Erotic Mentoring Janice Hocker Rushing, 2016-06-16 They're everywhere in the academy young bright women mentored by older scholars usually men who attempt to mold them into their own masculine ideals Janice Hocker Rushing's study of over 200 women and their life transformations is the subject of this eloquent book Using the tropes of mythology and Jungian psychology the author characterizes the many paths these women's academic lives take as Muse for a faltering older scholar as Mistress or wife as the dutiful academic daughter Their resistance to this power differential also takes many forms as a Veiled Woman silent in public but active in private or the Siren using her sexuality to beat the system Ultimately Rushing arrives at the myth of Eros and Psyche where women's self understanding and personal development turns her erotic mentoring into an autonomous whole and free life unfettered by any man These women's stories and Rushing's literary and literate framing of their lives will ring true to many in the university

Perfect Love, Imperfect Relationships John Welwood, 2007-03-27 A nationally known couples therapist reveals the single root cause of all relationship problems and offers revolutionary advice on what to do about it While most of us have moments of loving freely and openly it is often hard to sustain this where it matters most in our intimate relationships If love is so great and powerful why are human relationships so challenging and difficult If love is the source of happiness and joy why is it so hard to open to it fully and let it govern our lives In this book John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives Perfect Love Imperfect Relationships begins by showing how all our relational problems arise out of a universal wound of the heart that affects not only our personal relationships but the quality of life in our world as a whole This core wound shows up as a pervasive mood of unlove a deep sense that we are not intrinsically lovable just as we are It shuts down our capacity to trust so that even though we may hunger for love we have difficulty opening to it and letting it circulate freely through us This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace these imperfections within ourselves and within our relationships as trail markers along the path to great love It sets forth a process for releasing deep seated grievances we hold against others for not loving us better and against ourselves for not being better loved And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves Written with penetrating realism and a fresh lyrical style that honors the subtlety and richness of our relationship to love itself this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world

the collective sphere and mandates inherited from family history affect our way of living love one of the most significant human experiences The psychotherapists and Master Trainer in NLP Jessica Riberi and Inge Ludvigsen combine their professional and teaching experience in Chile and Denmark and propose a system to align six energy fields that promote and strengthen the love bond Jessica Riberi and Inge Ludvigsen have written a delightful and very helpful guide to how archetypal forms that is the patterns of the universal energies of human being can support and transform intimate relationships They are especially good in describing how to develop more mature and generative levels of each universal energy I highly recommend it to both people helpers as well as those seeking deeper intimacy connections Stephen Gilligan psychologist author of The Courage to Love and The Hero's Journey with Robert Dilts What could be more important and timely than having pathways to bring more quality into our relationships We are relational beings seeking the connections for outcomes of life partners families work spaces and communities Connection is there but managing these connections is quite a different order This is where archetypes guide us by reflecting back an ideal Not that we ever really get to the ideal but they remind us to bring awareness to the learning and the nurturing of the relationships that bring the joy to our lives Thank you so much for this book The Journey of love in couples as it also can bring us some hope for our inner and outer peace Judith DeLozier anthropologist coauthor of Turtle all the way down with John Grinder and Encyclopedia of Systemic NLP with Robert Dilts

ENDLESS LOVE, ROMANCE , AND INTIMACY Bukonya Siraje, As a society we are embarrassed by love We treat it as if it were an obscenity We reluctantly admit to it Even saying the word makes us stumble and blush Love is the most important thing in our lives a passion for which we would fight or die and yet we re reluctant to linger over its names Without a supple vocabulary we can t even talk or think about it directly As the title ENDLESS LOVE ROMANCE AND intimacy indicates we want to live in a culture where love can flourish We yearn to end the lovelessness that is so pervasive in our society This book tells us how to return to love ENDLESS LOVE ROMANCE AND intimacy provides radical new ways to think about the art of loving offering a hopeful joyous vision of love s transformative power it lets us know what we must do to love again Gathering love s wisdom it lets us know what we must do to be touched by love s grace THERE ARE NOT many public discussions of love in our culture right now At best popular culture is the one domain in which our longing for love is talked about Movies music magazines and books are the place where we turn to hear our yearnings for love expressed Yet the talk is not the life affirming discourse of the sixties and seventies which urged us to believe All you need is love Nowadays the most popular messages are those that declare the meaningless of love its irrelevance A glaring ex ample of this cultural shift was the tremendous popularity of Tina Turner s song with the title boldly declaring What s Love Got to Do with it I was saddened and appalled when I interviewed a well known female rapper at least twenty years my junior who when asked about love responded with biting sarcasm Love what s that have never had any love in my life Youth culture today is cynical about love And that cynicism has come from their pervasive feeling that love can not be found Expressing

