said Kathleen with enthusiasm and the crabs and starfish and prawns and the yellow periwinkles and all the common objects of the seashore We ll stand it in the window Mavis added it ll make the lodgings look so distinguished And then perhaps some great scientific gentleman like Darwin or Faraday will see it as he goes by and it will be such a joyous surprise to him to come face to face with our jellyfish he ll offer to teach Francis all about science for nothing I see said Kathleen hopefully But how will you get it to the seaside Bernard asked leaning his hands on the schoolroom table and breathing heavily into the aquarium so that its shining sides became dim and misty It s much too big to go in the boxes you know Then I ll carry it said Francis it won t be in the way at all I carried it home today We had to take the bus you know said truthful Mavis and then I had to help you I don t believe they ll let you take it at all said Bernard if you know anything of grown ups you will know that Bernard proved to be quite right Take an aquarium to the seaside nonsense they said And What for not waiting for the answer They just at present was Aunt Enid To be continue in this ebook [Biblical Folklore](#) Daniel Vincent,2007 This book takes a new Book at the Bible and its people from the dimension of its folk elements **The Complete Idiot's Guide to Magic Tricks** Tom Ogden,1998-11-01 Presents step by step instructions for performing hundreds of tricks provides tips on establishing a stage presence and offers methods and styles of master magicians *The 3CW Encyclopedia* James Dixon, **Now You See it** ,1946
