castaways and events take a sinister turn Dark Mountain In the West Highlands of Scotland few years after the end of World War One Brenda and her friends are preparing for an expedition of a lifetime climbing An Cailleach also known as The Witch But even before they reach the base of the mountain they realize that something is wrong Strange apparitions even stranger locals and ancient superstitions are all signs that they are on a dangerous path What evil lurks in the depths of the dark mountain Dark Capital Edinburgh 1820s On one side is the Old Town ancient crumbling and full of poverty On the other is the New Town elegant refined and prosperous When newly qualified Doctor Martin Elliot arrives he discovers that there is more darkness in the streets than he could have imagined Ghosts of the long dead haunt the houses and nightmares soon fill Martin s head Only a relic of the past seems to give Martin respite but can be balance its power with the burden that comes with it Whistlers Of The Dark Scotland 1899 When young orphan Ellen Luath starts work as a kitchen maid in a remote farm she hopes she has left her troubled past behind But something is not right at Kingsinch farm Soon supernatural forces of long past return to haunt Ellen enclosing her in a circle of darkness As time and place alter can she keep her sanity and find her place in an increasingly confusing and dangerous world *The Arctic, the Inuit, and the Polar Bear* Dave Hill,2016-03-22 The Arctic The Inuit and the Polar Bear is a account of the most unexpected and incredible experience that I had ever had living with three Inuits well within the Arctic circle I became part of their extended family and for three weeks I worked slept and ate with them eating Inuit food which is high in protein and fat and low in carbohydrates I had to adapt to their diet culture and to twenty four hours of daylight this was very hard to do as there is no dawn or dusk to indicate the start and finish of each day None of this was planned it seemed like fate that I was destined to go and celebrate my sixtieth birthday in a remote part of the world and if I had learned about it earlier in Life I would have jumped in with both feet at such an opportunity I learned first hand of how they cope with a complete change in their lifestyle from being a nomadic race to learning to live in the twenty first century by white man s rules In days gone by they were completely self sufficient but now they have to buy products from the south such as clothes snowmobiles and white man s food which has not done them any favours and has introduced obesity among other illnesses They now have to earn money to pay their way in our world and in their environment it is very difficult to do The hunt was very difficult and all of us were working over eighteen hours each day and only sleeping when we were exhausted At first it was difficult to realise that the temperatures were down to minus forty as the sky was blue and the sunshine made it appear warm but if you removed your gloves you could get frostbite within minutes After a two day journey on snowmobiles pulling our sledges from Arctic Bay to the hunting grounds we made base camp and from then on we reverted to using the dog sleighs this was truly unbelievable and was exciting to say the least it was remarkable how these dogs performed they did all that their master asked of them and even more How the could work as hard as they did on the minimum of food astounded me any other dog would have died For the first time in my life I was living with true hunters these guy do it not for sport but for pure necessity they needed food to survive They were true

masters of their art At the start of our hunting day we released the dogs from their chains and harnessed them to their sledge in readiness to start our daily routine which often lasted eighteen hours before we returned to camp and tied the dogs to their chains where they stayed until the next day To be free in such a pristine and frozen wilderness and be as one with nature is something that I would love to repeat it was a remarkable twenty one days we started from Arctic Bay as three Induits with their client after two days I was part of the team and returned as close friends I was now part of their family and will remain so for ever I can t wait to go back in the summer and learn about how they survive and prepare for the winter to come
