Impeach The President The Case Against Bush And Cheney:

Impeach the President Dennis Loo, Peter Phillips, 2011-01-04 This brilliantly argued and wonderfully written collection by twenty two of the best political analysts in the US analyzes the extraordinary and unprecedented threat the White House and its allies present to civil liberties civil rights the Constitution international law and the future of the planet Impeach the President unearths the stories behind election fraud in 2000 and 2004 the overt lies used to justify pre emptive war on Iraq the extensive ongoing commission of war crimes and torture the tragic failures in the lead up to and aftermath of Hurricane Katrina and lesser known but equally alarming offences of propaganda and disinformation illegal spying environmental destruction and the violation of the separation of church and state Loo and Phillips chillingly reveal the full threat behind the radical right wing force that has taken over the world s most powerful office The Age of Impeachment David E.

Kyvig, 2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use **The Challenge of the American**

Presidency Philip Abbott, 2011-09-16 According to Niccolo Machiavelli leaders must always be prepared for unexpected change sometimes rapidly and in violent and dramatic forms in order to retain control of their fate Philip Abbott applies this insight to U S presidents He identifies six major periods of change in the political economic and international sphere and examines how presidents from Washington to Obama responded to new challenges How presidents are elected how they are expected to govern how the economy functions and what place the nation holds in the international system create general rules that presidents must acknowledge until an alteration in one or more of these patterns changes The author maintains that in the American presidency the difference between success and failure rests with how effectively a president reacts to the changes within these systems during his term in office Organized chronologically this text focuses on high risk decisions presidents have made from George Washington s issuance of the Neutrality Proclamation to Obama s promotion of health care legislation This edition includes new material on the presidencies of George W Bush and Barack Obama as well as updated bibliographical entries The Challenge of the American Presidency will be of interest to those who teach courses in political science history and American Studies as well as to the those who are interested in assessing and comparing U S presidents Censored 2008 Peter Phillips, Andrew Roth, Project Censored, 2011-01-04 The yearly volumes of Censored in
