Kritika: Essays on Intellectual Property

Peter Drahos, Gustavo Ghidini, Hanns Ullrich, 2015-09-25 The field of intellectual property has broadened and deepened in so many ways and at such pace that there is a tendency for academic commentators to focus on the next new thing or to react immediately to judicial developments rather than to reflect more deeply on the greater themes of the discipline The Kritika Essays on Intellectual Property series is a series of books that are designed to fulfill this role by creating a forum for essays that take a critical long term approach to the field of intellectual property Breaking down the barriers of specialization and laying the foundation for an emergent critical scholarship this first book in the series brings together the leading scholars in the field to reflect deeply on the current state and future of their discipline

Nomads and Soviet Rule Alun Thomas,2018-06-14 The nomads of Central Asia were already well accustomed to life under the power of a distant capital when the Bolsheviks fomented revolution on the streets of Petrograd Yet after the fall of the

Tsar the nature ambition and potency of that power would change dramatically ultimately resulting in the near eradication of Central Asian nomadism Based on extensive primary source work in Almaty Bishkek and Moscow Nomads and Soviet Rule charts the development of this volatile and brutal relationship and challenges the often repeated view that events followed a linear path of gradually escalating violence Rather than the sedentarisation campaign being an inevitability born of deep rooted Marxist hatred of the nomadic lifestyle Thomas demonstrates the Soviet state s treatment of nomads to be far more complex and pragmatic He shows how Soviet policy was informed by both an anti colonial spirit and an imperialist impulse by nationalism as well as communism and above all by a lethal self confidence in the Communist Party s ability to transform the lives of nomads and harness the agricultural potential of their landscape This is the first book to look closely at the period between the revolution and the collectivisation drive and offers fresh insight into a little known aspect of early Soviet history In doing so the book offers a path to refining conceptions of the broader history and dynamics of the Soviet project in this key period

Gleaning for Communism Xenia A. Cherkaev,2023-07-15 Gleaning for Communism is a historical ethnography of the property regime upon which Soviet legal scholars legislated a large modern state as a

household with guaranteed rights to a commons of socialist property rather than private possessions Starting with former Leningrad workers everyday stories about smuggling industrial scrap home over factory fences Xenia Cherkaev traces collectivist ethical logic that was central to this socialist household economy in theory and practice from its Stalin era inception through Khrushchev's major foregrounding of communist ethics to Gorbachev's perestroika which unfurled its grounding tension between the interests of any given collective and of the socialist household economy itself A story of how the socialist household economy functioned how it collapsed and how it was remembered this book is haunted throughout by a spectral image of the totalitarian state whose jealous political control over the economy leads it to trample over all that which ought to be private Underlying this image and the neoliberal state phobia it justified is the question of how individual interests ought to relate to the public good in a large modern society which it is assumed cannot possibly function by the non private logics of householding This book tells the story of a large modern society that did
