**The Communism of Love** Richard Gilman-Opalsky, 2020-12-01 Exploring the meanings and powers of love from ancient Greece to the present day Richard Gilman Opalsky argues that what is called love by the best thinkers who have approached the subject is in fact the beating heart of communism understood as a way of living not as a form of government Along the way he reveals with clarity that the capitalist way of assigning value to things is incapable of appreciating what humans value most Capitalism cannot value the experiences and relationships that make our lives worth living and can only destroy love by turning it into a commodity *The Communism of Love* follows the struggles of love in different contexts of race class gender and sexuality and shows how the aspiration for love is as close as we may get to a universal communist aspiration

Holy Solitude Heidi Haverkamp, 2017-12-31 Our faith is full of heroes who experienced God powerfully in solitude From Hagar and the Hebrew prophets to Jesus in the wilderness to Francis of Assisi and Catherine of Siena we see how escape from the toil and temptations of daily life can open our eyes ears minds and hearts to the still small voice of God In the vast

desert or a tiny room solitude frightening for some and a welcome reprieve for others is far from an antisocial self indulgence but rather is an opportunity for transformation and empowerment to serve God s people ever more deeply While most of us can t take weeks or even a few days for private retreat Holy Solitude offers readers thoughtful inspiration and practical devotional activities such as taking a solitary bus ride or baking a loaf of bread for a neighbor Daily reflections introduce readers to figures in both Scripture and Christian history whose stories of discernment and discipline are a guide for our own spiritual practices as we seek to know God more fully and follow Christ more faithfully

McClure,2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result

**Anchorhold** Kirsten Pinto Gfroerer,2022-07-28 Anchorhold is a unique collection of letters concerning Julian of Norwich s Revelations of Divine Love addressed to the writer herself Through them Kirsten Pinto Gfroerer explores the meaning of her own life and the transformation that studying and teaching this remarkable text can bring Julian makes extreme claims about the love of God revealed in the crucified Christ Her assertion that in love the human self can truly flourish and that in the end all shall be well and all manner of things shall be well is a hope filled contradiction of much modern thought Central to her theology are a series of meditations on the face and body of Christ which both point to God s love and reveal something of the nature of human vocation Gfroerer s search for meaning in

Julian's text eloquently expressed in this series of letters involves the participation of her whole self learning to inhabit the vision given to Julian. It is this search and participation that we are invited to join.

**Philosophy for the Brokenhearted: Thinking Through Grief, Loss, and Letting Go** Taylor Emerson, 2025-06-21. Grief is not a detour from life; it is part of the path. In *Philosophy for the Brokenhearted*, readers are invited into a thoughtful, compassionate exploration of what it means to live with grief, loss, and the slow, tender work of letting go. Blending timeless philosophical insights with emotional depth and poetic clarity, this book offers thirty reflections, each around 1,000 words, designed to walk beside you in the quiet hours of mourning and transformation. Drawing from the wisdom of thinkers such as Kierkegaard, Nietzsche, Arendt, and Weil, as well as the lived experience of emotional rupture, this book does not offer platitudes or prescriptions. Instead, it makes space for grief in all its complexity: its rage, its silence, its love, its longing, and gently asks, "What now?" Whether you are grieving a death, the end of a relationship, a fading identity, or a dream that can no longer be lived, *Philosophy for the Brokenhearted* is a companion for the soul in transition. It is for those who seek more than closure; it is for those who seek meaning. With each page, it offers not solutions but steadiness. Not answers but presence. Not the promise of return but the possibility of renewal. This is not a book about forgetting. It is a book about remembering and becoming.

**The Philosophy of Imagination** Galit Wellner, Geoffrey Dierckxsen, Marco Arienti, 2024-04-18. Combining perspectives from both continental and analytic philosophy, this timely volume explores how imagination today both shapes and is shaped by technology, art, and ethics. Imagination is one of the most significant and broadly examined concepts in contemporary philosophy and is frequently understood as a basic human faculty that enables complex activities. This book shows, however, that imagination is more than a mere enabler. Whilst imagination shapes our experiences, it is at the same time shaped by our environments. Some of the most creative manifestations of imagination are the result of its two-way interaction with art or technology or both. In short, imagination co-shapes us. Beyond the traditional perspectives of Kant and Heidegger, *The Philosophy of Imagination: Technology, Art, and Ethics* examines our dynamic relationship with imagination from contemporary technological advancements such as AI that transform the whole ecosystem to imagination in the context of videogames and literary fiction. Analysing societal imagination, it addresses the relationship between the racial imaginary and white ignorance, as well as the effects that societal mechanisms such as lockdowns can have on our imagination. Taking its cue from the here and now, this volume brings together leading international scholars to investigate how the concept of co-shaping allows us to see imagination and its crucial role in society in new and productive ways.

**Inventing Peace** Wim Wenders, Mary Zournazi, 2013-08-30. *Inventing Peace* revolves around the question of how we look at the world but do not see it when there is so much war, injustice, suffering, and violence. What are the ethical and moral consequences of looking but not seeing, and most of all, what has become of the notion of peace in all this? In the form of a written dialogue, Wim Wenders and Mary Zournazi consider this question as one of the fundamental issues of our times, as well as the need to reinvent a visual and

moral language for peace Inspired by various cinematic philosophical literary and artistic examples Wenders and Zournazi reflect on the need for a change of perception in the everyday as well as in the creation of images In its unique style and method *Inventing Peace* demonstrates an approach to peace through sacred ethical and spiritual means to provide an alternative to the inhumanity of war and violence Their book might help to make peace visible and tangible in new and unforeseen ways

*Arendt and Augustine* Mark Aloysius, 2024-06-28 This book addresses a lacuna in scholarship concerning Hannah Arendt's Augustinian heritage that has predominantly focused on her early work It de canonises the sources that political theology has appealed to by shifting the interpretive focus to her mature treatment in *The Life of the Mind* Arendt's initial criticism of Augustinian desiring is that it generates worldlessness In her later works Arendt develops a more nuanced reading of the movements of thinking desiring and loving in her engagement with Augustine This study attends to these movements and inspects the spatio temporal framework which structure Arendt's conception of the political The author assesses the claim that Arendt's conception of the political is drawn from a pedagogy of desiring and thinking from Augustine severed from his mystagogy Although respecting the method of political theory the author contends that Arendt's severing of Augustinian pedagogy from mystagogy brings her to an insurmountable aporia Instead the author embeds these pedagogical practices within Augustine's theology and suggests how that aporia might be overcome and used to develop a mystagogy for contemporary political life The book will be of particular interest to scholars of political theology as well as political theory and political philosophy
