

Islamophobia: defying the battle cry

Introductory summary

The original, Dutch version of this 16000-words essay, was published on paper as part of the book *Islam. Critical essays on a political religion* [1]. Daniel Pipes, director of the Middle East Forum recommended it thus: "This book brings together essays from an outstanding group of authors to provide a wide-ranging analysis of Islam in public life. I know of no book comparable to it." Unfortunately the book is only available in Dutch.

This translated, updated and improved e-book version of the essay, provides a complete and definite answer to the challenges raised by the use of the duplicitous concept 'islamophobia'.

The first part, *A Battle Cry*, deals with the concept of islamophobia, its epistemology, its history, its offensive character and the people and institutions that use it from activists posing as scientists in the West to the Organization of the Islamic Cooperation (OIC). Because of the amazing lack of media- and scientific attention for this organization, this part elaborates on the perfidious character of the OIC and the change it went through since a watershed occurrence in Turkey of 1996: the reburial of Enver Pasha. A momentous event, the consequences of which were ruled very unlikely by Samuel Huntington in his *Clash of civilizations*, the reason why this part includes a paragraph *Samuel Huntington totally flunked*. There is a staggering difference between the 'definitions' of the concept used by Runnymede, the British organization that made the use of the term commonplace and the EU on the one hand, and the OIC on the other hand. This essay zooms in on this difference.

Part two, *Protecting the innocent*, starts with the statement that exposing and rejecting the notion of 'islamophobia' neither increases nor decreases the need to protect the people who call themselves Muslims. To guarantee their safety nothing has to be added to the Universal Declaration of Human Rights or to western constitutions or laws. However, we must realise that facing a potential head-on collision of civilizations, we can not simply rely on the law: in the final analysis the political and ideological fight is of greater importance. The biggest, although not most acute danger for Mohammedans in countries not dominated by their ideology, is being accused of constituting a fifth column and treated accordingly. That is why surveys are included on what happened to the Japanese Americans in WW II and two other groups, the Volga Germans and the Bihari Mohammedans, that were brutally confronted with this accusation. A reference is included to the exemplary behaviour of the 100th battalion: while composed entirely of Japanese Americans this 'purple heart battalion' carried the slogan 'Remember Pearl Harbour'.

Part three is called *Answering the threat*. 'Defusing of mohammedanism' is what is called for by the author and an alternative formulation of Clausewitz's famous assertion about politics and war is introduced: "Those who refuse to fight the ideological and political struggle to cope with a hostile ideology, increase the risk of (civil) war". In this part it is further emphasized that a clash of civilizations can not be dealt with along judicial lines and most certainly not by rulings on intentions or 'hate-speech'. It contains considerations on the trial in 2011 of the most famous member of parliament in the Netherlands: Geert Wilders.

