Faces of Violence Daya Singh Sandhu, 2001 Faces of Violence Psychological Correlates Concepts Intervention Strategies
The Oxford Handbook of Religion and Violence Mark Juergensmeyer, Margo Kitts, Michael K. Jerryson, 2015-11 Violence has always played a part in the religious imagination from symbols and myths to legendary battles from colossal wars to the theater of terrorism The Oxford Handbook of Religion and Violence surveys intersections between religion and violence throughout history and around the world The forty original essays in this volume include overviews of major religious traditions showing how violence is justified within the literary and theological foundations of the tradition how it is used symbolically and in ritual practice and how social acts of violence and warfare have been justified by religious ideas The essays also examine patterns and themes relating to religious violence such as sacrifice and martyrdom which are explored in cross disciplinary or regional analyses and offer major analytic approaches from literary to social scientific studies The contributors to this volume innovative thinkers who are forging new directions in theory and analysis related to religion and violence provide novel insights into this important field of studies By mapping out the whole field of religion and violence The Oxford Handbook of Religion and Violence will prove an authoritative source for students and scholars for years to come
Something Wicked Douglas Brode, Leah Deyneka, 2024-10-31 An anthology of essays that deal with Witchcraft and the figure of the Witch as they have been presented in motion pictures television and popular culture in order to understand how why and when the common anti Witchcraft anti Witch attitude evolved Mainstream tales of Witchcraft including modern movies novels TV series and other examples of our popular culture more often than not express the traditional notion of a Witch as a wild dangerous untamable nasty woman obsessed with a desire for power to control all around her in most narratives such a hunger presented as a negative In truth The Witch is a symbol of threatening evil only to those men and women who accept a conservative sensibility For members of either gender who do not The Witch is perceived as hero and role model This collection begins with the Biblical figure of Lilith followed by Morgan le Fey from Arthurian legend myth in literature as well as in popular culture followed by the more contemporary depictions of the Witch that start to appear in the 1960s for example in the Bewitched sitcom the Star Wars franchise Harry Potter and even the television show Scooby Doo International depictions of the Witch are discussed including Italy's Dario Argento's films *Suspiria* and *Inferno* The final section of this collection focuses on the most iconic depictions of the Witch produced during the 21st century including *A Discovery of Witches* *Penny Dreadful* *Game of Thrones* and the history of the Witch in films by the Walt Disney studio from its origins more than a century ago to the latest releases arguing that here if perhaps surprisingly we discover the most fair and balanced portraits of Witches in the history of film and TV
Domestic Abuse and Sexual Assault in Popular Culture Laura L. Finley, 2016-04-18 Using historical and current examples from film television literature advertisements and music this book reveals the ways that rape and abuse are typically presented and

misrepresented and evaluates the impact of these depictions on consumers Incidences of domestic abuse and sexual assault aren't only commonplace nationwide and the source of a shockingly large number of serious injuries and deaths they're also problems that are often subject to myths and misleading depictions in popular culture and media The author of this important book seeks to shed light on the situation by examining the specific issues related to domestic violence and sexual assault from the scope and extent of the problem to victim and offender characteristics and from common misconceptions to societal cultural and judicial responses and prevention efforts Each chapter discusses movies music literature and other forms of popular culture that address issues of domestic abuse and sexual assault identifying both accurate depictions and problematic examples The final section of the book addresses how our culture responds to and attempts to prevent domestic abuse and sexual assault covering depictions of police response to these kinds of crimes in popular culture how the justice system handles these cases and individual and community efforts to curb domestic abuse and sexual assault A compendium of films documentaries popular books and song lyrics featuring domestic abuse and sexual assault enables readers to easily investigate the subject further

