Gods Sages And Kings Vedic Secrets Of Ancient Civilization:

Gods, Sages and Kings David Frawley, 1993 The book comprises two parts part I deals with the socio historical aspects of family of the Vedic Seer Bharadvaja and Part II discusses the significant contribution the family has made to the various fields of Indian culture

Gods, Sages and Kings David, Frawley, 2018-05-14 Gods Sages and Kings presents a remarkable accumulation of evidence pointing to the existence of a common spiritual culture in the ancient world from which present civilization may be more of a decline than an advance The book is based upon new interpretation of the ancient Vedic teachings of India and brings out many new insights from this unique source often neglected and misinterpreted in the West In addition it discusses recent archaeological discoveries in India whose implications are now only beginning to emerge

Publisher *Key to the Vedas* , **Wisdom of the Ancient Seers** David Frawley, 2019-01-01 The Rig Veda is not only one of the oldest sacred scriptures of the world but also one of the most misunderstood Past scholarship has dismissed the hymns of the Rig Veda as being expressions of a primitive animistic mentality that only rarely rose to true spiritual and philosophical heights David Frawley's book demonstrates that this judgmental view is ill founded His fine renderings of select Vedic hymns bear witness to the fact that their composers were sages and seers powerful poets who knew the art of symbolic and metaphoric communication The Vedic hymns give us a unique glimpse not into a primitive mentality but a mentality and culture that revolved around the highest spiritual values and visions This is an important and riveting book ushering in a new and sounder tradition of Vedic interpretation and scholarship Georg Feuerstein

In Search of the Cradle of Civilization Georg Feuerstein, Subhash Kak, David Frawley, 2005-01-01 The book shows that the ancient Indians were no primitives but possessed a high spiritual culture which not only influenced the evolution of the Western world in decisive ways but which still has much to teach us today India's archaic spirituality is codified in the rich symbols metaphors and myths of the magnificent Rig Veda which is shown to be much older than has been widely assumed by scholars The present book also unravels the astonishing mathematical and astronomical code hidden in the Vedic hymns Anyone interested in ancient cultural history India archaeo astronomy or spirituality will find this well researched and cross cultural work spellbinding and enriching

Exploring Vedic Literature Dr. Umar Farooque,2023-12-15 This project aims to conduct a comprehensive comparative analysis of a selection of prominent epic literary works from different cultures and time periods By examining the themes narratives cultural contexts and literary techniques used in these epics this study seeks to highlight the universal and unique aspects of epic storytelling across different civilizations The selected epics for analysis include Homer s The Iliad and The Odyssey Valmiki s Ramayana and Virgil s The Aeneid The project involves in depth textual analysis historical research and critical interpretation to provide insights into the evolution and significance of epic literature *Maya Cosmogenesis 2012*

John Major Jenkins,1998-08-01 While researching the 2012 end date of the Maya Calendar John Major Jenkins decoded the Maya s galactic cosmology The Maya discovered that the periodic alignment of the Sun with the center of the Milky Way galaxy is the formative influence on human evolution These alignments also define a series of World Ages The fourth age ends on December 21 2012 when an epoch chapter in human history will come to an end Maya Cosmogenesis 2012 reveals the Maya s insight into the cyclic nature of time and prepares us for our own cosmogenesis the birth of a new world **The Vedic Core of Human History** M. K. Agarwal,2013-12 The origin of world civilization can be traced to the Indus Valley cradle where brilliant and original thinkers made groundbreaking discoveries The history of these discoveries is recorded in the vast Sanskrit literature In this study author M K Agarwal explores the cultural and historical significance of the region He explores Indus Valley culture which encouraged creative thought as opposed to the Abrahamic faiths which herded followers into dogmatic thinking He holds that these religions prospered because of their unfettered hatred of the Vedic Hindu Buddhist peoples who were demonized as pagans to be murdered tortured raped enslaved and robbed He also considers the achievements of that culture such as the creation of the most affluent most scientifically advanced and most spiritual of all societies with archeological moorings that can be traced back to 8000 BC No other region can even come close to transforming people and culture like the Indus Valley but the world s Vedic roots have been ignored shunned and covered up Uncover the history that has been lost and develop a deeper appreciation for the true cradle of human civilization with The Vedic Core of Human History **Galactic Alignment** John Major Jenkins,2002-07-01 Explores the central role played by the galaxy in both ancient and modern times in the transformation of the human spirit Extends Jenkins groundbreaking research in Maya Cosmogenesis 2012 Reveals how the coming Galactic Alignment of era 2012 promises a renewal of human consciousness Uncovers the galactic vision of Mayan Egyptian Greek and Vedic cosmologies The Galactic Alignment is a rare

