Isis The State Of Terror:

ISIS: The State of Terror Jessica Stern, J. M. Berger, 2015-03-12 The first major book on ISIS to be published since the group exploded on the international stage in summer 2014

ISIS Jessica Stern, J. M. Berger, 2015-03-12 The Islamic State known as ISIS exploded into the public eye in 2014 with startling speed and shocking brutality. It has captured the imagination of the global jihadist movement, attracting recruits in unprecedented numbers and wreaking bloody destruction with a sadistic glee that has alienated even the hardcore terrorists of its parent organization al Qaeda. Jessica Stern and J. M. Berger, two of America's leading experts on terrorism, dissect the new model for violent extremism that ISIS has leveraged into an empire of death in Iraq and Syria and an international network that is rapidly expanding in the Middle East, North Africa, and around the world. ISIS: The State of Terror traces the ideological innovations that the group deploys to recruit unprecedented numbers of Westerners, the composition of its infamous snuff videos, and the technological tools it exploits on social media to broadcast its atrocities and its recruiting pitch to the world, including its success at attracting thousands of Western adherents. The authors examine ISIS's predatory abuse of women and children and its use of horror to manipulate world leaders and its own adherents as it builds its twisted society. The authors offer a much needed perspective on how world leaders should prioritize and respond to ISIS's deliberate and insidious provocations.

Jihadi Terrorism, Insurgency, and the Islamic State Robert J. Bunker, 2017-02-16 This work is the third Small Wars Journal anthology focusing on radical Sunni Islamic terrorist and insurgent groups. It covers this professional journal's writings for 2015 and complements the earlier Global Radical Islamist Insurgency anthologies that were produced as Vol I 2007-2011 published in 2015 and Vol II 2012-2014 published in 2016. This anthology, which offers roughly five hundred pages of additional analysis, follows the same general conceptual breakdown as the earlier works and is divided into two major thematic sections: one focusing on jihadi terrorism, insurgency, and the Islamic State in context, and the other focusing on US allied policy and counter-jihadi and counter-Islamic State strategies.
