Grace Faith Free Will:

Grace, Faith, Free Will Robert E. Picirilli, 2002 Robert E. Picirilli in *Grace Faith Free Will* renews the discussion of issues that have divided Calvinism and Arminianism since the Reformation. Jacobus Arminius, a Dutch theologian of the 16th century, contested the dominant theological ideas advanced by the well-known Protestant reformer John Calvin and his disciples. Historically, Arminius has been frequently misunderstood and often interpreted by friend and foe alike. Even today, one who calls himself Arminian does so with considerable risk as the name means different things to different people and comes in various flavors. Many automatically think of Arminians as liberal, differing little from Universalists at least holding to salvation by works and possibly espousing heretical views of the Trinity or the goodness of man. In truth, some Arminians have held and even now hold such beliefs. Not so of Arminius himself, his original followers, or able contemporary theologians such as Picirilli. Though he presents both classic Calvinism and Arminianism in order to help readers intelligently decide for themselves, Dr. Picirilli unashamedly advocates a very specific form of Arminianism as the best resolution of the tensions between the two doctrinal positions.

Free Will Revisited Robert E. Picirilli, 2017-05-31 Whether man has free will continues to be a hot topic among Bible teachers and theologians. After defining the issues involved from both a worldview and a biblical standpoint, this work devotes three chapters to exploring the single-volume treatments against free will by the great theologians Luther, Calvin, and Edwards. The author then responds to the major issues involved in their objections to free will: foreknowledge and necessity, human depravity, and the grace of God, the sovereignty, and all-encompassing providence of God, and Edwards's rationalistic argument. In each instance, the doctrine of free will, rightly understood, is in full and biblical accord with these concerns. A concluding chapter summarizes and expresses the bottom-line differences in the doctrine of salvation between the Arminian and the Calvinistic wings of reformed theology.

Salvation and Sovereignty Kenneth Keathley, 2010-01-01 A unique book exploring the issues of free will and God's sovereignty by comparing and contrasting the doctrines of Calvinism and Molinism, favoring the latter.

40 Questions About Calvinism Shawn D. Wright, 2019-04-30 In *40 Questions About Calvinism*, church historian Shawn Wright tackles many issues about the theological system known as Calvinism. Taking an irenic approach, Wright explains the key doctrines while also contrasting them with Arminianism. The accessible format allows readers to easily look up topics in which they're most interested, including: What is the difference between Calvinism and the Reformed tradition? Does God love all people? Did Jesus die for the sins of the whole world? Can people resist the Holy Spirit? Do Calvinists practice evangelism and missions? Here is a book to put into the hands of such inquirers whose understanding of Calvinism may have been formed by those who caricature it. The fact that each chapter is a question helps readers go straight to the issue that is dogging them.

Conrad Mbewe Kabwata, Baptist Church, Lusaka, Zambia. If you are a non-Calvinist seeking answers about Calvinism, you will find a clear and winsome presentation of the position as well as a response to some key criticisms. If you are a Calvinist looking for a model of how to

talk about these things with non Calvinists then you will find a helpful and humble model for explaining the Calvinist position and its points of disagreement with Arminianism in a fair minded evenhanded way Ligon Duncan Reformed Theological Seminary

The Extent of the Atonement David L. Allen,2016-06-01 The extent of Christ s atoning work on the cross is one of the most divisive issues in evangelical Christianity In The Extent of the Atonement A Historical and Critical Review David L Allen makes a biblical historical theological and practical case for a universal atonement Through a comprehensive historical survey Allen contends that universal atonement has always been the majority view of Christians and that even among Calvinist theologians there is a considerable range of views Marshalling

evidence from Scripture and history and critiquing arguments for a limited atonement Allen affirms that an unlimited atonement is the best understanding of Christ's saving work He concludes by showing that an unlimited atonement provides the best foundation for evangelism missions and preaching

The New Chosen People, Revised and Expanded Edition William W. Klein, 2015-11-25 Controversy rages on about God's choosing people for salvation Are only the few elect Rather than typically beginning with the preconceptions of systematic theologies Dr William Klein takes up this question by searching for a biblical theology of election He surveys the OT contexts of God's choosing individuals prophets priests kings to serve divine purposes and considers God's election of the nation of Israel as his special people This OT study proposes that God's election is both individual and corporate but not always determinative Individuals entered the people of God by birth but not all the people found salvation Faith in Yahweh was required This book traces these elective understandings through the intertestamental literature identifying continuities and shifts The bulk of the study and the heart of the argument focus

on the New Testament Klein identifies concepts of election and relationships between writers in the gospels the Lucan material Paul's writings and the rest The new covenant God choosing the church in Christ emphasizes election as corporate while the individual election of Jesus disciples and of Paul raises the question whether such chosenness is necessarily salvific In closing Klein discusses the most engaging and divisive questions around God's election and offers a real challenge to today's church

Monergism or Synergism Daniel Kirkpatrick, 2018-01-11 The tensions between Calvinism and Arminianism have perpetuated Christian thought for some 500 years The concerns from both parties are legitimate Calvinists are often accused of fatalism along with holding to a troubling view of double predestination Arminians are often accused of holding to a human centered view of salvation that robs God of glory while championing human ability Could it be that many of the tensions between Calvinists and Arminians are sourced in an often overlooked issue monergism and synergism Could the same be said regarding Protestantism and Roman Catholicism concerning justification In this volume Daniel Kirkpatrick explores the specific roles of God and humans in various aspects of salvation to determine whether salvation is a work between God and a person synergism or a work of God alone monergism Building upon the framework of Aquinas the Reformers and Arminians this book examines the issue of who does the work of salvation in light of cause and effect with hopes of providing new insights on historic doctrines

Predestination Greg Kame, 2021-03-11 The doctrine of predestination is an important starting point for the study of Christian theology thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that has been the reason for many debates among many theologians in the history of the church Despite the different views held by mainline Protestant theologians like Martin Luther John Calvin and Jacobus Arminius this book points to Scripture as the basis for Reformed soteriology It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students pastors Bible teachers and anyone interested in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today

The Anti-Pelagian Writings St. Augustine of Hippo, Both by nature and by grace Augustin was formed to be the

champion of truth in this controversy Of a naturally philosophical temperament he saw into the springs of life with a vividness of mental perception to which most men are strangers and his own experiences in his long life of resistance to and then of yielding to the drawings of God s grace gave him a clear apprehension of the great evangelic principle that God seeks men not men God such as no sophistry could cloud However much his philosophy or theology might undergo change in other particulars there was one conviction too deeply imprinted upon his heart ever to fade or alter the conviction of the ineffableness of God s grace This book comprises St Augustine s writings and thoughts regarding the Anti Pelagian dispute

Excusing Sinners and Blaming God Guillaume Bignon,2017-12-11 Calvinist determinism destroys moral responsibility and makes God the author of sin These two accusations are not new and were arguably anticipated by Paul in Romans 9 but they remain today the most important objections offered against Calvinist determinist views of human free will This book is a philosophically rigorous and comprehensive defense of Calvinism against these two families of arguments With respect to human moral responsibility it discusses whether determinism destroys free will turns humans into pets or puppets and involves or is analogous to coercion and manipulation It responds to the consequence argument and direct argument for incompatibilism the principle of alternate possibilities the ought implies can maxim and related claims With respect to the authorship of sin it discusses whether Calvinist determinism improperly involves God in evil Does it mean that God sins or causes sin or wills sin in problematic ways Does God intend our sin or merely permit sin In each case the coherence of the Calvinist view is defended against its most potent objections to reject the claim that Calvinism is excusing sinners and blaming God
