Islam and the Infidels David Bukay, 2017-07-12 This book discusses Islam its relationship with the world and how Muslims perceive the world and their role within it Using Islamic scriptures and the works of important Muslim clerics the author explores the Islamic notion that Muslims represent the best of humanity and as such have the duty and the right to propagate their faith throughout the world by any means including violence Islam and the Infidels warns of the dangers Muslim immigration poses to free societies Using a diplomacy of deceit Islamists immigrate to Western societies Having done so they establish closed ethnic communities that are estranged from their host countries and are breeding grounds for native born malcontents who may attack and destroy Western nations from within The author is especially critical of Western apologists who not only pretend that Islam is not inherently aggressive and dangerous but also denigrate those who point out the threat to liberal values posed by fundamentalist Islamic ideology Bukay argues that to meet the Islamic threat the West must understand Islam s true nature and the best way of doing so is by

analysing its scriptures and history Bukay argues that Western societies should embrace the Judeo Christian tradition which is the root of their cultural heritage In light of the mounting Muslim threat to liberalism in Western societies citizens should resist oppressive Islamic practices and doctrines rather than accept them *The Crash of A Civilization* Kanchan Banerjee,2022-07-13 The Current condition of each citizen the society and the nation are the result of a deeply complex history But what we know from history books especially academic textbooks are constructs based on the narratives of political powers colonists and outdated socioeconomic analysts The time has come to know and understand our true history from fresh and updated perspectives The subject of this book is how foreign ideologies and forces Christian Islamic and later colonists western and Marxists profound and long term influence have impacted India her society and people With a computer science back ground Kanchan Banerjee makes this remarkable and significant contribution attempting to depict the current era with unique and lively storytelling using carefully studied evidence logical deduction and analysis He has given detailed and comprehensive descriptions and assessments from pre Islamic Arabia s history foreign attacks and invasions of the Huns the Turks to the Islamic rule and occupation in Delhi and the British colonial and imperial atrocities How did the crash and fall of a great ancient civilization happen How has it been wounded the body and soul of a nation to break into several pieces And what is the way to change the direction to the path of recovery and revival This book is an effort to find the answers to these questions from our true history If we know our past we can change our future as well

Generosity John D. Garr,2014-05-14 Generosity The Righteous Path to Divine Blessing answers the question of why so many Christians cheat themselves out of God s blessing on their lives by being so stingy with their money Why is it that the average Christian gives less than 3% of his income to religious and humanitarian causes Why is it that the average Jewish person gives more than twice as much of his financial increase to charity as the average Christian does The answers will probably surprise and may well shock you God has set out a righteous path to divine blessing that anyone can walk This is the narrow way of generosity the gift of giving that every Christian should manifest continually It s really quite simple when you choose to do what Jesus said Give and you shall receive Here are some of the challenging and inspiring truths that Generosity The Righteous Path to Divine Blessing will confirm for you The Motive for Generosity The Medium of Generosity Treasure in the Bank of Heaven Wealth and the Kingdom of God Poverty Gospel Prosperity Gospel The Blessing of Health and Prosperity As you read this volume you will be reconnected with the Hebraic foundations of the Christian faith as they relate to the subjects of money giving health and prosperity You will be amazed as you discover the secure balanced positions that God s Word has always taught on these important subjects Then you will have the freedom to give joyfully and to receive abundantly God s promised provisions of health and prosperity Get ready for a revolution in your life and an amazing blessing when you learn to do God s thing God s way Patterns Legitimizing Political Violence in Transcultural Perspectives Bettina Koch,2015-05-19 This volume explores theoretical discourses in which religion is used to legitimize political violence It

examines the ways in which Christianity and Islam are utilized for political ends in particular how violence is used or abused as an expedient to justify political action This research focuses on premodern as well as contemporary discourses in the Middle East and Latin America identifying patterns frequently used to justify the deployment of violence in both hegemonic and anti hegemonic discourses In addition it explores how premodern arguments and authorities are utilized and transformed in order to legitimize contemporary violence as well as the ways in which the use of religion as a means to justify violence alters the nature of conflicts that are not otherwise explicitly religious It argues that most past and present conflicts even if the discourses about them are conducted in religious terms have origins other than religion and or blend religion with other causes namely socio economic and political injustice and inequality Understanding the use and abuse of religion to justify violence is a prerequisite to discerning the nature of a conflict and might thus contribute to conflict resolution

Islam and Warfare Onder Bakircioglu,2014-10-30 The question of how Islamic law regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition one which prioritises the demands of contemporary international relations and considers the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law war and security studies and the law of armed conflict **Itinerant Jihadis** Raphael

Israeli,2017-11-04 We watch with amazement the Muslim Jihadists of our time moving from one killing field to another mobilized physically and spiritually for the cause of Islam and risking their lives to accomplish a goal that usually escapes us It turns out this practice took root since the inception of Islam and that its miraculous expansion worldwide was due to a great extent to the masses of volunteers who sprang out of Arabia heading westward until North Africa and the Atlantic and on the other hand to the Iberian Peninsula and on that side of the globe they conquered the Middle East Asia Minor and Central Asia in a sweep the world has known since the Roman Empire The process of Islam expansion has also produced the great Islamic Empires of the Umayyads Abbasids Fatimids the Muwahhidun of North Africa and Iberia the Ottoman in the Middle East and the Balkans and the Moghuls of India Even after the Islamic empires were defeated and colonized and from their point of view victimized and humiliated the revived Islam continued to witness vast movement of volunteer Jihadis flocking to Afghanistan then to Iraq and Syria In contemporary Islam that movement has come to embrace large numbers of Western Muslims from Europe and the Americas who have been swept by the exciting idea of a revived Caliphate

The post Christian West is in decline revived Islam is on the rise and Mesopotamia Syria Iraq the cradle of civilization has become ground zero in a battle for civilization Despised as infidels unbelievers and kafir unclean Mesopotamia s indigenous Christian peoples are targeted by fundamentalist Muslims and jihadists for subjugation exploitation and elimination Pushed deep into the fog of war buried under a mountain of propaganda and rendered invisible by a shroud of silence they are betrayed and abandoned by the West s progressive political academic and media elites who cling to utopian fantasies about Islam while nurturing deep seated hostility towards Christianity If they are to survive as a people in their historic homeland the Christians of Mesopotamia will need all the help they can get If Western civilization is to survive as a force in its historic heartland Europe then we had better start seeing hearing and believing the Christians of the Middle East for their plight prefigures our own