astronomical event that brings the solstice sun into alignment with the center of the Milky Way galaxy every 12 960 years Building on the discoveries of his book *Maya Cosmogenesis* 2012 Jenkins demonstrates that the end date of 2012 does not signal the end of time but rather the beginning of a new stage in the development of human consciousness He recovers a striking common thread that connects the ancient cosmological insights of the Maya not only to Egyptian thought and Vedic philosophy but also to the diversity of humankind's metaphysical traditions ranging from Celtic sacred topography and Medieval alchemy to the Kabbalah and Islamic astrology His work presents us with a groundbreaking synthesis of lost wisdom once common to ancient cosmologies that will help us understand the significance of this transformative cosmic milestone

From the River of Heaven David Frawley, 2000-11 This text presents an overview of Indian spiritual tradition and its relevance to the modern mind It introduces Vedic knowledge as the root of many mystical traditions and as a complete system of spiritual science including the practice of yoga as part of a field of spiritual culture

A Survey of Hinduism Klaus K. Klostermaier, 2010-03-10 This third edition of the classic text updates the information contained in the earlier editions and includes new chapters on the origins of Hinduism its history of relations with Buddhism Christianity and Islam Hindu science and Hindu measures of time The chronology and the bibliography have been updated as well A comprehensive survey of the Hindu tradition the book deals with the history of Hinduism the sacred writings of the Hindus the Hindu worldview and the specifics of the major branches of Hinduism Vaisnavism Saivism and Saktism It also focuses on the geographical ties of Hinduism with the land of India the social order created by Hinduism and the various systems of Hindu thought Klaus K Klostermaier describes the development of Hinduism in the nineteenth and twentieth centuries including present day political Hinduism and the efforts to turn Hinduism into a modern world religion A unique feature of the book is its treatment of Hinduism in a topical fashion rather than by chronological description of the development of Hinduism or by summary of the literature The complexities of Hindu life and thought are thus made real to the reader and Hindus will recognize it as their own tradition

The Dharma Manifesto Sri Dharma Pravartaka Acharya, 2013-11-02 The Dharma Manifesto is a call to action for those who seek a form of social and political action that has a firm spiritual foundation but which also challenges the prevailing social and religious order in the postmodern West It does not merely offer criticism it is also a blueprint for how a national community founded upon Dharmic principles could operate in the twenty first century Its author defines the term Dharma which in the ancient Sanskrit language means Natural Law in an unconventional way For those who embrace Dharma Nationalism Dharma is predicated upon the pressing need for the organic and munificent resacralization of culture and of all human endeavor as well as the manifestation of the highest potentials attainable by every individual in society in accordance with transcendental principles Thus Dharma does not only refer to traditions with which it is usually associated such as Hinduism and Buddhism but also to the Taoist Confucian Zoroastrian Native American and European pagan traditions all of which this book holds share a common basic worldview

This book is therefore a resource for those who want to carry out both an inward contemplative revolution within themselves as well an outer social revolution in the world around them in harmony with one another It is intended to serve as a systematic program signaling the beginning of a what will hopefully be a new era in humanity s eternal yearning for meaningful freedom and happiness **Taxation and Revenue Collection in Ancient India** Sanjeev Kumar,2016-05-11

