Evangelical Theology, Second Edition Michael F. Bird,2020-10-20 Gospel Centered Theology for Today Evangelical Theology Second Edition helps today s readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world

Mimesis in the Johannine Literature C. Bennema,2017-09-21 Mimesis is a fundamental and pervasive human concept but has attracted little attention from Johannine scholarship This is unsurprising since Johannine ethics of which mimesis is a part has only recently become a fruitful area of research Bennema contends that scholars have not yet identified the centre of Johannine ethics admittedly due to the fact that mimesis is not immediately evident in the Johannine text because the usual terminology for mimesis is missing This volume is the first organized study on the concept of mimesis in the Johannine literature The aim of the study is to establish that mimesis is a genuine Johannine concept to explain its particulars and to show that mimesis is integral to Johannine ethics Bennema argues that Johannine mimesis is a cognitive creative process that shapes the believer s identity and behaviour within the context of the divine family Besides being instrumental in people s moral transformation mimesis is also a vital mechanism for mediating the divine reality to people

Wilhoit,2022-03-29 Most books on spiritual formation focus on the individual But spiritual formation is at the heart of the church s whole purpose for existence It must be a central task for the church to carry out Christ s mission in the world This book offers an introduction to spiritual formation set squarely in the local church The first edition has been well received and widely used as a textbook The second edition has been updated throughout incorporates findings from positive psychology and reflects an Augustinian formation perspective Foreword by Dallas Willard *The Pastoral Epistles* Scot McKnight,2023-11-09 Provides an up to date explanation of the Pastoral Epistles traditionally attributed to the apostle Paul Pauline Slave Welfare in Historical Context W. H. Paul Thompson,2023-03-20 W H Paul Thompson engages in an equality analysis of Pauline ethics on slave welfare how slaves should be treated in comparison to free persons He reconstructs a distinctive Jewish numerically equal treatment ethic for slaves and free persons which Paul reorients into a Christocentric framework Cover page 4 Christian Spiritual Formation Diane J. Chandler,2014-04-04 This comprehensive theory and practice of Christian spiritual formation weaves together biblical and theological foundations with interdisciplinary scholarship real world examples personal vignettes and practical tools to assist readers in becoming whole persons in relationship with God and others **The God Who Trusts** Wm. Curtis Holtzen,2019-12-10 The Bible resounds with affirmations that God is faithful and trustworthy But might he also exhibit faith and trust Wm Curtis Holtzen contends that because God is a being of relational love and exists in relationship with humans then God is a God who trusts Holtzen argues that understanding the relationship between divine trust and human faith can give us a fuller truer picture of who God is and who we are Political Church Jonathan Leeman,2016-03-01 What is the nature of the church as an institution What are the limits of the church s political reach Drawing on covenant theology and the new institutionalism in political science Jonathan Leeman critiques political liberalism and explores how the biblical canon informs an account of the local church as an embassy of Christ s kingdom **Divine Suffering** Andrew J. Schmutzer,2023-02-22 Divine Suffering is an inter disciplinary study that draws from systematics philosophy biblical theology and pastoral experience In addition to covering topics like the suffering of the Father in the Son and God s cruciform vulnerability this book also explores how divine suffering animates the Christian gospel and resonates in the ongoing persecution of believers The study of the

suffering God has everything to do with Theology History and Church Mission Like exploring a cathedral from all its entrances both scholars and seekers will find ample opportunity for theological challenge biblical insight and missional hope To accomplish this both Scripture and doctrine are closely investigated Today divine suffering must face the contemporary realities of protest atheism escalating wars new studies in relational theology and dialogical personhood that presses the need to explain a Christian message about the kind of God who is not only transcendent but also personal Divine Suffering introduces us to the history of God not just the God of history In this study we meet a God available to our pain though not diminished by it Mounting forms of grief need to be met with an equally pastoral understanding that validates suffering without valorizing it

Following the Lamb Keith T. Marriner, 2016-01-11 Jesus parting words to his followers were for them to Go therefore and make disciples of all nations Matt 28 19 This being the case shouldn t we be concerned with gaining a full understanding of discipleship from the entire New Testament corpus Many scholars recognize that the theme of discipleship is found throughout the New Testament even in Revelation with all of its symbolism and bizarre imagery But how does it do this The focus of this study through the use of content analysis methodology is to demonstrate that the theme of discipleship is not only found in the Apocalypse but is also exceedingly relevant for Christians today In many parts of the world Jesus disciples are facing opposition and persecution for their testimony to Jesus Christ It would do Christians well to read the book of Revelation once again As they read it this time through the eyes of the oppressed the content of the book will prove extremely valuable to aid disciples of Jesus in their efforts to follow the Lamb wherever he goes Rev 14 4 no matter what the cost

