[Shadow Education and Social Inequalities in Japan](#) Steve R. Entrich, 2017-12-07 This book examines why Japan has one of the highest enrolment rates in cram schools and private tutoring worldwide It sheds light on the causes of this high dependence on shadow education and its implications for social inequalities The book provides a deep and extensive understanding of the role of this kind of education in Japan It shows new ways to theoretically and empirically address this issue and offers a comprehensive perspective on the impact of shadow education on social inequality formation that is based on reliable and convincing empirical analyses Contrary to earlier studies the book shows that shadow education does not

inevitably result in increasing or persisting inequalities but also inherits the potential to let students overcome their status specific disadvantages and contributes to more opportunities in education Against the background of the continuous expansion and the convergence of shadow education systems across the globe the findings of this book call for similar works in other national contexts particularly Western societies without traditional large scale shadow education markets The book emphasizes the importance and urgency to deal with the modern excesses of educational expansion and education as an institution in which the shadow education industry has made itself seemingly indispensable Bilingualism and Bilingual Education: Politics, Policies and Practices in a Globalized Society B. Gloria Guzmán Johannessen, 2019-01-14 This volume presents a multinational perspective on the juxtaposition of language and politics Bringing together an international group of authors it offers theoretical and historical constructs on bilingualism and bilingual education It highlights the sociocultural complexities of bilingualism in societies where indigenous and other languages coexist with colonial dominant and other prestigious immigrant languages It underlines the linguistic diaspora and expansion of English as the world's lingua franca and their impact on indigenous and other minority languages Finally it features models of language teaching and teacher education This book challenges the existent global conditions of non dominant languages and furthers the discourse on language politics and policies It does so by pointing out the need to change the bilingual multilingual educational paradigm across nations and all levels of educational systems **Teaching Writing to Children in Indigenous Languages** Ari Sherris, Joy Kreeft Peyton, 2019-02-18 This volume brings together studies of instructional writing practices and the products of those practices from diverse Indigenous languages and cultures By analyzing a rich diversity of contexts Finland Ghana Hawaii Mexico Papua New Guinea and more through biliteracy complexity and genre theories this book explores and demonstrates critical components of writing pedagogy and development Because the volume focuses on Indigenous languages it questions center margin perspectives on schooling and national language ideologies which often limit the number of Indigenous languages taught the domains of study and the age groups included **Education in Brazil An International Perspective** OECD, 2021-06-30 The Education in Brazil An International Perspective report was developed drawing on internationally comparative data on education in Brazil in particular the extensive range of data collected by the OECD through its surveys The experiences of other countries and how they have tackled challenges similar to those now faced by Brazil along with the insights from consultations with key national experts also inform the analysis **Reasoning** Mr. Rohit Manglik, 2024-08-24 A practical guide to enhancing analytical and logical reasoning abilities ideal for competitive exam preparation **Community Quality-of-Life Indicators: Best Cases VII** Meg Holden, Rhonda Phillips, Chantal Stevens, 2017-04-13 This book is the seventh volume in a series covering best practices in community quality of life indicators The case studies and analysis in this volume demonstrate how community indicators projects today operate within a need to amplify the voice of disadvantaged communities seriously explore the increasing use of information technology produce
