Colossians, Ephesians, First and Second Timothy, and Titus Lewis R. Donelson, 1996-01-01 Paul's influence on Christian thought has been powerful and formative The deuteropauline epistles attributed to but not written by Paul were actually authored by early Christians in an attempt to apply Pauline insights to particular challenges not addressed specifically by Paul According to Lewis Donelson this rearticulation and reinterpretation of Pauline wisdom served these early communities by linking them more closely to their apostolic roots It also provided them with a living gospel that had continuing relevance for their particular time and place Books in the Westminster Bible Companion series assist laity in their

received a letter through the post In it was a photograph of herself as a young baby the only one she had ever seen This was the first step towards her discovery of the dark secret of her conception Kari soon learned that she was a Lebensborn child part of Hitler s Spring of Life programme which encouraged Nazi soldiers to have children with Scandinavian women in order to create an Aryan race And so began a journey back to her roots to Norway where she was taken from her mother and sent to Germany in a crate to join the other Lebensborn children and to post war Germany and her eventual rescue by the Red Cross from an attic Nowhere s Child is a remarkable story of reconciliation and of forging new beginnings from a dark past Ultimately for this woman who set up a new life in Ireland it is the life affirming account of what it really means to find a place called home