Crusades reveals that Islamophobia is not only a worldwide phenomenon it stands as one of the world's last bastions of acceptable hate Islamophobia Stephen Sheehi, 2011 Sheehi examines the rise of anti Muslim and anti Arab sentiments in the West following the end of the Cold War to the Age of Obama citing Operation Desert Storm as a watershed **The Muslims Are Coming!** Arun Kundnani, 2014-03-18 Death came instantly to Imam Luqman as four FBI agents fired semiautomatic rifles at him from a few feet away Another sixty officers surrounded the building on that October morning the culmination of a two year undercover investigation that had infiltrated the imam's Detroit mosque The FBI quickly claimed that Luqman Abdullah was the leader of a domestic terrorist group And yet caught on tape he had refused to help do something violent as it might injure innocents and no terrorism charges were ever lodged against him Jameel Scott thought he was exercising his rights when he went to challenge an Israeli official's lecture at Manchester University But the teenager's presence at the protest with fellow socialists made him the subject of police surveillance for the next two years Counterterrorism agents visited his parents his relatives his school They asked him for activists names and told him not to attend demonstrations They called his mother and told her to move the family to another neighborhood Although he doesn't identify as Muslim Jameel had become another face of the presumed homegrown terrorist The new front in the War on Terror is the homegrown enemy domestic terrorists who have become the focus of sprawling counterterrorism structures of policing and surveillance in the United States and across Europe Domestic surveillance has mushroomed at least 100 000 Muslims in America have been secretly under scrutiny British police compiled a secret suspect list of more than 8 000 al Qaeda sympathizers and in another operation included almost 300 children fifteen and under among the potential extremists investigated MI5 doubled in size in just five years Based on several years of research and reportage in locations as disparate as Texas New York and Yorkshire and written in engrossing precise prose this is the first comprehensive critique of counterradicalization strategies The new policy and policing campaigns have been backed by an industry of freshly minted experts and liberal commentators The Muslims Are Coming looks at the way these debates have been transformed by the embrace of a narrowly configured and ill conceived antiextremism Innocent Until Proven Muslim Maha Hilal, 2022-01-25 On September 11 2001 nineteen terrorists hijacked four airplanes and carried out attacks on the United States killing more than three thousand Americans and sending the country reeling Three days after the attacks President George W Bush declared This is a day when all Americans from every walk of life unite in our resolve for justice and peace Yet in the days following Bush declared a War on Terror which would result in years of Muslims being targeted on the basis of collective punishment and scapegoating In 2009 President Barack Obama said America must play its role in ushering in a new era of peace Instead Obama perpetuated the War on Terror's infrastructure that Bush had put in place rendering his words entirely empty President Donald Trump's overtly Islamophobic rhetoric added fuel to the fire stoking public fears to justify the continuation of the War his predecessors had committed to In Innocent Until Proven Muslim scholar and organizer Dr Maha

Hilal tells the powerful story of two decades of the War on Terror exploring how the official narrative has justified the creation of a sprawling apparatus of state violence rooted in Islamophobia and excused its worst abuses Hilal offers not only an overview of the many iterations of the War on Terror in law and policy but also examines how Muslim Americans have internalized oppression how some influential Muslim Americans have perpetuated collective responsibility and how the lived experiences of Muslim Americans reflect what it means to live as part of a suspect community Along the way this marginalized community gives voice to lessons that we can all learn from their experiences and to what it would take to create a better future Twenty years after the tragic events of 9 11 we must look at its full legacy in order to move toward a United States that is truly inclusive and unified *Exposing the War Against Islam* Ilia Muhammad, 2017-06-15 An analysis that uncovers the causes culprits and conspiracies behind the orchestrated rise in Islamophobia **Crusade 2.0** John Feffer, 2012-03-20 In his official response to the attacks of September 11 George W Bush invoked the Crusades tapping into a centuries long history of fear and aggression The West's longstanding perception of Islam as a threat has taken on new and more complex implications in the twenty first century as years of migration and resulting demographic shifts have brought the enemy within Western borders Virulent opposition to the planned construction of an Islamic center near the 9 11 attack site in New York City reveals much about the intensity of public sentiments simmering just below the surface As the United States and countries across Europe struggle with a resurgence of unexamined fear and antagonism often directed against their own citizens the imperative for better understanding could not be greater *Crusade 2.0* examines the resurgence of anti Islamic sentiment in the West and its global implications John Feffer discusses the influence of three unfinished wars the Crusades the Cold War and the current war on terror He presents a timely concise and provocative look at current events in the context of historical trends and goes beyond a clash of civilizations critique to offer concrete ways to defuse the ticking bomb of Islamophobia John Feffer's *Crusade 2.0 The West's Resurgent War On Islam* offers a brief but effective expos of a social cancer that continues to grow exponentially in America and Europe threatening the security and civil liberties of Muslims and the principles and values of Western democracies John L Esposito John Feffer's illuminating and important new work *Crusade 2.0* sheds light on the disturbing phenomenon of Islamophobia in America with a clear eyed view of history meticulous research and persuasive arguments This accessible and informative book shows how fear mongering when married to ignorance and selfish political agendas not only threatens to marginalize entire communities of innocent people but also undermine the core values of pluralism tolerance and fairness that define America Wajahat Ali If you want to understand the particular madness of America's twenty first century you need to read John Feffer's account of how Washington launched *crusade 2.0* including two invasions and occupations of Muslim lands and a Global War on Terror sporting aptly named Hellfire missiles aimed directly at the Muslim world Add in the injection of fear of Islam directly into the American bloodstream and the rise of Islamophobia as domestic political red meat and you have a truly American

