Make way for Ted Nugent: cocked, locked, and ready to rock the Motor City. Madman the thinking man's Abraham Lincoln has unleashed the ultimate high-octane political manifesto for the ages in *Ted White and Blue*, the most important patriotic statement since the Constitution. In *Ted White and Blue*, you'll discover why war is the answer to so many of our current problems. Why, if Ted were a Mexican, he'd start a revolution, and how, since he's not, we can control our own borders. How to put Uncle Sam on a diet, a waste-watcher's program for government. If you care about America, if you want to preserve, protect, and defend the land of the free and the home of the brave, if you're fed up with lazy whining, fear-mongering government gorging Obamaniacs, then you need to read *Ted White and Blue: The Nugent Manifesto*.

*Most Popular American Rock Guitarists* Wikipedia contributors, *The Branch Davidians of Waco* Kenneth G. C. Newport,2006-04-13 What were the beliefs of the Branch Davidians This is the first full scholarly account of their history Kenneth G C Newport argues that far from being an act of unfathomable religious insanity the calamitous fire at Waco in 1993 was the culmination of a long theological and historical tradition that goes back many decades The Branch Davidians under David Koresh were an eschatologically confident community that had long expected that the American government whom they identified as the Lamb like Beast of the book of Revelation would one day arrive to seek to destroy God's remnant people The end result the fire must be seen in this context *Culture Wars* Roger Chapman,2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced

context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today

*Killing Tradition* Simon J. Bronner, 2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community's heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter's most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in *Killing Tradition* Inside Hunting and Animal Rights Controversies Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving *Killing Tradition* looks at three case studies that are at the heart of today's hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren't simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain's Hunting Act of 2004 the most comprehensive and divisive anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With *Killing Tradition* Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century
