

DESCRIBING FOOD

Describing food is not as easy as it would seem. How many ways can you say something was really tasty? Not enough to keep you interested in what you are writing. That is why we have to borrow words from other areas to describe the food and the effect it has on us.

You can compare a dish to a picture, a sports game, a musical performance or give it personality. Describe its sunny or somber mood, shyness, assertiveness, or contradiction of flavors. Knowing the words for describing tastes and flavors will help you to find the right adjective in other areas.

DESCRIBING TASTE AND FLAVOR

Acerbic is anything sour, bitter or sharp - cutting, caustic, acid, mordant, barbed, prickly, biting, pointed. The opposite flavor would be mild, sweet, or honeyed.

Acid or Acidic food can be sharp, tart, sour, bitter. Just the opposite of sweet, sugary, honey.

Acrid taste can be considered pungent, bitter, choking, sharp, unpleasant, harsh - sharp, cutting, caustic, bitter, vitriolic, mordant, trenchant - sour, tart, sharp, biting, acerbic.

Aftertaste is the trace, hint, smack, relish, savor food leaves behind.

Ambrosia is the food of the gods, and epicurean delight, food fit for a king, delicacy, heavenly spread, gastronomical delight, some apply this term to the pièce de résistance in a meal.
