The Grounds of Christian Belief (Classic Reprint) Frederick William James Butler, 2015-07-08 Excerpt from The Grounds of Christian Belief Exponents of the Christian Religion are given at the present time a unique opportunity of setting forth its truth The deeper Thought of the times is indeed for those who will let it carry them along with it to its inevitable goal but our schoolmaster to bring us to Christ The Christian Creed is not a final conclusion of speculation it has its own independent proof its definite historical basis and its constant verification in experience But though it exists and demonstrates itself in its own right its claim is one that Reason perpetually justifies that profound Thought leads up to and vindicates both for mind and heart I have endeavoured to make clear both these elements in the Christian Faith its grounds in history and in experience the way in which all deeper Thought either prepares the way for its presentation or brings out its deep implications in Reason The Christian Faith when rightly estimated in its truth and moral demand commends itself alike to mind and conscience Especially with regard to the Work and Person of Christ the intellectual estimate the element of doctrine is to the absolute moral value or unconditional imperative thereof but the other side of the shield There has been recently a considerable revival of aggressive Materialism The Rationalist Press Association has found funds and increased its output and though Materialism is certainly a back number in the domain of Thought its recent popular presentations may gain for it among those whose critical faculty is only slightly developed a measure of acceptance not warranted by its merits A critical examination of the basis and claims of this survival of an outworn type of theory the weak and beggarly elements of nineteenth century Rationalism struggling for life in a new age will it is hoped help many who desire to see things as they really are and to approve the things that are true and are more excellent About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Grounds of Theistic and Christian Belief (Classic Reprint) George Park Fisher, 2016-10-18 Excerpt from The Grounds of Theistic and Christian Belief I must expect that among the readers who may be interested in the general subject of this volume some will be less attracted by the sections that are concerned with

the philosophical objections to theism or with the critical evidence in behalf of the genuineness of the Gospels But even this class I trust will find the major part of the book not altogether ill suited to their wants I venture to indulge the hope that they may derive from it some aid in clearing up perplexities and some new light upon the nature of the Christian faith and its relation to the Scriptures About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Faith of a Quaker (Classic Reprint)

John William Graham, 2017-02-06 Excerpt from The Faith of a Quaker There arise also the insistent questions which beset all mystics and which in Quakerism demanded a corporate instead of an individual answer Was the light infallible Was the claim to it an assumption of spiritual exaltation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

McDowall,2017-07-16 Excerpt from Evolution and the Need of Atonement As the title indicates the main object of this book is not to offer a new theory of the Atonement Rather it is intended to Show that when the origin and history of man are studied from the scientific and especially the biological side the spiritual life its partial failure and the need for Atonement far from receding into vagueness and unreality are thrown into strong relief About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Life of Christian**

Doctrine Mike Higton,2020-07-09 The lives of Christian churches are shaped by doctrinal theology That is they are shaped by practices in which ideas about God and God's ways with the world are developed discussed and deployed This book explores those practices and asks why they matter for communities seeking to follow Jesus Taking the example of the Church of England this book highlights the embodied affective and located reality of all doctrinal practices and the biases and exclusions that mar them It argues that doctrinal theology can in principle help the church know God better even though doctrinal theologians do not know God better than their fellow believers It claims that it can help the church to hear in Scripture challenges to its life including to its doctrinal theology It suggests that doctrinal disagreement is inevitable but that a better quality of doctrinal disagreement is possible And finally it argues that by encouraging attention to voices that have previously been ignored doctrinal theology can foster the ongoing discovery of God's surprising work Faith Has Its Reasons Kenneth Boa,Robert M. Bowman Jr.,2012-01-05 A most accessible but thoroughly practical primer on apologetics

Hoffmeier, Dennis R. Magary, 2012-02-29 Is historical accuracy an indispensable part of the Bible's storyline or is Scripture only concerned with theological truths As progressive evangelicals threaten to reduce the Bible's jurisdiction by undermining its historical claims every Christian who

cares about the integrity of Scripture must be prepared to answer this question Do Historical Matters Matter to Faith offers a firm defense of Scripture's legitimacy and the theological implications of modern and postmodern approaches that teach otherwise In this timely and timeless collection of essays scholars from diverse areas of expertise lend strong arguments in support of the doctrine of inerrancy Contributors explore how the specific challenges of history authenticity and authority are answered in the text of the Old and New Testaments as well as how the Bible is corroborated by philosophy and archaeology With contributions from respected scholars including Allan Millard Craig Blomberg Graham Cole Michael Haykin Robert Yarbrough and Darrell Bock Do Historical Matters Matter to Faith arms Christians with fresh insight arguments and language with which to defend Scripture's historical accuracy against a culture and academy skeptical of those claims