nightmare Feffer is its Homer and this is our sad Odyssey Tom Engelhardt John Feffer is co director of Foreign Policy in Focus at the Institute for Policy Studies in Washington DC He is the author of several books including North Korea South Korea His essays have been published in The New York Times The Boston Globe and elsewhere he has been interviewed by CNN MSNBC Al Jazeera Democracy Now and other international news media Islamophobia and the Politics of Empire Deepa Kumar,2021-09-07 A critically acclaimed analysis of anti Muslim racism from the sixteenth to the twenty first centuries in a fully revised and expanded second edition In this incisive account leading scholar of Islamophobia Deepa Kumar traces the history of anti Muslim racism from the early modern era to the War on Terror Importantly Kumar contends that Islamophobia is best understood as racism rather than as religious intolerance An innovative analysis of anti Muslim racism and empire Islamophobia argues that empire creates the conditions for anti Muslim racism which in turn sustains empire This book now updated to include the end of the Trump s presidency offers a clear and succinct explanation of how Islamophobia functions in the United States both as a set of coercive policies and as a body of ideas that take various forms liberal conservative and rightwing The matrix of anti Muslim racism charts how various institutions the media think tanks the foreign policy establishment the university the national security apparatus and the legal sphere produce and circulate this particular form of bigotry Anti Muslim racism not only has horrific consequences for people in Muslim majority countries who become the targets of an endless War on Terror but for Muslims and those who look Muslim in the West as well With a new foreword by Nadine Naber **Islamophobia: Religious Intolerance against Muslims Today** Alison Morretta,2016-12-15 Events such as the takeover of the US Embassy in Tehran the terrorist attacks of September 11 and mass murders around the world have sparked a great debate in the West How do we protect ourselves while not persecuting innocent immigrants who came searching for a better life This book examines the roots of the cultural clash between Muslims and countries of the West the history of prejudice against people from the Middle East and the increasing persecution of Muslims today This book uses a timeline of intolerance and stories of those affected by persecution to illustrate the ways in which Americans have not lived up to their stated ideals Islamophobia, Race, and Global Politics Nazia Kazi,2021-09-09 Islamophobia Race and Global Politics is a powerful introduction to the topic of the anti Muslim landscape in the U S In it Kazi shows that Islamophobia is not a set of anti Muslim attitudes and prejudices Instead this book shows how Islamophobia is part of a greater reality systemic U S racism In other words Islamophobia is neither a blip nor a break with a racially harmonious American social order but rather the outcome of destructive foreign policy practices and an enduring history of white supremacy This book illustrates how popular understandings of Islamophobia are often flawed For instance the assumption that the right wing is especially anti Muslim overlooks the bipartisan history of Islamophobia in the U S The author draws from years of ethnographic fieldwork with Muslim American organizations to show how diversity and inequality among Muslims in the U S drastically shapes the experience of Islamophobia and racism While swaths of undocumented working

class or incarcerated Muslims bear the brunt of U S racism a small subset of relatively privileged Muslim spokespeople hold the platform from which to speak about Islamophobia The book is engaging for readers as it shifts between a historical analysis for instance of the arrival of enslaved Muslim from Africa during the settling of the United States the voices of those from the author s research with Muslim American advocacy groups and commentary on the current political landscape The book offers a comprehensive overview of the roots of U S racism as an inherent part of the nation s economic and foreign policy practices Since 9 11 2001 and more recently the ascendancy of Trump there remains a growing curiosity about Muslims and Islamophobia The book offers a nuanced view on racism and Islamophobia that is often missing from popular understandings on the topic [The Rise of Global Islamophobia in the War on Terror](#) Naved Bakali, Farid Hafez, 2022-09-27 This international edited volume examines the rise of global Islamophobia in the War on Terror across the global North and South its impact on Muslims and Muslim communities and resistance confronting it
