SCIENTIFIC CREATION! Hezekiah Clark, H.T., 2010-03-19 This writing is called *Scientific Creation: Our Life Beginning To End*. As stated, all facts are not pragmatic or seen by human eye. Where did all nature and life start? What is the beginning? Was it by The Big Bang Theory or Beginning by God or some Intelligent Designer? The miraculous human body is investigated in time. In catastrophic development of life and all nature, there was an Earth Canopy of translucent crystalline ice and a Great Global Flood, a deluge scientifically verified. Then all life and nature is discussed as always coming in a trinity, which is the characteristic of and mode of the great I D. *Chronology of Twentieth-Century History: Business and Commerce* Frank N.
