Kurdistan in Iraq Aram Rafaat, 2018-05-11 The Kurdish Iraqi conflict lies in the fact that Kurdistan is a nation without a state and Iraq is a non nation state each possessing a nationhood project differing from and opposing the other Iraqi Kurdistan is an outward looking entity seeking external patronage Though external patronage has played a pivotal role in the evolution of the Kurdish quasi state a lack of positive patronage has prevented it from achieving independence This book looks at how the Kurdish and Iraqi quests for nationhood have led to the transformation of Iraqi Kurdistan into an unrecognised quasi state and the devolution of the Iraqi state into a recognised quasi state This is done by examining the protracted Iraqi Kurdish conflict and by analysing the contradictions and incompatibilities between the two different nationalisms Iraqi and Kurdish The author explains that Kurds as a nation without a state have their own nationhood project which is in opposition to the Iraqi nationhood project Each has its own identity loyalty and sovereignty The book answers the question as to how the Kurdish quest for nationhood has been treated by successive Iraqi regimes Furthermore it fills in the literary gaps which exist in relation to the Iraqi Kurdish conflict by specifying and categorising the cardinal conditions that drive ethnic and nationalist conflicts which lead to the creation of separatist entities Drawing upon a vast amount of

untapped Kurdish and Arabic primary sources the book draws on prominent theories on nation states and quasi states It will particularly appeal to students and scholars of international relations political theory and Middle Eastern Studies

Statebuilding Timothy Sisk, 2014-01-21 After civil wars end what can sustain peace in the long term In particular how can outsiders facilitate durable conflict managing institutions through statebuilding a process that historically has been the outcome of bloody struggles to establish the state's authority over warlords traditional authorities and lawless territories In this book Timothy Sisk explores international efforts to help the world's most fragile post civil war countries today build viable states that can provide for security and deliver the basic services essential for development Tracing the historical roots of statebuilding to the present day he demonstrates how the United Nations leading powers and well meaning donors have engaged in statebuilding as a strategic approach to peacebuilding after war Their efforts are informed by three key objectives to enhance security by preventing war recurrence and fostering community and human security to promote development through state provision of essential services such as water sanitation and education to enhance human rights and democracy reflecting the liberal international order that reaffirms the principles of democracy and human rights Improving governance alongside the state's ability to integrate social differences and manage conflicts over resources identity and national priorities is essential for long term peace Whether the global statebuilding enterprise can succeed in creating a world of peaceful well governed development focused states is unclear But the book concludes with a road map toward a better global regime to enable peacebuilding and development oriented statebuilding into the 21st century
