Gods Presence A Contemporary Recapitulation Of:

God's Presence Frances Young, 2013-10-10 Explores how teachings of the church fathers can be applied today despite the differences in our intellectual and ecclesial environments Scripture, the Genesis of Doctrine Frances M.

Young, 2023-10-19 How did we get from Scripture to creed Historical criticism has revealed a gap between Scripture and the mainstream doctrines that define Christianity today Not the least of these are the Trinity and two natures of Christ widely accepted since the fifth century but unfounded in historical readings of Scripture How did these dogmas become so integral to the faith in the first place Frances M Young tackles this monumental question in a culmination of decades of biblical and patristic research The first of two volumes exploring the emergence of doctrine in the early church Scripture the Genesis of Doctrine reframes the relationship between Scripture and doctrine according to the intellectual context of the first few centuries CE Young situates the early Christians biblical hermeneutic within the context of Greco Roman learning without espousing historical relativism Ultimately Young argues that the scriptural canon and the rule of faith emerged concurrently in the early Church and both were received as apostolic The perceived gap between the two may in fact be the product of our modern assumptions rather than an ancient reality Nuanced and ecumenical Scripture the Genesis of Doctrine explores early Christians biblical hermeneutic with an eye toward how we interpret the Bible today Young s magisterial study holds widespread implications for not only patristics but also exegesis and systematic theology *The Palgrave Handbook on the Problem of Animal Suffering in the Philosophy of Religion* B. Kyle Keltz, 2025-07-28 Atheists argue that animal pain disease suffering and death cause a problem for theism because they believe that an all knowing all powerful and all good God would not use millions of years of animal suffering just to make a world suitable for humans Animal suffering was not a concern for theism through the medieval period but it has been increasingly discussed in philosophy of religion since modern times and there is especially a large and growing amount of literature on this subject that has been published in the last few decades This handbook serves as a guide for those interested in the literature on the problem by bringing together experts in the philosophy of religion theology environmental ethics and the philosophy of animal minds It not only presents major formulations of the problem of animal suffering and major theodicies but it also discusses metaethical issues regarding animal suffering the question of animal consciousness and self awareness and their implications for animal suffering and what implications available theodicies might have for animal ethics **I Am With You** Kathryn

Greene-McCreight, 2015-12-03 There are many Lent books published each year but only one chosen by the Archbishop of Canterbury Justin Welby In *I Am With You* Episcopal priest and theologian Kathryn Greene McCreight examines the biblical portrayal of God s presence among us as light in darkness Close readings of Scripture are woven into a framework patterned on the seven monastic hours of prayer and the seven days of creation God s interaction with us in light comes as address drawing us into relationship with the Creator The resurrection of Easter morning bears the Light that both illumines our

darkness refines our dress in its flames and draws us into the presence of God that Light by which we see light With an introduction by the Archbishop of Canterbury Justin Welby *I Am With You* is a reflective and thought provoking guide to the solemn season of Lent **Fragments for Fractured Times** Nicola Slee,2020-09-30 Nicola Slee one of the world's leading

feminist practical theologians brings together 15 years of papers articles talks and sermons many of them previously unpublished Drawing on a wide and diverse range of her writing Slee demonstrates the richness and variety of feminist practical theological writing *Theology in a Suffering World* Christopher Southgate,2018-08-30 In this book Christopher Southgate proposes a new way of understanding the glory of God in Christian theology based on glory as sign Working from the roots of the concept in the Hebrew Bible *Theology in a Suffering World* Glory and Longing shows that glory is not necessarily about beauty or radiance but is better understood as a sign of the unknowable depths of God Southgate goes on to show how John and Paul transform the concept of glory in the light of the cross He then explores where glory may be discerned in the natural world including in situations of pain and suffering In turn glory is explored in the poetry of R S Thomas and the writings of the Jewish mystic Etty Hillesum Finally the book considers what it might mean for Christians to be transformed from one degree of glory to another that might mean becoming a sign of the great sign of God that is Christ and conforming their longing to God's longing for the Kingdom to come *Beyond Male and Female?* Sam

Ashton,2023-09-21 In this incisive work Sam Ashton provides a compelling consistent and erudite argument for a foundational approach to the matter of sexual difference drawing on biblical and doctrinal material and using resources in their original languages He tracks and traces the sexed body as it moves from creation through the fall to redemption now and final consummation not yet In doing so Ashton presents what is perhaps the strongest case that can be made for male and female He created them Each chapter privileges biblical exegesis drawing upon figures in church history notably Augustine and Aquinas as and when they illumine Scripture By doing so the book considers the difficulty presented to sexual dimorphism by the phenomenon of intersex Ashton seeks to develop an understanding that is generous inclusive and affirming so he works carefully through the writings of Thatcher Song and Cornwall in a way that invites engagement and dialogue With the complete divine drama in view the book offers synthetic judgments about what remains essential for the structure of the sexed body as it travels through history and what may be accidental to the sexed body's direction within a particular theo-dramatic act Ashton concludes by considering ways to transition from dogmatic judgments about intersexuality to the moral pastoral care of concrete intersex individuals briefly thinking about the complex matter of marriage

