The book that made McDonaldization part of the lexicon of contemporary sociological theory read by hundreds of thousands of students is now in its Ninth Edition George Ritzer's seminal work of critical sociology *The McDonaldization of Society* continues to stand as one of the pillars of modern day sociological thought Building on the argument that the fast food restaurant has become the model for the rationalization process today this book links theory to contemporary life in a globalized world and resonates with students in a way that few other books do Ritzer opens students eyes to many current issues and shows how McDonaldization's principles apply to other settings especially in the areas of consumption and globalization Through vivid story telling prose Ritzer provides an insightful introduction to this fascinating topic and aids students critical development This new edition has been fully updated to include a new focus on McDonaldization in the digital world **Understanding Global Environmental Politics** M. Paterson, 2000-04-07 *Understanding Global*

Environmental Politics develops a new critical approach to global environmental politics It argues that the major power structures of world politics are deeply problematic in ecological terms and that they cannot be easily used to resolve major environmental challenges such as global warming Instead of simply advocating the construction of new international institutions to respond to such challenges therefore the book argues that the construction of alternative social and political structures is necessary **The Org** Ray Fisman, Tim Sullivan, 2013-01-08 We create organizations because we need to get a job done something we couldn't do alone and join them because we're inspired by their missions and our paycheck But once we're inside these organizations rarely feel inspirational Instead we're often baffled by what we encounter clueless managers a lack of clear objectives a seeming disregard for data and the vast gulf between HR proclamations and our experience in the cubicle So where did it all go wrong In *The Org* Ray Fisman and Tim Sullivan explain the tradeoffs that every organization faces arguing that this everyday dysfunction is actually inherent to the very nature of orgs *The Org* diagnoses the root causes of that malfunction beginning with the economic logic of why organizations exist in the first place then working its way up through the org's structure from the lowly cubicle to the CEO's office Woven throughout with fascinating case studies including McDonald's al Qaeda the Baltimore City Police Department Procter and Gamble the island nation of Samoa and Google *The Org* reveals why the give and take nature of organizations while infuriating nonetheless provides the best way to get the job done You'll learn The purpose of meetings and why they will never go away Why even members of al Qaeda are required to submit Travel Expense reports What managers are good for How the army and other orgs balance marching in lockstep with fostering innovation Why it's the hospital administration not the heart surgeon who is more likely to save your life That CEOs often spend over 80% of their time in meetings and why that's exactly where they should be and why they get paid so much Looking at life behind the red tape *The Org* shows why the path from workshop to corporate behemoth is pockmarked with tradeoffs and competing incentives but above all demonstrates why organizations are central to human

achievement Carnal Appetites Elspeth Probyn, 2003-09-02 In *Carnal Appetites* Elspeth Probyn charts the explosion of interest in food from the cults that spring up around celebrity chefs to our love hate relationship with fast food our fetishization of food and sex and the impact of our modes of consumption on our identities You are what you eat the saying goes but is the tenet truer than ever As the range of food options proliferates in the West our food choices become inextricably linked with our lives and lifestyles Probyn also tackles issues that trouble society asking questions about the nature of appetite desire greed and pleasure and shedding light on subjects including fast food vegetarianism food sex cannibalism forced feeding and fat politics Working for McDonald's in Europe Tony Royle, 2004-08-02 The McDonald s Corporation is not only the largest system wide sales service in the world it is a phenomenon in its own right and is now recognized as the most famous brand in the world By providing a detailed analysis of the extent to which the McDonald s Corporation adapts or imposes its labour relations policies in Europe this volume represents a real life case study revealing the interaction between a global multi national enterprise and the regulatory systems of a number of different European countries Key features include an overview of the McDonald s Corporation s development and structure an analysis of its corporate culture and the issues of franchising an examination of key union strategies including systems of co determination consultation and collective bargaining a chapter dealing specifically with European legislation in particular the McDonald s European Works Council The author systematically analyzes the conflict between the McDonald s Corporation and the industrial relations systems of the European countries within which it operates and exposes this conflict as an unequal struggle between economic liberalism and collectivism **Grinding It Out** Ray Kroc, Robert Anderson, 2016-08-02 Originally published in 1977 by Contemporary Books Fast Food, Fast Track Jennifer Talwar, 2018-03-05 Praise for Fast Food Fast Track A fine ethnography with both theoretical and advocative significance representing the best qualitative sociology Choice Explores the intimate realities and behind the scenes exchanges of a multiethnic work force serving the typical American meal Through a lively narrative and insightful stories Jennifer Parker Talwar gives a full sense of what it s like to live in both a global economy and a local culture Sharon Zukin author of *The Cultures of Cities* No longer just pocket money for American teens wages paid by multinational fast food chains are going to a new generation of order takers burger flippers and basket fryers newly arrived immigrants hailing from China the Caribbean Latin America and India a colorful sea of faces has taken its place behind one of the most ubiquitous American business institutions the fast food counter They have become a vital link between the growing service sector in our cities ethnic enclaves and the multi billion dollar global fast food industry For four years sociologist Jennifer Parker Talwar went behind the counter herself and listened to immigrant fast food workers in New York City s ethnic communities They talked about balancing their low paying jobs and monotonous daily reality with keeping the faith that these very jobs could be the first step on the path to the American Dream In this original and compelling work of ethnography Talwar shows that contrary to those arguing that the fast food industry only

represents an increasing homogenization of the American workforce fast food chains in immigrant communities must and do adapt to their surroundings
