Kondrath,2013-12-29

Congregational Resources for Facing Feelings is a companion collection to Facing Feelings in Faith Communities by William Kondrath This collection of practical applications for congregational situations in which exercising greater emotional competence will improve both our understanding of what is happening and the effectiveness of our actions and those of others **Facing Feelings in Faith Communities** William M. Kondrath,2013-08-05 Facing Feelings in Faith Communities is based on a simple premise We have emotions because we need them God created us as affectively competent beings William Kondrath argues to help us understand our world and to give appropriate signals to people around us about what we are experiencing When we express our feelings clearly other people can more easily respond in ways that are helpful to us

thus enhancing our relationships and the work we might do together Kondrath also recognizes that unfortunately for many of us our emotional software was infected early on with viruses early familial and social conditioning that distorted the way we responded to natural stimuli Because we are underusing or misusing our emotional capacities we are missing out on the opportunity to express our full humanity Fortunately we can re program our emotional software Facing Feelings in Faith Communities helps us restore our emotional systems to their original state or at least invites us to imagine how we would live differently if our emotional expressions were more nearly congruent with the situations and events we encounter Kondrath invites us to explore six feelings fear anger sadness peace power and joy through poetry meditation on an evocative drawing as well as through his own analysis of each feeling Congregational Resources for Facing Feelings is a companion collection to this book For more information click here **Learning to Lead** Rev. Willard W. C. Ashley Sr., MDiv, DMin, DH,2012-10-15 The first comprehensive resource for teaching spiritual leadership development in the twenty first century for all faith traditions America is changing Technology social networking global economics immigration migration and multiculturalism urge communities of faith to expand their vision of spiritual leadership and reflect on how leaders can better serve congregations and communities in the twenty first century In this multifaith cross cultural and comprehensive resource for both clergy and lay persons contributors who are experts in the field explore how to engage spiritual leaders and teach them how to bring healing faith justice and support to communities and congregations They offer tools advice practical methodologies and case studies on how stakeholders congregational leaders ordained religious leaders educators students and community leaders learn how to do theology in context and grow into faith leadership roles **Born of Water, Born of Spirit** Sheryl A. Kujawa-Holbrook,2010-04-07 What does the church look like if we take the ministry of the baptized the priesthood of all believers seriously How are congregations transformed when the church supports and affirms the ministry of all the baptized particularly in small congregations without the means to hire a seminary trained pastor And what ecclesial structures and educational models need to emerge in the next decades to assist these small congregations in the recovery of baptismal living and their own vitality Sheryl Kujawa Holbrook and Fredrica Harris Thompsett explore these questions as well as the variety of ways people in small congregations many with no more than fifty members are living out their baptism and the impact their actions are having on their congregations judicatories and communities and the institutions that educate clergy The authors argue that just because a community cannot pay a seminary trained minister a growing problem in remote regions it does not mean that there is no ministry there It does mean that we need to look at ministry and the church in a more expansive way The stories of the congregations revealed in this book serve to inspire us about what is possible when we live intentionally as the reconciling presence of the body of Christ in the world They also educate us about what will be needed in the years to come to lift up still more small congregations for their work in the larger community The Ocean of God Roland Faber,2019-06-29 The Ocean of God conveys the proposition that the future of religions if they will not want to

contribute to the destruction of humanity will become transreligious Based on the assumption that the spiritual impulse of humanity cannot simply be eradicated religiosity will persist in transreligious forms as secularizations naturalizations and transhumanist dreams only envision such transformations but fall short in their ability to replace the force of spirituality to further civilized peace of human existence on Earth and its future in evolutionary ecological and cosmological dimensions In relating the contributions of religious pluralism to the concept of the unity of religions which have arisen in this new axial age for overcoming the checkered history of religions in furthering peace the program of a polyphilic pluralism with its transreligious discourse based on the insight of the fundamental relativity of religious truth and the special contributions of process philosophy and theology as well as the Bah universe of thought analyses and projects a new religiosity or spirit enabling religions to overcome their deepest motives of strife and warfare

Jeff Woods,2016-03-08 Have you ever been frustrated with or perhaps even frightened about writing a religious research proposal This book

demythologizes the religious research design process by beginning with the writer's passion for ministry and then guiding the writer through a series of questions and exercises that lead toward a stress-free research proposal. The entire research process including the description of context, literature review, data collection and presentation and significance of the study are covered in this book. Through practical exercises, writers learn how to read research abstracts, choose between quantitative and qualitative methods, and identify themes and patterns in data. There is even a section that helps the writer transform an interesting study into an intriguing study. Students who have previously engaged this funnel approach to research design have found the process not only productive but also enjoyable. This unique process of proposal development has been employed in various ecumenical as well as international contexts and works well in a wide variety of religious contexts including congregations, nonprofit agencies, hospitals, and educational institutions. If you want to learn to love data and write an appealing religious research proposal, this book is for you.

Healing the Soul after Religious Abuse Mikele Rauch, 2009-03-20. Recent scandals of clergy sexual abuse have brought attention to the victims and their responses to and recovery from their abuse. But few have considered the effect of the abuse on a victim's soul and religious outlook and beliefs. Healing the Soul after Religious Abuse offers a unique perspective of recovery and restoration of the soul after religious abuse. The author argues that religious abuse often stops not only psychological growth but also inward development. The effect is not simply emotional because the devastation reaches to the core of the spirit. Often there is no place for a God of love or a love of what once was divine. Through a series of personal interviews with persons from the five major religions, Rauch considers various ways that religion can do harm. The stories told in this book include the road to restoration in the wake of institutional abuse and how inner experience is sometimes confused with religious training, the sacred task of spiritual leadership and how to restore trust when there has been a violation, an exploration of sacrifice and a clarification of the notion of shame, a look at the impact of religious bigotry in the areas of race, sexuality, and tolerance, an overview of sexuality and the place it holds in both celibate and family life, the pernicious issue of clergy sexual abuse and the signs of spiritual trauma in response to such violation, a roadmap for restoration and a challenge to religious institutions, and lastly, ways to reclaim the sacred and rewire the spirit. Through interviews, research, and personal stories, the author tells a story of recovery of the most delicate kind, offering pathways through the dark night of religious violation to a restoration of the soul and its immense possibilities.