Theology as Retrieval W. David Buschart,Kent Eilers,2015-04-15 Buschart and Eilers identify six critical areas Scripture theology worship spirituality mission and culture where contemporary Christians are retrieving aspects of our Christian past for life and thought today The result is a fascinating tour and wise reflection on how Christians might receive employ and transmit the treasures of their past **Graced Life** John Hughes,2016-08-02 Graced Life collects together the

work of the late John Hughes Dean of Jesus College Cambridge who died in a car crash in 2014 aged 35 John Hughes was a rising star in the Church of England for whom all things could be seen in the light of faith as graced and caught up in the redeeming love of God *Theology in the Democracy of the Dead* Matt Jenson, 2019-10-15 G K Chesterton wrote Tradition means giving votes to the most obscure of all classes our ancestors It is the democracy of the dead This book pays homage to major theologians of the Christian tradition that tell the history of theology Matt Jenson engages in charitable yet critical exposition and dialogue with eleven select thinkers offering a lucid synthetic account of their theology with a view to ongoing systematic theological issues He engages directly with core primary texts and treats individual theologians in greater depth and nuance than most overview textbooks Shadow Sophia Celia E. Deane-Drummond, 2021-02-25 Why do humans who seem to be exemplars of virtue also have the capacity to act in atrocious ways What are the roots of tendencies for sin and evil A popular assumption is that it is our animalistic natures that are responsible for human immorality and sin while our moral nature curtails and contains such tendencies through human powers of freedom and higher reason This book challenges such assumptions as being far too simplistic Through a careful engagement with evolutionary and psychological literature Celia Deane Drummond argues that tendencies towards vice are more often than not distortions of the very virtues that are capable of making us good After beginning with Augustine's classic theory of original sin the book probes the philosophical implications of sin's origins in dialogue with the philosophy of Paul Ricoeur Different vices are treated in both individual and collective settings in keeping with a multispecies approach Areas covered include selfishness pride violence anger injustice greed envy gluttony deception lying lust despair anxiety and sloth The work of Thomas Aquinas helps to illuminate and clarify much of this discussion on vice including those vices which are more distinctive for human persons in community with other beings Such an approach amounts to a search for the shadow side of human nature shadow sophia Facing that shadow is part of a fuller understanding of what makes us human and thus this book is a contribution to both theological anthropology and theological ethics Reconsidering Creation Ex Nihilo in Genesis 1 Nathan J. Chambers, 2020-11-15 There is a broad consensus among biblical scholars that creation ex nihilo from nothing is a late Hellenistic concept with little inherent connection to Genesis 1 and other biblical creation texts In this book Nathan J Chambers forces us to reconsider the question arguing in favor of reading this chapter of the Bible in terms of ex nihilo creation and demonstrating that there is a sound basis for the early Christian development of the doctrine Drawing on the theology of Augustine of Hippo and Thomas Aquinas Chambers considers what the ex nihilo doctrine means and does in classical Christian dogma He examines ancient Near Eastern cosmological texts that provide a potential context for reading Genesis 1 Recognizing the distance between the possible historical and theological frameworks for interpreting the text he illuminates how this doctrine developed within early Christian thought as a consequence of the church's commitment to reading Genesis 1 as part of Christian Scripture Through original close readings of the chapter that engage critically with the

work of Jon Levenson Hermann Gunkel and Brevard Childs Chambers demonstrates that far from precluding interpretive possibilities reading Genesis 1 in terms of creation from nothing opens up a variety of interpretive avenues that have largely been overlooked in contemporary biblical scholarship Timely and innovative this book makes the case for a new or recovered framework for reading Genesis 1 that will appeal to biblical studies scholars and seminarians

Receptive Ecumenism as Transformative Ecclesial Learning Paul D. Murray, Gregory A. Ryan, Paul Lakeland, 2022-05-26 Receptive Ecumenism asks not what other churches can learn from us but what can we learn and receive with integrity from our ecclesial others Since the publication of Receptive Ecumenism and the Call to Catholic Learning Exploring a Way for Contemporary Ecumenism OUP 2008 this fresh ecumenical strategy has been adopted critiqued and developed in different Christian traditions and in local national and international settings including the most recent bilateral dialogue of the Anglican Roman Catholic International Commission ARCIC III The thirty eight chapters in this new volume by academics church leaders and ecumenical practitioners who have adopted and adapted Receptive Ecumenism in various ecclesial and cultural contexts show how Receptive Ecumenism has grown and matured Part One demonstrates how Receptive Ecumenism itself is capable of being received with integrity into very different ecclesiologies and ecclesial traditions In Part Two this approach to transformative ecumenical learning is applied to some recurrent ecclesial problems such as the understanding and practice of ministry revealing new insights and practical opportunities Part Three examines the potential and challenges for Receptive Ecumenism in different international settings Part Four draws on scripture hermeneutics and pneumatology to offer critical reflection on how Receptive Ecumenism itself implements transformative ecclesial learning Addressing the 70th Anniversary of the World Council of Churches Archbishop Justin Welby said that One of the most important of recent ecumenical developments has been the concept of Receptive Ecumenism This volume provides an indispensable point of reference for understanding and applying that concept in the life of the Christian churches today

