

An abstract painting depicting a church interior. The scene is composed of large, angular, geometric shapes in shades of brown, tan, and white, creating a sense of depth and perspective. A bright, glowing light source from the upper right casts long, sharp shadows and illuminates parts of the architecture. In the lower foreground, several small, dark figures of people are visible, providing a sense of scale. The overall mood is contemplative and architectural.

Imagining The Catholic Church Structured Communion In The Spirit Theology:

Imagining the Catholic Church Ghislain Lafont, 2000 Father Lafont challenges the Church to offer a renewed image and to speak credibly without abandoning any essentials given by God to the Church and without sacrificing the radicalism of the Gospel message BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Theology in Service to the Church Allan Hugh Cole Jr., 2014-07-17 As a global religion with growing numbers of expressions Christianity calls for deepening relationships across traditions while also formulating collaborative visions A thriving church will require Christians from various traditions and on varying trajectories to become familiar with one another appreciate one another and work in common service to God in Jesus Christ In this book a group of thirteen distinguished scholars from around the world and representing a range of Orthodox Catholic and Protestant perspectives demonstrate how theological reflection and broad based ecumenical conversations may serve the church Reflecting on numerous salient matters facing the global church these scholars model what may be accomplished in ecumenical conversations that recognize the gifts that come with unity across diversity among those who seek to be faithful to Jesus Christ

The Evolution of a Vow Judith Schaefer, 2009 For centuries the vow of obedience has been at the heart of religious life With the renewal efforts of Vatican II the vow has been dramatically restructured but not theologically re envisioned The Evolution of a Vow Obedience as Decision Making in Communion addresses the changes in the vow and proposes a renewed theology that supports the living out of obedience in the twenty first century Obedience in communion as a theological proposal invites vowed religious to create a pattern of limitless listening that everywhere seeks the call of God to communion Against the horizon of communion obedience becomes the singular thread of grace by which vowed religious become who they are called to be

Systematic Theology Thomas P. Rausch, 2016 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church s doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today s theological pluralism

Communion, Diversity, and Salvation Brian Flanagan, 2011-06-09 Questions surrounding the understanding of communion are a significant feature of much contemporary ecclesiology but their prominence calls attention to wider questions regarding ecclesiological method Brian Flanagan addresses the questions of how to characterize a systematic ecclesiology and the possibility of a systematic communion ecclesiology through an investigation of the concept of communion in the work of Jean Marie Tillard OP Tillard s theology is noted as the most prominent Roman Catholic communion ecclesiology Flanagan argues that Tillard contributes to

systematic ecclesiology by defining the concept of communion in relation to Christology soteriology and theological anthropology thereby framing an answer to the contemporary question of ecclesial unity and diversity The book also assesses the danger of idealism in Tillard s thought and suggests that further engagement with social scientific study of the church will help strengthen nuance and critique Tillard s idea of communion *Church as Communion* Philip Kariatlis,2020-03-20

This book innovatively explores the notion of koinonia for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God s communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion Such a notion of koinonia far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal

Understanding the Religious Priesthood Christian, OSB Raab,Brian E., SJ Daley,2020-10-14 Most contemporary

theologies of Holy Orders consider priesthood mainly in its diocesan context and most contemporary theologies of religious life do not consider how ordained ministry functions when it is internal rather than external to religious life Understanding the Religious Priesthood provides a history and theology of religious priesthood that contributes to our understanding of this vocation's identity and mission It uncovers what religious priesthood shares with diocesan priesthood and non ordained religious life and what makes it different from both those other vocations Christian Raab begins by tracing the history of religious priesthood from its origins in the early Church to the eve of the Second Vatican Council He demonstrates that religious priests often faced questions about how to reconcile their two callings but that they also provided answers in their theologies and spiritualities of priesthood and religious life Meanwhile they made key contributions to the Church's life and mission Raab then investigates the teachings of the Second Vatican Council on priesthood and religious life Observing that the Council presented priesthood according to a diocesan typology and presented religious life without sacerdotal associations he argues that the lack of imagery of religious priesthood contributed to a post conciliar vocational identity crisis among religious priests He then seeks to remedy this lacuna by appealing to the biblical images for religious priesthood Hans Urs von Balthasar offered in his theology of vocations Raab argues that Balthasar's imagery is a promising way forward for understanding the identity and mission of religious priesthood In a final part Raab provides a substantial theological articulation of religious priesthood which illuminates its liturgical signification ecclesial mediation and mission and ministerial identity Here he draws not only from Balthasar but also from Pope John Paul II Yves Congar Jean Marie Tillard Brian Daley and Guy Mansini to construct his profile

