Teaching New Literacies in Grades K-3 Barbara Moss,Diane Lapp,2009-11-30 Even the youngest readers and writers in today s classrooms can benefit enormously from engagement with a wide range of traditional and nontraditional texts This teacher friendly handbook is packed with creative strategies for introducing K 3 students to fiction poetry and plays informational texts graphic novels digital storytelling Web based and multimodal texts hip hop advertisements math problems and many other types of texts Prominent authorities explain the research base underlying the book s 23 complete lessons and provide practical activities and assessments for promoting decoding fluency comprehension and other key literacy skills Snapshots of diverse classrooms bring the material to life helpful reproducibles are included

Essential Competencies for English-medium University Teaching Ruth Breeze,Carmen Sancho Guinda,2016-10-06 As English gains prominence as the language of higher education across the world many institutions and lecturers are becoming increasingly concerned with the implications of this trend for the quality of university teaching and learning With an innovative approach in both theme and scope this book addresses four major competencies that are essential to ensure the effectiveness of English medium higher education creativity critical thinking autonomy and motivation It offers an integrated perspective both theoretical and practical which defines these competences from different angles within ELT and Applied Linguistics while also exploring their points of contact and applications to classroom routines This approach is intended to provide practical guidance and inspiration in the form of pedagogical proposals examples of teaching practice and cutting edge research by scholars and university teachers from all over the world To that end a leading specialist in the field introduces each of the four competencies explaining concepts accessibly and synthetically exposing false myths presenting an updated state of the art and opening windows for future studies These introductions are followed by practitioner chapters written by teachers and scholars from different cultures and university contexts who reflect on their experience and or research and share effective procedures and

suggestions for the university class with English as a vehicle for instruction Teaching New Literacies in Grades 4-6
 Barbara Moss, Diane Lapp, 2009-11-23 Upper elementary students encounter a sometimes dizzying array of traditional and nontraditional texts both in and outside of the classroom This practical handbook helps teachers in grades 4-6 harness the instructional potential of fiction poetry and plays informational texts graphic novels digital storytelling Web based and multimodal texts hip hop advertisements math problems and many other types of texts Twenty four complete lessons promote critical literacy skills such as comprehending analyzing and synthesizing information and using writing to communicate new ideas and pose questions Snapshots of diverse classrooms are accompanied by clear explanations of the research base for instruction in each genre Ready to use reproducibles are included *Writing Without Boundaries* Suzette Youngs, Diane M. Barone, 2007 Research and experience show that when teachers give children choice in what they write about students engagement in their writing increases So imagine what can happen when you offer them choices about what genres to write in and what kinds of voices to write from The possibilities are unlimited and the strength and depth of the connection that students make to a subject can be profound In *Writing Without Boundaries* you will find out how to unlock this potential in all your students as they discover what it means to write with purpose *Writing Without Boundaries* gives you everything you need to get started teaching multigenre writing Suzette Youngs and Diane Barone demonstrate why it works providing the rationale the research and examples of completed student work Then they take you inside classrooms to show how they and other teachers implement multimodal papers and how these lessons in topic selection organization audience planning and presentation will forever change how primary and intermediate students approach writing You will discover how the writing workshop model can help you coordinate the efforts of your whole class even while you support each student in selecting from more than 60 genres to communicate their interests Best of all *Writing Without Boundaries* includes classroom tested units of study that use multigenre writing to enhance and extend your curriculum across the disciplines These units give students the chance to explore content from several perspectives as they write and speak from the point of view of historical figures compose biographies of famous or personally meaningful figures investigate historical situations respond to literature With its emphasis on choice voice and audience *Writing Without Boundaries* cultivates students familiarity with genres while also helping them understand how real world readers and writers communicate through genre and how a single topic can be seen and written about from many many perspectives Show students the power of combining genres Read *Writing Without Boundaries* and open them up to a new world of possibilities **The British National**
Bibliography Arthur James Wells, 2006 Choice , 2007 *American Book Publishing Record* , 2005 **Engaging**
Students in Academic Literacies María Estela Brisk, 2022-12-12 The second edition of this important and practical text provides specific information to guide teachers in planning and carrying out genre writing instruction in English for K-8 students within the content areas Informed by systemic functional linguistics SFL a framework conducive to instruction that
