Sullivan, Pamela M., Lantz, Jessica L., Sullivan, Brian A., 2019-11-22 The allure and marketplace power of digital technologies
continues to hold sway over the field of education with billions spent annually on technology in the United States alone
Literacy instruction at all levels is influenced by these evolving and ever changing tools While this opens the door to
innovations in literacy curricula it also adds a pedagogical responsibility to operate within a well developed conceptual
framework to ensure instruction is complemented or augmented by technology and does not become secondary to it The
Handbook of Research on Integrating Digital Technology With Literacy Pedagogies is a comprehensive research publication
that considers the integration of digital technologies in all levels of literacy instruction and prepares the reader for inevitable