The Water and the Blood Kevin P. Emmert, 2023-10-16 This Thoughtful Book Explores How the Sacraments Shape Christian Identity in Christ Our culture today teaches us that we must look inside ourselves to discover our place and purpose in life we can determine our own identities and express them however we want This self centered approach promises freedom and fulfillment but it leads only to confusion and despair In The Water and the Blood Kevin P Emmert combats this egocentric mindset with a sustainable solution through Jesus Christ Emmert explores the depth of Christian identity which our triune God makes visible through the sacraments of the gospel This thoughtful theologically driven book explains how God uses multisensory elements water bread and wine to communicate to his people and unite them to the life giving body of Christ Readers will be inspired to joyfully embrace the identity they have received in Christ as baptized and communing persons Offers a Sustainable Solution for Identity Confusion This book uncovers how a transformative relationship with Christ produces lasting significance and purpose Examines the

Crowe,2017-01-31 There is much discussion today about how we are to understand the life of Jesus in the Gospels What was Jesus doing between his birth and death and how does this relate to salvation This book corrects the Christian tendency to minimize the life of Jesus explaining why the Gospels include much more than the Passion narratives Brandon Crowe argues that Jesus is identified in the Gospels as the last Adam whose obedience recapitulates and overcomes the sin of the first Adam Crowe shows that all four Gospels present Jesus's obedient life as having saving significance **The Drama of Preaching** Eric B. Watkins,2017-02-16 Preaching is dramatic Through it we hear the voice of the living God as he speaks to us both through the reading and the preaching of the word of God But where do the hearers of sermons fit into the drama This book suggests ways in which the drama metaphor may help to address age old questions about the centrality of the gospel and the place of the hearer in preaching As God in Christ is the central character in the biblical drama of redemption he also calls hearers to understand their role in creatively yet faithfully living according to the biblical script Thus no sermon is complete until God's redemptive work is powerfully proclaimed and his people are instructed in how they too are participating in the *Missio Dei* In this work Hebrews 11 is employed as a means of showing how God not only reveals his redemptive work to his people but also through them As postmodernism sets the stage of contemporary preaching *The Drama of Preaching* interacts with some of the particular challenges preachers face in engaging postmodern listeners that they might not only be hearers but doers of the preached word *Divine Action in Hebrews* Zondervan,2023-11-07 Recent years have seen renewed interest in divine action but much of the literature tends to focus on the science theology discussion Resulting from multi year work of the Scripture and Doctrine Seminar part of KLC's Scripture Collective this book attends to the portrayal of divine action in one major biblical text namely Hebrews In the New Testament Hebrews is on par with Romans in terms of importance but has too often been overlooked Contributors to this volume explore the many different ways in which divine action is foregrounded and portrayed in Hebrews As its name indicates Hebrews overflows with Old Testament intertextuality which also makes it a fertile ground for analysis of divine action stretching back into the Old Testament and opening out into different parts of the NT The essays in this volume rigorously work the interface of theology and exegesis all related to Hebrews offer an overview of the current state of discussion of divine action and the importance of exploring divine action in specific biblical texts with special reference to William Abraham's recent 4 volume work with OUP provide an overview of the reception history of Hebrews in theologies of divine action explore how this has played out in historical theology and what a retrieval of Hebrews for a theology of divine action might mean today explore the relationship between the doctrine of God and divine action in Hebrews including an engagement with classical theism provocatively explore divine action in the OT creation and

eschatology in Hebrews explore the major theme in Hebrews of divine action through the ongoing priesthood of Jesus as portrayed in Hebrews relate this all to preaching Hebrews today and to spiritual formation The book's conclusion reflects on the primary action of God speaking in Hebrews

Integrating Theology, Church, and Ministry in a Chinese Seminary
 Peter L. H. Tie, Kevin S. Chen, 2024-10-21 A perennial challenge for theological education is the integration of what is learned in the classroom with students church life and ministry Is there a connection How can greater connection be fostered Many seminaries earnestly wrestle with these questions Whereas some of the underlying issues are common to all seminaries others are influenced by the cultural context in which theological education church life and ministry take place In addition to cultural factors the history, lifestyle and current state of the church and of theological education are different in each context The integration of theology church and ministry is crucial to the effectiveness of a Chinese seminary The great need for theological education for Chinese Christian leaders has rightly been sounded and should continue to be but simultaneously seminaries must think seriously about how to promote quality theological education Beginning with a programmatic article by Dr David Dockery a leading proponent for effective integration this book represents the efforts and reflection of experienced scholar practitioners who work out a vision for integration in the context of a diaspora Chinese seminary in San Jose California

Pastor Paul (Theological Explorations for the Church Catholic) Scot McKnight, 2019-09-03 Being a pastor is a complicated calling Pastors are often pulled in multiple directions and must become all things to all people 1 Cor 9:22 What does the New Testament say or not say about the pastoral calling And what can we learn about it from the apostle Paul According to popular New Testament scholar Scot McKnight pastoring must begin first and foremost with spiritual formation which plays a vital role in the life and ministry of the pastor As leaders pastors both create and nurture culture in a church The biblical vision for that culture is Christoformity or Christlikeness Grounding pastoral ministry in the pastoral praxis of the apostle Paul McKnight shows that nurturing Christoformity was at the heart of the Pauline mission The pastor's central calling then is to mediate Christ in everything McKnight explores seven dimensions that illustrate this concept friendship siblings generosity storytelling witness subverting the world and wisdom as he calls pastors to be conformed to Christ and to nurture a culture of Christoformity in their churches
