

LINES IN THE SAND

Justice
and the
Gulf War

*With a foreword by
Major General
Kermit D. Johnson
(retired),
former chief of
Army chaplains*

ALAN GEYER AND
BARBARA G. GREEN

Lines In The Sand Justice And The Gulf War

Brian Orend

Lines In The Sand Justice And The Gulf War:

Lines in the Sand Alan F. Geyer, Barbara Graham Green, 1992-01-01 Focuses on the moral issues surrounding the Persian Gulf War and examines the limits of the just war tradition for dealing with issues of war and peace Gender, Justice, and the Wars in Iraq Laura Sjoberg, 2006-01-01 Gender Justice and the Wars in Iraq offers a feminist critique and reconstruction of just war theory It points out gender biases in the just war tradition and suggests alternative jus ad bellum and jus in bello standards that emphasize women political marginality and empathy Laura Sjoberg applies this feminist just war theory to analyze the wars in Iraq since the end of the Cold War the First Gulf War the war of sanctions and the Second Gulf War By examining international political discourse from and about Iraq it shows where war generally and just war specifically are gendered Through the stories of key just war characters like Jessica Lynch this book reveals where women are omitted and subordinated in global politics Sjoberg suggests that dialogue and empathy replace righteousness in just war thinking for the good of human safety everywhere and concludes with alternative visions of Gulf War policies inspired by feminist just war theory Michael Walzer on War and Justice Brian Orend, 2001-03-01 In Michael Walzer on War and Justice Brian Orend offers the first clear and comprehensive look at Walzer's entire body of work He deals with controversial subjects from bullets blood and bombs to the distribution of money political power and health care and surveys both the national and the international fields of justice This is an important book that provides a thought provoking and critical look at some of the most pressing and controversial topics of our time **Moral Constraints on War** Bruno Coppieters, N. Fotion, 2008-01-01 This second edition of Moral Constraints on War offers a principle by principle presentation of the trans cultural roots of the ethics of war in an age defined by the increasingly international nature of military intervention Parts one and two trace the evolution of Just War Theory analyzing the principles of jus ad bellum and jus in bello the principles that determine under what conditions a war may be started and then conducted Each chapter provides a historical background of the principle under discussion an explanation of the principle and numerous historical examples of its application In Part three case studies apply the theories discussed to NATO's humanitarian mission in Kosovo terrorism and the Iraq War Bringing together an international coterie of philosophers and political scientists this accessible and practical guide offers students of military ethics and international relations rich up to the minute insight into the pluralistic character of Just War Theory *War and International Justice* Brian Orend, 2010-10-30 Can war ever be just By what right do we charge people with war crimes Can war itself be a crime What is a good peace treaty Since the Cold War ended in the early 1990s many wars have erupted inflaming such areas as the Persian Gulf Central Africa and Central Europe Brutalities committed during these conflicts have sparked new interest in the ethics of war and peace Brian Orend explores the ethics of war and peace from a Kantian perspective emphasizing human rights protection the rule of international law and a fully global concept of justice Contending that Kant's just war doctrine has not been given its due Orend displays Kant's theory to its fullest