this concern in When All You've ever Wanted isn't Enough Harold Kushner writes I am afraid that we may be raising a generation of young people who will grow up afraid to love afraid to give themselves completely to another person because they will have seen how much it hurts to take the risk of loving and have it not work out I am afraid that they will grow up looking for intimacy without risk for pleasure without significant emotional investment They will be so fearful of the pain of disappointment that they will forgo the possibilities of love and joy Young people are cynical about love Ultimately cynicism is the great mask of the disappointed and betrayed heart When I travel around the nation giving lectures about ending racism and sexism audiences especially young listeners become agitated when I speak about the place of love in any movement for social justice

Love's Revolution Maria P. P. Root, 2001 When the Baby Boom generation was in college the last miscegenation laws were declared unconstitutional but interracial romances retained an aura of taboo Since 1960 the number of mixed race marriages has doubled every decade Today the trend toward intermarriage continues and the growing presence of interracial couples in the media on college campuses in the shopping malls and other public places draws little notice *Love's Revolution* traces the social changes that account for the growth of intermarriage as well as the lingering prejudices and false beliefs that oppress racially mixed families For this book author Maria P P Root a clinical psychologist interviewed some 200 people from a wide spectrum of racial and ethnic backgrounds Speaking out about their views and experiences these partners family members and children of mixed race marriages confirm that the barriers are gradually eroding but they also testify to the heartache caused by family opposition and disapproving strangers Root traces race prejudice to the various institutions that were structured to maintain white privilege but the heart of the book is her analysis of what happens when people of different races decide to marry Developing an analogy between families and types of businesses she shows how both positive and negative reactions to such marriages are largely a matter of shared concepts of family rather than individual feelings about race She probes into the identity issues that multiracial children confront and draws on her clinical experience to offer child rearing recommendations for multiracial families Root's Bill of Rights for Racially Mixed People is a document that at once empowers multiracial people and educates those who ominously ask What about the children *Love's Revolution* paints an optimistic but not idealized picture of contemporary relationships The Ten Truths about Interracial Marriage that close the book acknowledge that mixed race

couples experience the same stresses as everyone else in addition to those arising from other people's prejudice or curiosity. Their divorce rates are only slightly higher than those of single race couples which suggests that their success or failure at marriage is not necessarily a racial issue. And that is a revolutionary idea. Author note: Maria P. P. Root Ph.D. is a clinical psychologist and past President of the Washington State Psychological Association.

A Relationship Is a Living Thing

Russell Crescimanno, 2009-04. Many marital relationships that dissolve could survive and even thrive if the couple realized that there is an art and science to love and intimacy and were willing to learn and practice it. This involves learning how to experience the difference between our ego and our Self. Quieting the mind through meditation using methods both traditional and home made is the key to this experience. It is the felt sense of the deep Self within that moves us to choose to be kind or considerate when our egos would have us behave otherwise. When we extend ourselves in friendship a genuine fondness for one another begins to grow which then nurtures the soul of our relationship. Cultivating these qualities promotes deep spiritual partnership and long term intimacy. This book offers both principles and practices for those who feel they may be ready to engage this kind of soul centered learning. Russell Crescimanno Ph.D. is Professor Emeritus at Piedmont Virginia Community College. He has been teaching courses in sociology for forty years. One in particular called Marriage and Family Relations became his passion as both his personal life and the climate of the culture regarding marriage and divorce changed over time. He has also been a student and practitioner of the science of meditation and Self realization for twenty years. This work has complemented his specialization in the sociology of knowledge and his desire to understand how society shapes human consciousness and therefore our relationships. Motivated by the growing divorce rate in the country, the painful stories of so many students who come from broken homes and the dissolution of his first two marriages, he has been increasingly invested in learning what it takes to keep love alive and what we now know is sure to deaden it.

Love and Freedom Jorge N. Ferrer, 2021-06-24. In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized, a step forward in the evolution of modern relationships. In the same way that the transgender movement surmounted the gender binary, Ferrer defines how a parallel step can and should be taken with the relational style binary. This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological, psychological, and sociocultural conditionings. To achieve these goals, Ferrer first discusses a number of critical categories specifically: monopride, polyphobia, and polypride, monophobia, that mediate the contemporary mono/poly wars, that is, the predicament of mutual competition among monogamists and polyamorists. The ideological nature of these mono/poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples. Then, after showing how monogamy and polyamory ultimately reinforce each other, Ferrer articulates three relational pathways to living in between, through, and beyond the mono/poly binary: fluidity, hybridity,

and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
