Blush of the Rainbow: A Selection of 100 Love Poems Mojibur Rahman, 2005-05-31 Life is full of tears and smiles Our delights are shortlived whereas our tears leave a mark on our cheeks These poems paint colourful pictures of our innermost emotions such as love and hate Love that sparks with a smile and hate that howls into tears Simple words have been used to

paint a picture of the story behind poems where metaphors and similes play crucial roles to sharpen the image The colours in the story are embedded in the form of conflicts and contrasts in the poems Endings are at times sad and leave a mark on our memory whereas some poems end with the happiest colours of the emotions In Blush of the Rainbow I present a kaleidoscopic view of life and love Love is all we think about all we do and all we know Love is much more than we can show

Distortion and Love Nigel Rapport, 2016-07-07 In this ground breaking book a theory of distortion of the way in which the processes of human life are subject to interference diversion and transformation is developed by way of the art of one of Britain's greatest twentieth century painters and that art's public reception. Devoted to his native village of Cookham on Thames Stanley Spencer painted not only landscapes and portraits with loving detail but also the memory feelings which he felt were a sacred part of his consciousness. Yet Spencer was also a controversial public figure with some taking the view that his visionary paintings were ugly distortions of human life even marks of an immoral nature. Examining how Spencer lived his vision how he painted it and wrote it and also how his attempts to communicate that vision were received by his contemporaries and have continued to be interpreted since his death the author posits distortion as key an intrinsic aspect both of human creation and of human interaction. What we intend to make to say to do and have done often mutates in the process of being expressed or put into effect we live amid distortion. Love the affective appreciation of one another is then a means by which we accommodate distortion and its consequences in our lives. An illustration through Stanley Spencer's story of significant aspects of a human condition this book will appeal across disciplines including to art historians and students of

Spencer's work as well as to scholars of anthropology with interests in creativity perception and interpretation Learning to Laugh Gary McGuire, The attitude of a person measures the altitude of his or her success and happiness Success and as a resultant happiness is not determined by how much you earn or what is your status in society It is determined by whether or not you achieve your chosen goals in life and how you view them Each person's goals are different Therefore it is essential for every individual to crystallize his or her vision in order to develop his her own paradigm and path to success And this book presents a practical guide to achieve success and happiness in life Much of what is written is based on the author's own experiences and the philosophy which he has developed by active interaction with others as well as the study of the writings and experiences of great personalities across the world **Sydney Fielding** Edwin Keene,1857 **Crimson Forest** Christine Gabriel,2023-12-17 Something horrible is happening in the Crimson Forest I need you to promise me you'll stay away from it Eighteen year old Angelina Adams had every intention of taking that advice She had no desire to disappear into the trees as so many hunters had done But when her mother is brutally murdered in their home and the attacker comes for her she has no choice but to flee into the blood red woodland that claimed her father's life years before There she meets Nicolai a handsome mysterious stranger who vows to protect her from the dark forces bent on destroying her life But can he be trusted Is he who he says he is or will he simply take what he wants from her and move on Angelina soon realizes that nothing is as it seems in the Crimson Forest a place where creatures known only to humans through myth and legend fight for love and survival It's a world where fairy tales thrive nightmares become reality and some secrets are better left undiscovered Crimson Forest is the first book in The Crimson Chronicles an exciting new adult fantasy series from Christine Gabriel Book Two is Crimson Moon **Project 137** Seth Augenstein,2023-12-16 WHERE HAVE AMERICA'S MISSING PERSONS GONE As a doctor in the post Blackout United States of America of 2087 Joe Barnes struggles to save his patients and uphold his Hippocratic Oath Even so he's an idealist and his home life is one of happy expectation as he and his wife Mary prepare to welcome their first child after a medical miracle makes their dream possible But a teenaged boy dies unexpectedly on Barnes' watch and a girl goes missing and as Barnes becomes obsessed with finding the killer patients keep dropping dead from strange diseases that should no longer exist at the end of the 21st century With the help of his mentor he chases a phantom force at work in the hospital and discovers a terrifying link to a human experimentation program from the barely remembered chaos of World War II The forces behind the spreading pestilence threaten to spark another global cataclysm and slaughter Barnes's young family unless the good doctor can stop them in time The Love and Hatred Marie Belloc Lowndes,1917 **Jack and Jill, a Love Story** Cutler Jerry Cutler,2010-05 Jill is 35 45 lbs overweight strong and healthy from outdoor work as a landscape architect and happy with herself as she is Jack a hunk but if you got to know him was a highly intelligent and decent man Coming home one night depressed after another failed relationship with another Barbie doll he goes onto his deck takes his guitar and sings a love song to the starry night asking crying for the
