History of Saudi Arabia & Wahabism Anwar Haroon, 2014-04-02 At present the world views Muslims as terrorists and Islam a religion of tyranny especially after 9 11 Thereafter to my surprise the killing of Muslims right in the mosques and public places around the Muslim countries has become every day affair which I never heard in my life earlier While so many

sects like Wahabi Qadiyani Bahai Ahmadi Parvezi and many others emerged in the course of past two hundred years through the efforts of Britain The most cruel and dangerous among them is Wahabi sect formed by Muhammad bin Abdul Wahab Najdi of Saudi Arabia which declared whoever does not follow them among Muslims taking their lives property and their wives is permissible King Abdul Azeez Ibn e Saud formed armed group by name Ikhwan who mercilessly killed thousands of Muslims in Najad They killed even women children and old at Taif and throw their dead bodies on the hills They flattened the graves of the family of Holy Prophet and his companions in the grave yards of Makkah and Madinah I got serious in finding out the cause of this bloody change and I happened to read the book Tareekh Najad O Hijaz written in Urdu language The book also gives the details about Wahabism So I translated this book in English and named it History of Saudi Arabia and Wahabism The regime of Saudi Arabia is spending billions of dollars to spread Wahabism in Muslim countries as per http://en.wikipedia.org/wiki/Wahhabi_movement Holy Book Quran in the Verse 5:8 says in this regard O ye who believe Stand out firmly for God Almighty Allah as witnesses to fair dealing and let not the hatred of others to you make you swerve to wrong and depart from justice Be just that is next to piety and fear Allah For Allah is well acquainted with all that ye do May God Almighty Guide Muslims towards Straight Path and Salvation Amen

The Birth of the Islamic Reform Movement in Saudi Arabia George Rentz,2004 Current troubles in the Middle East have focused much international attention on Saudi Arabia However little has been published in English on the background to its culture and its roots in the First Saudi State that arose in 18th century central Arabia The Islamic reform movement that gave it its sense of mission and the life and thought of Shaikh Muhammad b Abd al Wahhab 1703 1792 the teacher who inspired it have been similarly neglected Often referred to outside Arabia as Wahhabism the Shaikh s teachings have been a fundamental influence on the lives of Saudi Arabians and their government ever since his death in 1792 His

ideas continue to inspire his many followers both inside the Kingdom and abroad and a knowledge of his life and thought is vital to a proper understanding of both Saudi Arabia and the Arab world of today Students of Saudi Arabian history have long recognized George S Rentz's thesis on the Shaikh's life and the origins of the First Saudi State as a work of pioneering scholarship Despite this since its acceptance in 1947 by the University of California it has never before now been published Closely basing his account on the local Najdi chroniclers who were contemporary with many of the events they describe Rentz pieces together the life and thought of the thinker who using as his guide orthodox Hanbalite doctrine set out to purify Islam as he saw it practised around him and to direct Muslims back to the original fountainhead of their faith In the process Rentz tells the colourful story of the creation of the First Saudi State 1745-1818 with its capital at al Dir-iyah near present day Riyadh

The Saudi Terror Machine Pierre Conesa, 2018-09-25 The religious diplomacy of Saudi Arabia constitutes a strange black hole in the analysis of radicalism that affects Islam and the Middle East today Why has Salafism the most intolerant and sectarian movement of Islam become so prevalent Of all the religious radicalisms that rot the planet it is the only one to enjoy the constant support of a country endowed with immense means the Saudi kingdom This study whose collaborators wanted to remain anonymous reveals how the two sides of the kingdom the conciliatory one of the Saud dynasty and the more aggressive Salafism propagandist of jihad has for decades developed a religious strategy to conquer the Muslim community and the West without appearing as an enemy One of the most striking examples is the absence of sanctions or even accusations by George W Bush towards Saudi Arabia in the aftermath of the September 11th attacks even with fifteen identified Saudis among the terrorists The kingdom's influence is largely unknown but undoubtedly acts as a key player throughout the Muslim world through their financing of conservative Koranic schools universities and mosques as well as other international public and private organizations But after years of financing radical Islamists in foreign lands Saudi Arabia now finds itself threatened in their own territory the monster they have given birth to turned against them

engrained beliefs which establish the finality and oneness of Islam in relation to other competing narratives The other at a micro level takes place internally to find truth within the truth Unlike Islamic truth at the macro level which is entrenched the Islamic truth at the micro level refers to the various attempts by different agencies to claim to have found the truth within the truth Wahhabism which is the product of an eighteenth century revivalist movement is portrayed as the most authentic reading of Islam It is seen as the *raison d'être* for the prevailing political mechanism in the country and is introduced as an example of truth management at the micro level Arguing that truth is not born in a power vacuum and often its construction and institutionalisation signify domination in one way or another this book will be of interest to students of Religion Politics and Saudi Politics more specifically

The Islamic Challenge and the United States Ehsan M. Ahrari, 2017-02-01 On September 11 2001 Osama bin Laden declared global jihad on the West In response to the day's attacks the United States has waged its own global war on terrorism which the Pentagon has described as a generational conflict similar to the Cold War In *The Islamic Challenge and the United States* Ehsan Ahrari takes a close look at this ideological conflict focusing on the Middle East Africa and South and Central Asia Arguing that the war on terrorism is founded on secular fundamentalism an ideology that envisions Islam as dangerous and volatile because it mixes religion and politics and the Enlightenment narrative Ahrari suggests that the United States sees global jihadists as absolutist irrational
