Regulation of Sexual Conduct in UN Peacekeeping

Operations Olivera Simic, 2012-05-25 This book critically examines the response of the United Nations UN to the problem of sexual exploitation in UN Peace Support Operations It assesses the Secretary General s Bulletin on Special Protection from Sexual Exploitation and Sexual Abuse 2003 SGB and its definition of sexual exploitation which includes sexual relationships and prostitution With reference to people affected by the policy using the example of Bosnian women and UN peacekeepers and taking account of both radical and sex positive feminist perspectives the book finds that the inclusion of consensual sexual relationships and prostitution in the definition of sexual exploitation is not tenable The book argues that the SGB is overprotective relies on negative gender and imperial stereotypes and is out of step with international human rights norms and gender equality It concludes that the SGB must be revised in consultation with those affected by it namely local women and peacekeepers and must fully respect their human rights and freedoms particularly the right to privacy and sexuality rights
