Protection of Human Life at Sea in International Law Aphrodite Papachristodoulou,2025-05-30 The law of the sea imposes a long established duty to rescue persons in distress which connotes one of the most important tools in safeguarding safety of life at sea Other rules of international law namely international human rights and refugee law also come into play in drawing the legal parameters for the conduct of rescue operations Amid the thousands of people undertaking perilous sea journeys in search of safety European legal responses have primarily focused on the securitization of migration This book exposes the human rights violations that may be perpetrated against migrants attempting to cross the Mediterranean and strongly advocates for the development of a framework for operationalizing the protection of human rights and life at sea It combines theory and practice in which philosophical theories of rights are applied to create a framework for legal analysis and the development of practical legal standards The study presents an innovative evaluation of selected judgments of the European Court of Human Rights and other international human rights bodies pertaining to complex questions of extraterritorial jurisdiction and a State s human rights obligations towards persons in distress at sea The book will be of interest to all those engaging with migration and security studies international human rights scholarship international law of the sea refugee and migration law and legal philosophy whether generalist or specialist

Small Island States & International Law Carolin König,2022-12-30 What happens under international law if a state perishes due to rising sea levels without a successor state being created Will the state cease to exist What would this mean for its population Have international law and globalization progressed enough to protect the people thus affected or does international law still depend on the territorial state when it comes to protecting entire populations Exploring these issues this book provides answers to these pressing questions Focusing on small island states as actors in the international community it evaluates the challenges that the state as a subject of international law faces in general from globalization and humanization and what this means for small island states threatened by rising seas Highlighting the experience of the indigenous peoples of small island states as collectives and to the individuals living in these states the book addresses fundamental questions of general state theory and international law drawing on an extensive body of source material As rising sea levels present an increasingly pressing threat to small island states this book highlights the importance of international protection of the individual and the capacity of international organizations to act within existing international law It identifies pressing problems where immediate action is required and argues that in future the responsibility for protecting individuals could shift to the international community if a sinking island state can no longer protect its population on its own

Research Handbook on the Politics of Human Rights Law Bård A. Andreassen,2023-01-20 International human

rights law is undoubtedly intertwined with politics and so this Research Handbook explores and provokes reflection on how politics impacts human rights legislation and conversely how human rights law shapes politics and the functioning of the state. Bringing together leading international scholars in human rights law and politics, the Research Handbook provides theoretical reflections and empirical analyses across the areas of governance and policies and examines the implementation mechanisms of human rights law in national and international jurisdictions.

Government and Politics of the Contemporary Middle East Tareq Y. Ismael, Jacqueline S. Ismael, 2023-09-18. This exciting new edition of the successful textbook for students of Middle Eastern politics provides a highly relevant and comprehensive introduction to the complexities of a region in constant flux. Combining a thematic framework for examining patterns of politics with individual chapters dedicated to specific countries, the book places the very latest developments and long-standing issues within an historical context. This third edition extends its analysis to post-2015 developments in the region as well as expanding the range of pedagogical features on offer. Presenting information in an accessible and inclusive format, the book offers coverage of the historical influence of colonialism and major world powers on the shaping of the modern Middle East. A detailed examination of the legacy of Islam. Analysis of the political and social aspects of Middle Eastern life, including alienation between the state and society, poverty and social inequality, and ideological crisis and renewal. Case studies on countries in the Fertile Crescent: Iraq, Syria, and Lebanon; and Israel, Palestine, the Northern Belt, Turkey, and Iran; and those West and East of the Red Sea: Egypt and the members of the Gulf Cooperation Council. A key introductory text for students of Middle Eastern politics and history at advanced undergraduate and postgraduate levels, this new edition has been extensively updated to also become a timely and significant reference for policy makers and any motivated reader.

Routledge Handbook on Human Rights and the Middle East and North Africa Anthony Chase, 2016-11-10. Recent events such as Iran's Green Revolution and the Arab Uprisings have exploded notions that human rights are irrelevant to Middle Eastern and North African politics. Increasingly seen as a global concern, human rights are at the fulcrum of the region's on-the-ground politics, transnational intellectual debates, and global political intersections. The Routledge Handbook on Human Rights and the Middle East and North Africa emphasises the need to consider human rights in all their dimensions rather than solely focusing on the political dimension in order to understand the structural reasons behind the persistence of human rights violations. It explores the various frameworks in which to consider human rights, conceptual, political, and transnational. It discusses issue areas subject to particularly intense debate: gender, religion, sexuality, transitions, and accountability. It contains contributions from perspectives that span from global theory to grassroots reflections, emphasising the need for academic work on human rights to seriously engage with the thoughts and practices of those working on the ground. A multidisciplinary approach from scholars with a wide range of expertise allows the book to capture the complex dynamics by which human rights have had or could have an impact on Middle Eastern and North African politics. This book will therefore be a key resource for students and scholars of Middle

Eastern and North African politics and society as well as anyone with a concern for Human Rights across the globe

Guarantees of Non-Repetition in International Human Rights Law and Transitional Justice Nita Shala, 2024-06-07 This book examines the understudied yet increasingly applied concept of Guarantees of Non Repetition under international human rights law and transitional justice Guarantees of Non Repetition GNRs are measures taken to ensure that human rights abuses do not recur They are especially crucial in post war contexts marked by severe and systematic violations However although they are increasingly invoked GNRs are not well understood and they have so far received only limited theoretical and practical analysis Tracing their development to the influence of international human rights law this book considers what GNRs are how and why they have come about and how GNRs are implemented Through an explication of the history law and jurisprudence of GNR s in regional mechanisms in Latin America Europe and Asia as well as in international bodies the book maintains the increasing importance and as yet unfulfilled potential of this legal obligation in transitional justice settings This first book to analyse the development of GNRs and their application will appeal to scholars in the areas of law and transitional justice public policy and socio legal studies as well as lawyers and policy makers working in post conflict situations
