au 15 juillet 1940 quelques jours après les Actes constitutionnels de juillet qui confient le pouvoir et confient tout entier ce dernier. Pétain Marguerite Lebrun a tenu ce journal pendant l'essentiel de sa vie de 1890-1947. L'épouse du dernier président de la III^e République a tenu aux premières loges du pouvoir. Chaque jour elle a consigné l'actualité politique, ses doutes et ses motions, sa propre observation des événements et son appréciation des acteurs d'une Histoire en train de se faire. Ceci avec d'autant plus de liberté que ses écrits n'étaient pas destinés à être lus par d'autres. Par un récit profondément humain et très informé, Marguerite Lebrun raconte la longue descente aux enfers de la France, la déclaration de guerre, l'invasion, la mise du pouvoir par Pétain, le témoignage de cette période particulière, critique quotidiennement sur le vif, le volontarisme de Daladier et de Reynaud, les manœuvres de Laval, l'excitation de Weygand et l'apathie apparente de Pétain qui vont, après quelques mois d'une drôle de guerre, conduire la France à l'armistice, puis une collaboration avec la nouvelle puissance européenne. Ce document inédit et authentique, écrit d'une belle plume, restitue un regard averti sur cette dernière année de la III^e République qui vit la France basculer progressivement vers un régime en rupture avec la société française. De toute évidence, il captivera le lecteur qui se demande comment cette époque, la République a sombré.

Cette grammaire revisite chaque règle annoncée dans les ouvrages existants en fonction de l'usage actuel. L'auteur s'est limité à l'espagnol académique et contemporain et a privilégié les différences par rapport au français pour le subjonctif par exemple. L'usage est difficile mais si on maîtrise déjà le français, il est plus simple de reconnaître que les cas qui diffèrent. Il a aussi complété des règles. L'espagnol est une langue d'une grande richesse aux multiples variétés et usages que cette grammaire ne pouvait tous recenser. De nombreuses règles si elles devaient être présentées seraient accompagnées de dizaines d'exceptions et de sous-exceptions rendant la lecture ardue et l'apprentissage impossible. La grammaire ne peut que donner les règles principales, les garder, les plus importants, partir desquels l'étudiant pourra structurer son apprentissage et canaliser ses connaissances acquises par la lecture. Le reste lui viendra de l'apprentissage inconscient que lui donnera la lecture des textes, en particulier des romans. Il faut beaucoup lire pour apprendre une langue, même pour parler, la lecture donne les clés de la phrase, apprend à ordonner les mots, enseigne en profondeur les grandes règles de la grammaire.