The curse and its cure Thomas Prestwood Lucas, 1894 *Victim Healing and Truth Commissions* Holly L. Guthrey, 2015-02-23 This book intends to contribute to the growing body of transitional justice literature by providing insight into how truth commissions may be beneficial to victims of mass violence based on data collected in Timor Leste and on the Solomon Islands Drawing on literature in the fields of victim psychology procedural justice and transitional justice this study is guided by the puzzle of why truth telling in post conflict settings has been found to be both helpful and harmful to victims of mass violence Existing studies have identified a range of positive benefits and negative consequences of truth telling for victims however the reasons why some victims experience a sense of healing while others do not after participating in post conflict truth commission processes continues to remain unclear Hence to address one piece of this complex puzzle this book seeks to begin clarifying how truth telling may be beneficial for victims by investigating the question What pathways lead from truth telling to victim healing in post conflict settings Building on the proposition that having voice a key component of procedural justice can help individuals to overcome the disempowerment and marginalisation of victimisation this book investigates voice as a causal mechanism that can create pathways toward healing within truth commission public hearings Comparative empirical studies that investigate how truth telling contributes to victim healing in post conflict settings are scarce in the field of transitional justice This book begins to fill an important gap in the existing body of literature From a practical standpoint by enhancing understanding of how truth commissions can promote healing the findings and arguments in this volume provide insight into how the design of transitional justice processes may be improved in the future to better respond to the needs of victims of mass violence [Encyclopedia of Crime and Punishment](#) David Levinson, 2002 Authoritative and comprehensive this multivolume set includes hundreds of articles in the field of criminal justice Impressive arrays of authors have contributed to this resource addressing such diverse

topics as racial profiling money laundering torture prisoner literature the KGB and Sing Sing Written in an accessible manner and attractively presented the background discussions definitions and explanations of important issues and future trends are absorbing Interesting sidebars and facts reference lists relevant court cases tables and black and white photographs supplement the entries Appendixes cover careers in criminal justice Web resources and professional organizations A lengthy bibliography lists relevant works The Best of the Best Reference Sources American Libraries May 2003

Perceptions of Female Offenders Brenda Russell,2012-12-09 Female offenders are often perceived as victims who commit crimes as a self defense mechanism or as criminal deviants whose actions strayed from typical womanly behavior Such cultural norms for violence exist in our gendered society and there has been scholarly debate about how male and female offenders are perceived and how this perception leads to differential treatment in the criminal justice system This debate is primarily based upon theories associated with stereotypes and social norms and how these prescriptive norms can influence both public and criminal justice response Scholars in psychology sociology and criminology have found that female offenders are perceived

differently than male offenders and this ultimately leads to differential treatment in the criminal justice system This interdisciplinary book provides an evidence based approach of how female offenders are perceived in society and how this translates to differential treatment within the criminal justice system and explores the ramifications of such differences Quite often perceptions of female offenders are at odds with research findings This book will provide a comprehensive evidence based review of the research that is valuable to laypersons researchers practitioners advocates treatment providers lawyers judges and anyone interested in equality in the criminal justice system

Breaking the Cycles of Hatred Martha Minow, 2009-01-10 Violence so often begets violence Victims respond with revenge only to inspire seemingly endless cycles of retaliation Conflicts between nations between ethnic groups between strangers and between family members differ in so many ways and yet often share this dynamic In this powerful and timely book Martha Minow and others ask What explains these cycles and what can break them What lessons can we draw from one form of violence that might be relevant to other forms Can legal responses to violence provide accountability but avoid escalating vengeance If so what kinds of legal institutions and practices can make a difference What kinds risk failure **Breaking the Cycles of Hatred** represents a unique blend of political and legal theory one that focuses on the double edged role of memory in fueling cycles of hatred and maintaining justice and personal integrity Its centerpiece comprises three penetrating essays by Minow She argues that innovative legal institutions and practices such as truth commissions and civil damage actions against groups that sponsor hate often work better than more conventional criminal proceedings and sanctions Minow also calls for more sustained attention to the underlying dynamics of violence the connections between intergroup and intrafamily violence and the wide range of possible responses to violence beyond criminalization A vibrant set of freestanding responses from experts in political theory psychology history and law examines past and potential avenues for breaking cycles of violence and for deepening our capacity to avoid becoming what we hate The topics include hate crimes and hate crimes legislation child sexual abuse and the statute of limitations and the American kidnapping and internment of Japanese Latin Americans during World War II Commissioned by Nancy Rosenblum the essays are by Ross E Cheit Marc Galanter Fredrick C Harris Judith Lewis Herman Carey Jaros Frederick M Lawrence Austin Sarat Ayelet Shachar Eric K Yamamoto and Iris Marion Young