impressive effect He then completely and clearly updates Kant's perspective for application to our time Along the way he criticizes pacifism and realism explores the nature of human rights protection during wartime and defends a theory of just war He also looks ahead to future developments in global institutional reform using cases from the Persian Gulf War Somalia Bosnia and Rwanda to illustrate his argument Controversial and timely perhaps the most important contribution War and International Justice A Kantian Perspective makes is with regard to the question of justice after war Orend offers a principled theory of war termination making an urgent plea to reform current international law **The Persian Gulf War** Alexander Cruden, 2011-05-04 This volume introduces and provides a brief overview of major factors that contributed to the Persian Gulf War in the Middle East Then it offers an in depth multinational perspective on the controversies surrounding the war the current implications and long lasting effects Essays are compiled from a variety of sources and are carefully edited and introduced to provide context for readers unfamiliar with this war The last chapter presents readers with compelling first person narratives of people who lived through the Persian Gulf War and those who were directly impacted by it An Ethical Compass , 2010-11-09 Offers essays on Bosnia the genocide in Rwanda sweatshops and globalization and the political obligations of the mothers of Argentina's Disappeared In this book readers may be fascinated by the ways in which essays on conflict conscience memory illness essay on AIDS and God overlap and resonate with one another *Wise as Serpents, Innocent as Doves* Keith Graber Miller, 1996 In July 1968 the Mennonite Central Committee MCC opened an office in Washington D C for monitoring the actions of the federal government's various branches Given American Mennonites long history of noninvolvement in political affairs this shift toward engagement was dramatic indeed In this in depth study Keith Graber Miller shows how the church's distinctive traditions of pacifism humility and service have informed and shaped the nature of its activities in Washington Graber Miller argues that Mennonites have both influenced the national policymaking debate and have themselves been influenced by their increasing exposure to it Wise As Serpents Innocent as Doves not only explores the twentieth century transformations among American Mennonites but illuminates the larger issues of religious lobbying in the nation's capital Graber Miller suggests that the Mennonites have helped redefine what it means to be a lobbyist Because the Mennonites numbers are too few to make them a politically significant force he argues their only credibility in Washington lies in an astute and accurate analysis of how the world is and in the integrity of their witness to the truth as they see it BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

From the Eye of the Storm , 2022-07-04 From the Eye of the Storm Regional Conflicts and the Philosophy of Peace presents to the reader a cross section of an emerging field of study the philosophy of peace The editors bring together articles that explore the philosophic implications of many recent regional conflicts Reflecting the diversity and vitality and any new field of study this volume contains five sections Conceptual Foundations America's Homefront Desert Storm Assessments Jihad Intifada and Other Mideast Concerns and Latin American Issues The topics of the articles include war

militarism patriotism nationalism nonviolence conscientious objection feminist peace the media the ethics of the Gulf War the Israeli Palestinian conflict Islamic pacifism and Latin American resistance A concluding postscript assesses prospects for achieving peace and change within our fast changing international scene This volume has an extensive bibliography of writings concerning peace and conflict and is suited to professional and student audiences *The Morality of War - Second Edition* Brian Orend, 2013-09-10 The first edition of *The Morality of War* was one of the most widely read and successful books ever written on the topic In this second edition Brian Orend builds on the substantial strengths of the first adding important new material on cyber warfare drone attacks the wrap up of Iraq and Afghanistan conflicts in Libya and Syria and protracted struggles like the Arab Israeli conflict Updated and streamlined throughout the book offers new research tools and case studies while keeping the winning blend of theory and history featured in the first edition This book remains an engaging and comprehensive examination of the ethics and practice of war and peace in today's world **The Morality of War** Brian Orend, 2006-06-16 Brian Orend's *The Morality of War* promises to become the single most comprehensive and important book on just war for this generation It moves far beyond the review of the standard just war categories to deal comprehensively with the new challenges of the conflict with terrorism It thoughtfully reviews every major military conflict of the past few decades mining them for implications of the evolving tradition of just war thinking It concludes with a critical engagement with the major alternatives to just war thinking pacifism and realism It is in short the most comprehensive and thoughtful assessment of all aspects of just war since Michael Walzer's classic *Just and Unjust Wars* Martin L Cook United States Air Force Academy **Modern Just War Theory** Michael P. Farrell, 2013-06-20 Contributions to Illuminations A Scarecrow Press Series of Guides to Research in Religion provide students and scholars lay readers and clergy with a road map to research in key areas of religious study All commonly constructed with introductions to the topic and reviews of key thinkers concepts and events each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic Focusing primarily on the knowledge required by today's students and scholars each guide is a must have for any student of religion The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo Anabaptists and Niebhurians Meanwhile proponents of Christian just war theory had to address challenges from competing ideologies as well as those presented by the changing nature of warfare Modern Just War Theory A Guide to Research by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory helping them navigate the wealth of just war literature produced in the twentieth and twenty first centuries Farrell's guide provides an introduction to the major developments of just war theory in the twentieth century including sections on how to research just war theory an overview of some of the most important

theorists and developments of the twentieth century and discussions of key search terms and related topics Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories Modern Just War Theory will appeal to students and scholars of theology military history international law and Christian ethics

