Loyalty Bettina Berg, 2013-09-07 Marketers and retailers have to understand how to manage different consumer perception levels of retail brands, which have a major determining role on store loyalty across different complex contexts. Addressing these issues, Bettina Berg analyzes first whether corporate reputation and retail store equity have a reciprocal relationship in determining store loyalty. Second, she evaluates whether retail brand equity or store accessibility provides a greater contribution to store loyalty across different local competitive situations. Third, she investigates whether perceptions of format-specific core attributes differ in their impact on the brand building process in saturated and emerging markets. **The**