Journal of Hispanic/Latino Theology, 2000 An Unfinished Council Richard R. Gaillardetz, 2015-10-28 The Second Vatican Council has become an indispensable reference point for understanding Roman Catholicism today Yet in spite of its impact Vatican II was in many ways an unfinished council The council bishops were able to establish key pillars in the construction of a new vision for the church of our time but for various reasons they were not able to draw those pillars together into a coherent unified structure This volume describes both the council's building project itself and the challenges facing the church today if we are to complete the project begun fifty years ago Standing Together in the Community of God Paul Janowiak, 2011 We are here on earth not to guard a museum but to cultivate a garden flourishing with life and promised to a glorious future John XXIII exhorted the Church at the dawn of the Second Vatican Council In an age when some skeptics suggest that the reformed liturgy has lost the wonder and spiritual depth of previous ages Standing Together in the Community of God affirms that we need not look back the Sacred Mysteries are already in our midst Their wellspring and summit is the heart of God shared in the Trinity's own communion announced now as pure Gift Praising God for God's saving acts in Jesus as Vatican II reminded us we encounter Christ's sacramental presence in four modes in the person of the priest who gathers the community into communion in the elements and actions of the sacraments in the word proclaimed and preached and in the assembly praying and singing SC 7 In rhythm and harmony

these modes invite us to encounter the multivalent depth of the Mysteries that announce Christ in you the hope of glory Col 1 27 Together they proclaim the Risen One among us the totus Christus hope for a hungry world Allowing each mode its respect as a bearer of the sacred these focal words and actions in the liturgy echo a communion song that announces Christ's real presence to us and for us and with us Beginning deep within this is a spirituality and piety for the twenty first century ever ancient and ever new From Crisis to Kairos A. E. Orobator, 2005 *The Vision of Vatican II* Ormond Rush, 2019-06-27 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council's vision for renewal and reform of the Catholic Church A Belief in Humanity: The Untold Story of Conciliar Humanism Thomas D. Carroll, 2024-09-12 I believe in a new humanity Evocative words spoken by Pope Francis to the assembled young people in Krak w Poland during the final mass for World Youth Day on July 31 2016 What was he thinking about Where did this idea come from This book answers these questions and examines for the first time an original way of thinking about our shared humanity a way that was intimated sixty years ago and is still to be explored **Religious Life and Priesthood** Maryanne Confoy, 2008 Religious Life and Priesthood reclaims the vision of Vatican II for contemporary priests religious and ecclesial ministers The book examines the historical context the key players and the implementation of Vatican II documents on the priesthood the training of priests and the religious life BOOK JACKET Solidarity with the World Carolyn A. Chau, 2016-11-15 Is Christian mission even possible today In a secular age is it possible to talk about the goodness of God in a compelling way How should the church proceed Carolyn Chau explores the question of Catholic mission in a secular age through a constructive interpretation of the work of two celebrated Catholic thinkers philosopher Charles Taylor and theologian Hans Urs von Balthasar arguing that Taylor and Balthasar together offer a promising path for mission today Chau attends to Taylor's account of the conditions of belief today and the genesis of the sociohistorical limits on contemporary God talk as well as his affirmation of certain aspects of Western modernity's culture From Balthasar Chau sifts out the distinctiveness of his view of the human person as defined by mission and his encouragement of a kenotic self understanding of the church In the end Chau claims that if modern persons in secular Western societies are seeking fulfillment and integrity Christian spirituality remains a rich resource on offer Apostolicity Then and Now John J. Burkhard, 2015-05-15 Apostolicity Then and Now explores apostolicity from its origin to today Apostolicity is a fundamental mark of the church referring to Jesus' faith given to and carried on and taught unaltered by a continuous line of apostles This book primarily focuses on how apostolicity pertains to the church as a whole and views apostolic succession in light of how

apostolicity is applicable to the church Scriptural historical theological and ecumenical contexts provide a thorough study that includes worldviews and their impact on apostolicity Chapters are Who Were the Apostles Why the Early Churches Understood Themselves as Apostolic Apostolicity in History Apostolicity and the Theologians Apostolicity and the Classical and Modern Worldviews Apostolicity in a Postmodern World Apostolicity in Ecumenical Dialogue and Apostolicity in an Ecumenical Church

The Long Shadow of Vatican II Lucas Van Rompay, Sam Miglarese, David Morgan, 2015-07-01 With the Second Vatican Council 1962-65 the Roman Catholic Church for the first time took a positive stance on modernity Its impact on the thought worship and actions of Catholics worldwide was enormous Benefiting from a half century of insights gained since Vatican II ended this volume focuses squarely on the ongoing aftermath and reinterpretation of the Council in the twenty first century In five penetrating essays contributors examine crucial issues at the heart of Catholic life and identity primarily but not exclusively within North American contexts On a broader level the volume as a whole illuminates the effects of the radical changes made at Vatican II on the lived religion of everyday Catholics As framed by volume editors Lucas Van Rompay Sam Miglarese and David Morgan the book s long view of the church s gradual and often contentious transition into contemporary times profiles a church and laity who seem committed to many mutual values but feel that implementation of the changes agreed to in principle at the Council is far from accomplished The election in 2013 of the charismatic Pope Francis has added yet another dimension to the search for the meaning of Vatican II The contributors are Catherine E Clifford Hillary Kaell Leo D Lefebure Jill Peterfeso and Leslie Woodcock Tentler

The Unmoored God Crowley, SJ, Paul G., 2017