Casuistry and Modern Ethics Richard B. Miller,1996-11 Did the Gulf War defend moral principle or Western oil interests Is violent pornography an act of free speech or an act of violence against women In *Casuistry and Modern Ethics* Richard B Miller sheds new light on the potential of casuistry case based reasoning for resolving these and other questions of conscience raised by the practical quandaries of modern life Rejecting the packaging of moral experience within simple descriptions and inflexible principles Miller argues instead for identifying and making sense of the ethically salient features of individual cases Because this practical approach must cope with a diverse array of experiences Miller draws on a wide variety of diagnostic tools from such fields as philosophy of science legal reasoning theology literary theory hermeneutics and moral philosophy Opening new avenues for practical reasoning Miller s interdisciplinary work will challenge scholars who are interested in the intersections of ethics and political philosophy cultural criticism and debates about method in religion and morality

Saddam's War of Words Jerry M. Long,2009-08-17 From a Western perspective the Persian Gulf War of 1990 1991 largely fulfilled the first President Bush s objective In out do it do it right get gone That s the message But in the Arab world the causes and consequences of Saddam Hussein s invasion of Kuwait and his subsequent defeat by a U S led coalition were never so clear cut The potent blend of Islam and Arab nationalism that Saddam forged to justify the unjustifiable his invasion of a Muslim state gained remarkable support among both Muslims and Arabs and continued to resonate in the Middle East long after the fighting ended Indeed as this study argues in passing it became a significant strand in the tangled web of ideologies and actions that led to the attacks of 9 11 This landmark book offers the first in depth investigation of how Saddam Hussein used Islam and Arab nationalism to legitimate his invasion of Kuwait in the eyes of fellow Muslims and Arabs while delegitimizing the actions of the U S led coalition and its Arab members Jerry M Long addresses three fundamental issues how extensively and in what specific ways Iraq appealed to Islam during the Kuwait crisis how elites Islamists and the elusive Arab street both in and out of the coalition responded to that appeal and why they responded as they did and the longer term effects that resulted from Saddam s strategy

Champions of the Poor Barend A. DeVries,1998-03-01 Barend A de Vries a distinguished international economist examines the economic roots of poverty the actions that can be taken to eradicate it and the ethical case for integrating the poor into the mainstream of society De Vries applies Judeo Christian ethics in particular the values of social justice and compassion for the poor to the problem of poverty in both the United States and in developing countries Bringing together the insights of economics and ethicists he considers both the economic feasibility of religious views regarding the eradication of poverty and the ethical aspects of economic

programs He analyzes the poverty of women resulting from discrimination the impact of environmental degradation on the poor the allocation of funding to military rather than social programs and the implications of the enormous debts incurred by poor countries In addressing these conditions he demonstrates the pressing need for action on both economic and ethical grounds Champions of the Poor offers an unbiased presentation of the ethical positions taken by Jews Catholics mainline Protestants and Evangelicals and stresses the need for all social sectors religious and secular business labor and government to work together to eradicate poverty By reassessing poverty from these seemingly disparate approaches it seeks to bring us closer to solving this age old problem Moral Constraints on War Carl Ceulemans, Bruno Coppieters, Nicholas

