God holds for thee an unknown
future as His gift today;
Thou canst not see the longed-for
goal, the windings of the way.
But thou canst take the "Yet-to-Be",
and find a blessing there.
And, for his sake, out of the
blessing, make your life more fair.
Then life shall grow more strong
for work, more faithful to the
light. And thou shalt know
God's gift was beautiful-
God's way was right

Mixed Blessing Hazel McFerson,2001-12-30 Invidious distinctions on the basis of race and overt racism were central features in American colonial policy in the Philippines from 1898 to 1947 as America transported its domestic racial policy to the island colony This collection by young Filipino scholars analyzes American colonialism and its impact on administration and attitudes in the Philippines through the prism of American racial tradition a structural concept which refers to beliefs attitudes images classifications laws and social customs that shape race relations and racial formation in multiracial and colonial societies The dominance of this tradition was manifested in the wanton prerogatives of the U S Congress and others who helped to carry out colonial policy in the region The Spanish flexible racial tradition had resulted in a system based on ethnicity and class as determinants of social and economic structure while the rigid U S racial tradition assigned race the more dominant role The cultural affinity between the early individual American administrators and the Filipino elite however meant that class based distinctions in the islands were not broken up Thus the extreme elitist character of the Philippines economy and society persisted and became impervious to the influences which in other Asian countries led to a progressive weakening of elite structures as the 20th century advanced

Strategic Realization of Millennium Development Goals Ezechi P.D. Chuckwu,2013-11-27 The efforts to improve on the conditions of human life by individuals private and public sector is doubtless a continuous process In any case peace and security are necessary conditions for any meaningful sustainable human development To that effect both the League of Nations formed in 1919 after the World War I and the United Nations Organization created in 1945after the World War II are geared towards global peace and security as requisites to worthy conditions of human life The Millennium Development Goals MDGs which was established by the UN in the year 2000 is symbolic of an enhanced commitment towards the betterment of man in the 21st Century The present work is an attempt to take a general look at the MDGs so far The book underscores however the fact that progress has been actually made in some of the eight targeted areas of the goals so far Having said that the MDGs are confronted with some challenges and fundamental gaps Some of these gaps exist because of the non inclusion of certain key elements into the goals In this vein the philosophy and works of Fr Prof Emmanuel M P Edeh could offer a veritable approach for the actualization of the MDGs in general For close to three decades Edeh has contributed enormously in MDGs related programme and his modus operandi continues to remain efficacious and sustainably functional Hence the need for its consideration for the strategic realization of the MDGs