[The Bond of Peace](#) Graham Tomlin, Nathan Eddy, 2021-08-19 Churches vary a great deal but can we see past all their differences to what underlies them Generous orthodoxy is a phrase that describes a Christianity both broad and deep rooted in the historic creeds and embracing different expressions of Christian faith The Bond of Peace is a ground breaking creative and practical exploration of what generous orthodoxy really means and how expressing it might bring about a sense of unity in the church that is badly needed in our fractured and polarised world Drawing together leading theologians from the UK and the USA including David Ford Katherine Sonderegger Willie Jennings Tom Greggs JKA Smith and Jane Williams The Bond of Peace offers reflections on how generous orthodoxy can be expressed through everything from worship and preaching to biblical theology the arts and more Based around a series of lectures held at St Mellitus College and sponsored by the McDonald Agape Foundation this timely book is essential reading for anyone interested in how the Christian Church can bridge the gap between denominations to negotiate the challenges of our 21st century world in a united manner It will leave you not only with a

deeper understanding of generous orthodoxy but the practical confidence to celebrate and embrace the differences in Christian denominations so we can all live together more joyfully through the transforming and renewing work of the Holy Spirit

Astrobiology and Christian Doctrine Andrew Davison, 2023-07-06 In recent decades powerful telescopes have enabled astrophysicists to uncover startling new worlds and solar systems An epochal moment came in 1995 when a planet 51 Pegasi b was located orbiting a star other than our own sun Since then thousands of new planets have followed and the question of life beyond earth has become one of the principal topics in discussions between science and religion Attention to this topic has a long history in Christian theology but has rarely been pursued at any depth Writing with both passion and precision Andrew Davison brings his extensive knowledge of Christian thought to bear drawing particularly on the thought of Thomas Aquinas as well as his training as a scientist No book to date better prepares the Christian community for responding to evidence of other life if it is found And yet we do not need to wait for that to have happened before this book shows its worth In thinking about planets creatures and ecosystems beyond our planet Davison already reinvigorates our theology for the earth

Young,2024-08-13 How did Scripture function in early arguments about doctrine Historical criticism has revealed a gap between scripture and the mainstream doctrines that define Christianity today Not the least of these are the Trinity and two natures of Christ widely accepted since the fifth century but seemingly unfounded in historical readings of Scripture How did these dogmas become so integral to the faith in the first place Frances M Young tackles this monumental question in a culmination of decades of biblical and patristic research The second of two volumes *Scripture in Doctrinal Dispute* illuminates the role of biblical hermeneutics in the debates that forged Christian dogma on the nature of God Young shows how the theological commitments to God as the sole creator of all else from nothing shaped fourth and fifth century disputes over Christology and the Trinity Played out in the great councils of the fourth century and beyond these conflicts drove the need to discern doctrinal coherence in scripture The different sides relied on different prooftexts and the rule of faith served as the criterion by which scriptural interpretation was measured thereby forming the basis of the creeds Nuanced and ecumenical *Scripture in Doctrinal Dispute* completes Young s magnum opus closing the gap between scripture and Christian tradition Young s magisterial study holds widespread implications for not only patristics but also exegesis and systematic theology

In the Shadow of Christ Derek Joseph Wiertel,2025-05-29 *In the Shadow of Christ* presents a fresh theological interpretation of nature s violent and suffering character as determined by God s self interpretation in Jesus Christ Grounded in the rich spiritual tradition of premodern natural theology Wiertel retrieves a figural reading of nature that interprets the entire span of created existence through Scripture s symbolic landscape This restored vision of the two books rooted in God s creative and redemptive word establishes an interpretive framework that sees all of creation its beauty its strangeness and its tragedies through the creative dynamics of God s revelatory speech In this essay Wiertel critically embraces scriptural figuration with its profoundly Christocentric metaphysical orientation to offer a rich theological vision of creational suffering By engaging Scripture and the natural world figurally and in critical dialogue with contemporary philosophy ethics and biology Wiertel unfolds an expansive theological narrative He maps creation s suffering within the mystery of Jesus Christ inviting readers to see all of natural history as a divine gift ordered toward its eschatological transformation **T&T Clark**