ISAIAH'S PROPHETIC TITLES OF THE MESSIAH...IN A DISCOURSE ON ISAIAH 9:6 (1817) LANT CARPENTER, 2016-10-20 This is a hard to find reprint of a Unitarian sermon originally published in 1817 It also contains an appendix with three additional Christian lecture excerpts

The Messiah and the Jews Elaine Rose Glickman, 2013 A comprehensive inspiring and fascinating discovery of what Jews believe about the Messiah and why you might believe in the Messiah too The conviction that the Messiah is coming is a promise of meaning It is a source of consolation It is a wellspring of creativity It is a reconciliation between what is and what should be And it is perhaps our most powerful statement of faith in God in humanity and in ourselves from Chapter 1 The Messiah Is Coming The coming of the Messiah the promise of redemption is among Judaism's gifts to the world But it is a gift about which the world knows so little It has been overshadowed by Christian belief

and teaching and as a result its Jewish significance has been all but lost To further complicate matters Jewish messianic teaching is enthralling compelling challenging exhilarating yet up until now woefully inaccessible This book will change that Rabbi Elaine Rose Glickman brings together and to life this three thousand year old tradition as never before Rather than simply reviewing the vast body of Jewish messianic literature she explores an astonishing range of primary and secondary sources explaining in an informative yet inspirational way these teachings significance for Jews of the past and infuses them with new meaning for the modern reader both Jewish and non Jewish The Quest for Truth F. Leroy Forlines, 2001 This invaluable tool seriously discusses profound truths that apply to every facet of life Biblical truth should be made applicable to the total personality The inescapable questions of life are answered from the standard of God's authoritative Word

Classical Readings in Christian Apologetics L. Russ Bush, 1983 This volume is a collection of selected readings that are of continuing significance for Christian apologetics Dr Bush has written a general introduction to the field of apologetics and an introduction to each apologist cited and the work or works from which selections have been drawn A brief bibliography is also given for each writer Christians have always been called on to defend their beliefs certainly no less today than at any other time in history In this book the outstanding apologists of previous centuries become models both in the content of their writing and in their methodology for Christians today All those who love the Lord and His church and are concerned that many be made aware of the reasonableness of the Christian faith will find this book enlightening and exciting

The Ground of Union A. N. Williams, 1999-06-17 This book attempts to resolve one of the oldest and bitterest controversies between the Eastern and Western Christian churches namely the dispute about the doctrine of deification A N Williams examines two key thinkers each of whom is championed as the authentic spokesman of his own tradition and reviled by the other Taking Aquinas as representative of the West and Gregory Palamas for the East she presents fresh readings of their work that both reinterpret each thinker and show an area of commonality between them much greater than has previously been acknowledged

Theology in Search of Foundations Randal Rauser, 2009-08-20 In the history of Western thought Christian theology was once considered to be the Queen of Sciences Today it has been marginalised by a prevailing scepticism Randal Rauser confronts the problem of developing a public voice for the theologian as engaged in true theological science while not compromising the commitment to the Christian community of faith This book posits a viable account of theological rationality justification and knowledge that avoids the twin pitfalls of modern rationalism and postmodern irrationalism Theology is freshly understood as a rigorous and rational truth seeking discipline that seeks theoretical understanding of divine reality Throughout the modern era the predominant epistemological position has been classical foundationalism a position now widely rejected by philosophers and theologians alike Philosophers recognize that it fails to achieve a plausible account of rationality justification or knowledge while theologians recognize the extent to which classical foundationalist strictures have distorted Christian doctrine In its place many philosophers and theologians alike

have adopted a nonfoundationalist epistemology which is in turn often associated with a problematic alethic and metaphysical antirealism Engaging with the ideas of key thinkers from Descartes Locke and Kant to Bruce Marshall and Alvin Plantinga Rauser provides an accessible and provocative survey of the theological terrain of the modern and postmodern era arguing in favour of a return to a moderate foundationalism
