How Judaism Became a Religion

Leora Batnitzky,2013-08-25 Is Judaism a religion a culture a nationality or a mixture of all of these This title tells the story of

how Judaism came to be defined as a religion in the modern period and why Jewish thinkers have fought as well as championed this idea

The Book of Lilith Barbara Black Koltuv, 1986-01-15 Lilith is the mythological seductress that has been repressed since Biblical times She is the representative of the essentially motherless form of the feminine Self that arose as an embodiment of the neglected and rejected aspects of the Great Goddess Written by a Jungian analyst this material can help modern men and women come to terms with this aspect of the feminine within

How Strange the Change Marc Caplan, 2011-09-14 In this book Marc Caplan argues that the literatures of ostensibly marginal modern cultures are key to understanding modernism Caplan undertakes an unprecedented comparison of nineteenth century Yiddish literature and twentieth century Anglophone and Francophone African literature and reveals unexpected similarities between them These literatures were created under imperial regimes that brought with them processes of modernization that were already well advanced elsewhere Yiddish and African writers reacted to the liberating potential of modernity and the burdens of imperial authority by choosing similar narrative genres typically reminiscent of early modern European literatures the picaresque the pseudo autobiography satire and the Bildungsroman Both display analogous anxieties toward language caught as they were between imperial global languages and stigmatized native vernaculars and between traditions of writing and orality Through comparative readings of narratives by Reb Nakhman of Breslov Amos Tutuola Yisroel Aksenfeld Cheikh Hamidou Kane Isaac Meyer Dik Camara Laye Mendeleyev Soyinka Y Y Linetski and Ahmadou Karouma Caplan demonstrates that these literatures belated relationship to modernization suggests their potential to anticipate subsequent crises in the modernity and post modernity of metropolitan cultures This in turn leads him to propose a new theoretical model peripheral modernism which incorporates both a new understanding of periphery and center in modernity and a new methodology for comparative literary criticism and theory

A Kabbalist in Montreal Ira Robinson, 2021-02-23 This book illuminates important issues faced by Orthodox Judaism in the modern era by relating the life and times of Rabbi Yudel Rosenberg 1859 1935 In presenting Yudel Rosenberg s rabbinic activities this book aims to show that Jewish Orthodoxy could serve as an agent of modernity no less than its opponents Yudel Rosenberg s considerable literary output will demonstrate that the line between secular and traditional literature was not always sharp and distinct Rabbi Rosenberg s kabbalistic works will shed light on the revival of kabbala study in the twentieth century Yudel Rosenberg s career in Canada will serve as a counter example to the often expressed idea that Hasidism exercised no significant influence on the development of American Judaism at the turn of the twentieth century

Strangers in Berlin Rachel Seelig, 2016-09-19 Insightful look at the interactions between German and migrant Jewish writers and the creative spectrum of Jewish identity

Notebooks A.M. Klein, 1995-12-15 Much of A M Klein s finest prose is to be found in the mass of uncompleted work that he abandoned at the time of his breakdown and that became accessible only when his papers were deposited in the National Archives Notebooks offers a generous selection of this work revealing previously unsuspected facets of Klein s character and

artistry The fiction criticism and memoirs collected here focus on Klein's exploration of the role of the artist The works illuminate crucial periods of his career especially the early 1940s when he was transforming himself into a modernist and the early 1950s when he was struggling to overcome the misgivings about his art that were to lead to his final breakdown The semi autobiographical text which Klein referred to as Raw Material and the unfinished novel of prison life entitled Stranger and Afraid cast a new light on Klein's often frustrating relationship with the Montreal Jewish community In Marginalia he discusses poetic form and technique and makes observations on the nature of poetry thereby providing insights into his own concerns as a writer In The Golem a profoundly ambiguous treatment of the act of creation a self portrait emerges of a storyteller who has lost faith in the power and value of his story The volume includes a critical introduction that places the material in the context of Klein's other works as well as textual and explanatory notes Realism, Caricature, and Bias David Aberbach, 1993-03-01 Explores the psychology of prejudice and self hate in the fiction of Mendele Mocher Sefarim one of the key figures in modern Yiddish and Hebrew literature The book presents an analysis of the tension between realism and caricature in Mendele's portrayal of the Russian Jews under tsarist rule **Leaves from the Garden of Eden** , 2010-09-23 In Leaves from the Garden of Eden Howard Schwartz a three time winner of the National Jewish Book Award has gathered together one hundred of the most astonishing and luminous stories from Jewish folk tradition Just as Schwartz's award winning book Tree of Souls collected the essential myths of Jewish tradition Leaves from the Garden of Eden collects one hundred essential Jewish tales As imaginative as the Arabian Nights these stories invoke enchanted worlds demonic realms and mystical experiences The four most popular types of Jewish tales are gathered here fairy tales folktales supernatural tales and mystical tales taking readers on heavenly journeys lifelong quests and descents to the underworld There is a dybbuk lurking in a well a book that comes to life and a world where Lilith the Queen of Demons seduces the unsuspecting Here too are Jewish versions of many of the best known tales including Cinderella Snow White and Rapunzel Schwartz's retelling of one of these stories The Finger inspired Tim Burton's film Corpse Bride **Jews and Ukrainians in Russia's Literary Borderlands** Amelia Glaser, 2012-02-22 Studies of Eastern European literature have largely confined themselves to a single language culture or nationality In this highly original book Glaser shows how writers working in Russian Ukrainian and Yiddish during much of the nineteenth century and the early part of the twentieth century were in intense conversation with one another The marketplace was both the literal locale at which members of these different societies and cultures interacted with one another and a rich subject for representation in their art It is commonplace to note the influence of Gogol on Russian literature but Glaser shows him to have been a profound influence on Ukrainian and Yiddish literature as well And she shows how Gogol must be understood not only within the context of his adopted city of St Petersburg but also that of his native Ukraine As Ukrainian and Yiddish literatures developed over this period they were shaped by their geographical and cultural position on the margins of the Russian Empire As distinctive as these writers may seem from one another they are

further illuminated by an appreciation of their common relationship to Russia Glaser's book paints a far more complicated portrait than scholars have traditionally allowed of Jewish particularly Yiddish literature in the context of Eastern European and Russian culture

The European Jews, Patriotism and the Liberal State, 1789-1939 David Aberbach, 2013

The fragility of the liberal democratic state after 1789 is illustrated in the history of the European Jews from the French Revolution to the Holocaust. Emancipation and hope of emancipation amongst the European Jewish population created a plethora of Jewish identities and forms of patriotism. This book takes the original approach of studying European Jewish patriotism as a whole with particular attention given to creative literature. Despite their growing awareness of racial genocidal hatred, most European Jews between 1789 and 1939 tended to be patriotic toward the countries of their citizenship, an attitude reflected in the literature of the time. Yet the common assumption among emancipated Jews that anti-Semitism would fade in a world governed by reason proved false. For millions of European Jews, the infinite possibilities they associated with emancipation came to nothing. The Jewish experience exposed many of the weaknesses and failings of the liberal multicultural state and demonstrated that its survival cannot be taken for granted but is dependent on vigilance and struggle. By focusing on Jewish patriotism from 1789-1939, this book explores the nature of the liberal state, how it can fail, and the conditions needed for its survival.