Fotion, 2020-01-30 This third edition of *Moral Constraints on War* offers a principle by principle presentation of the ethics of war as is found in the age old tradition of the Just War Parts one and two trace the evolution of Just War Theory analyzing the principles of *jus ad bellum* and *jus in bello* the principles that determine the conditions under which it is just to start a war and then conduct military operations Each chapter provides a historical background of the principle under discussion and an in depth analysis of its meaning More so than in the previous editions there is a special focus on the transcultural nature of the principles Besides theoretical clarifications each of the principles is also put to the test with numerous historical and contemporary examples In Part three Just War Theory is applied in three specific case studies the use of the atomic bomb against Japan in World War II the Korean War 1950-53 and the use of armed drones in the war on terror Bringing together an international coterie of philosophers and political scientists this accessible and practical guide offers both students of military ethics and of international relations rich up to date insights into the pluralistic character of Just War Theory

Orthodox Christianity and Contemporary Europe Jonathan Sutton, William Peter van den Bercken, 2003 This volume contains selected papers presented at a conference on Orthodox Christianity and its contemporary European setting The conference was held in England at the University of Leeds in June 2001 and drew together historians theologians philosophers specialists in theological education and political scientists Countries with an Orthodox Christian history were well represented as well as Orthodoxy in the diaspora and other Christian confessions by representatives from Western Europe and the United States and Canada The coherence of Orthodox Christianity and contemporary threats to its coherence formed one main strand for reflection but discussion also broadened out to consider the nature of religious tradition as such Part I of the collection brings together papers on such matters as identity nationalism globalization human rights discourse ecumenical dialogue and competing interpretations of what it means to be European Part II focuses on Orthodox Christianity in Russia and Part III on the traditionally Orthodox countries of Armenia Bulgaria Greece Romania Serbia and Ukraine The present collection is meant as a contribution to further reflection on Orthodox identity and relationship between Christianity and culture in Europe at the beginning of the twenty first century *Religious Perspectives on War* David R. Smock, 2002 If when why and how to fight a war In the case of the Gulf War that debate encompassed three faiths Christianity Islam and

Judaism and the debate has acquired new dimensions in the aftermath of the September 11 attacks and the war on terrorism In this volume Jews Muslims and Christians with very diverse views address such issues as the just war doctrine explaining their differences and finding often surprising common ground This new edition reprints the full text of the first edition A new preface describes the differences and similarities between the Gulf War and the war against al Qaeda Taliban Also included is an introduction explaining the just war doctrine a glossary of terms and an expanded and updated Suggestions for Further Reading

When War Is Unjust, Second Edition John Howard Yoder, 2001-10-10 Can a war really be considered just If so which wars and under what circumstances If not why not When War is Unjust provides a systematic exploration of these questions for students of ethics Christian doctrine and history For centuries the just war tradition has been the dominant framework for Christian thinking about organized conflict This tradition sets a number of specific conditions which must be satisfied before a particular war can termed just and therefore supportable by the faithful Christians John Howard Yoder himself a pacifist approaches the just war theory on its own terms His purpose to introduce the student to this just war tradition and to offer a critical framework for evaluating its tenets and applying them to real conflicts When War is Unjust takes the just war tradition seriously and holds its proponents accountable in a critical debate about when if ever war can be justified It is a readable and thought provoking primer on the history criteria and application of just war teaching in Christian churches

War Crimes Trials and Investigations Jonathan Waterlow, Jacques Schuhmacher, 2018-01-31 This book represents the first multi disciplinary introduction to the study of war crimes trials and investigations It introduces readers to the numerous disciplines engaged with this complex subject including Forensic Anthropology Economics and Anthropometrics Legal History Violence Studies International Criminal Justice International Relations and Moral Philosophy The contributors are experts in their respective fields and the chapters highlight each discipline s major trends debates methods and approaches to mass atrocity genocide and crimes against humanity as well as their interactions with adjacent disciplines Case studies illustrate how the respective disciplines work in practice including examples from the Allied Hunger Blockade WWII the Guatemalan and Spanish Civil Wars the Former Yugoslavia and Uganda Including bibliographical essays to offer readers crucial orientation when approaching the specialist literature in each case this edited collection equips readers with what they need to know in order to navigate a complex and until now deeply fragmented field A diverse and interdisciplinary body of research this book will be indispensable reading for scholars of war crimes