This is the first book to study taxation and revenue collection through a detailed analysis of public finance and financial administration in four major Indian texts namely Mahabharata Manusmriti Shukranitisar and Arthashastra as philosophers trained in the Indian classic tradition and scholars working on ancient Indian wisdom mostly prefer a more abstract approach India has a long tradition of at least two millennia of active philosophizing in the fields of logic ethics epistemology and metaphysics though many in the West feel hesitant in according it the title philosophy in their sense of the word Furthermore few in India have taken it beyond philosophy towards active knowledge This book re visits and re interprets the contexts of these texts with logic and objectivity to bring the pearls of knowledge found within into the present day showing that Sanskrit is still the lingua franca of intellectual dialogue in India From Bharata to India M. K. Agarwal,2012-05-22 The origin of world civilization can be traced to the Sindhu and Sarasvati river valleys located in present day Pakistan as early as 8 000 BC Here innovation and originality in every aspect of human endeavor from mathematics and science to art and sports flourished Yet the importance of this civilization known as the Vedic period has been deliberately downplayed Thoroughly researched and including an extensive bibliography From Bharata to India rectifies this mistake in the perspective of world history and seeks to offer a comprehensive reference source Author M K Agarwal shows how this early culture where ideation by enlightened philosopher Brahmin kings brought material and spiritual wealth that was to remain unchallenged until the colonial era This Vedic Hindu Buddhist legacy subsequently influenced peoples and paradigms around the globe ushering in an era of peace and plenty thousands of years before the Europeans By using original sources in Sanskrit as well as regional literature Agarwal compares corresponding situations in other civilizations within the context of their own literary traditions and records to prove that Bharata forms the basis of world civilization This is in direct contrast to the Greek or Arab miracle hypothesis put forth by numerous scholars The first of two volumes in this series From Bharata to India offers a fascinating in depth glimpse into ancient Indias contribution to the modern world **Saraswati K. S. Valdiya**,2002 This Book Is About The River Saraswati That Vanished More Than 2000 Years Ago Written In Simple Language Shorn Of Technical Jargon It Explores The Existence Of A Mighty Snow Fed River Traces Its Course From The Foothills Of The Himalayas To The Shores Of The Arabian Sea And Outlines The History Of Human Settlements Along This River It Finally Highlights The Geological Events That Overtook The Land Leading To The Disappearance Of The River That Was Once The Lifeline Of The People That Inhabited Its Floodplain It Is Lavishly Illustrated In Both Colour And Black And White

Liber 420 Chris Bennett,2018-04-20 Although little known cannabis and other psychoactive plants held a prominent and

important role in the Occult arts of Alchemy and Magic as well as being used in ritual initiations of certain secret societies Find out about the important role cannabis played in helping to develop modern medicines through alchemical works Cannabis played a pivotal role in spagyric alchemy and appears in the works of alchemists such as Zosimos Avicenna Lull Paracelsus Cardano and Rabelais Cannabis also played a pivotal role in medieval and renaissance magic and recipes with instructions for its use appear in a number of influential and important grimoires such as the Picatrix Sepher Raxiel Liber Salomonis and The Book of Oberon Could cannabis be the Holy Grail With detailed historical references the author explores the allegations the Templars were influenced by the hashish ingesting Assassins of medieval Islam and that myths of the Grail are derived from the Persian traditions around the sacred beverage known as haoma which was a preparation of cannabis opium and other drugs Many of the works discussed have never been translated into English or published in centuries The unparalleled research in this volume makes it a potential perennial classic on the subjects of both medieval and renaissance history of cannabis as well as the role of plants in the magical and occult traditions **Self and Soul** Mark Edmundson,2015-09-01 In a culture of the Self that has become progressively more skeptical and materialistic we spare little thought for the great ideals courage contemplation and compassion that once gave life meaning Here Mark Edmundson makes an impassioned attempt to defend the value of these ancient ideals and to resurrect Soul in the modern world
