The Crisis of Democratic Capitalism Martin Wolf,2023-02-07 From the chief economics commentator of the Financial Times a magnificent reckoning with how and why the marriage between democracy and capitalism is coming undone and what can be done to reverse this terrifying dynamic Martin Wolf has long been one of the wisest voices on global economic issues He has rarely been called an optimist yet he has never been as worried as he is today Liberal democracy is in recession and authoritarianism is on the rise The ties that ought to bind open markets to free and fair elections are threatened even in democracy s heartlands the United States and England Around the world powerful voices argue that capitalism is better without democracy others argue that democracy is better without capitalism This book is a forceful rejoinder to both views Even as it offers a deep lucid assessment of why this marriage has grown so strained it makes clear why a divorce of capitalism from democracy would be a calamity for the world They need each other even if they find it hard to life together For all its flaws argues Wolf democratic capitalism remains far and away the best system for human flourishing But something has gone seriously awry the growth of prosperity has slowed and the division of its fruits between the hypersuccessful few and the rest has become more unequal The plutocrats have retreated to their bastions where they pour scorn on government s ability to invest in the public goods needed to foster opportunity and sustainability But the incoming flood of autocracy will rise to overwhelm them too in the end Citizenship is not just a slogan or a romantic idea it s the only idea that can save us Wolf argues Nothing has ever harmonized political and economic freedom better than a shared faith in the common good This wise and rigorously fact based exploration of the epic story of the dynamic between democracy and capitalism concludes with the lesson that our ideals and our interests not only should align but must do so for everyone s sake *Critical Encounters in Secondary English* Deborah Appleman,2023-12-22 Grounded in solid theory with new field tested classroom

activities the fourth edition of *Critical Encounters in Secondary English* continues to help teachers integrate the lenses of contemporary literary theory into practices that have always defined good pedagogy. The most significant change for this edition is the addition of Critical Race Theory (CRT) as an analytical lens. CRT offers teachers fresh opportunities for interdisciplinary planning and teaching as it lends itself to lessons that encompass a variety of disciplines such as history, sociology, psychology, and science. As with the previous edition, each chapter concludes with a list of suggested nonfiction pieces that work well for the particular lens under discussion. This popular text provides a comprehensive approach to incorporating nonfiction and informational texts into the literature classroom with new and revised classroom activities appropriate for today's students.

Book Features:

- Helps both pre and inservice ELA teachers introduce contemporary literary theory into their classrooms.
- Offers lucid and accessible explications of contemporary literary theory.
- Provides dozens of innovative and field-tested classroom activities.
- Tackles the thorny issue of Critical Race Theory in helpful and practical ways.

Praise for the Third Edition:

What a smart and useful book! It provides teachers with a wealth of knowledge and material to help their students develop critical perspective and suppleness of thought. *Mike Rose, University of California, Los Angeles*

This Third Edition proves that Appleman still has her hand on the pulse of the rapidly changing landscape of education. *Ernest Morrell, Teachers College, Columbia University*

This new edition of Deborah Appleman's now classic book demonstrates even more dramatically than previously how the critical theories she so skillfully teaches serve not only as lenses for the reading of literature but as tools for discovering, interrogating, and challenging injustice, hypocrisy, and the hidden power relations that students are likely to encounter. *Sheridan Blau, Teachers College, Columbia University*
